Merle Haggard enjoyed numerous artistic and professional triumphs, including more than a hundred country hits (thirty-eight at number one), dozens of studio and live album releases, upwards of ten thousand concerts, induction into the Country Music Hall of Fame, and songs covered by artists as diverse as Lynryd Skynyrd, Elvis Costello, Tammy Wynette, Bobby "Blue" Bland, Willie Nelson, the Grateful Dead, and Bob Dylan. In *The Running Kind*, a new edition that expands on his earlier analysis and covers Haggard's death and afterlife as an icon of both old-school and modern country music, David Cantwell takes us on a revelatory journey through Haggard's music and the life and times out of which it came. Covering the breadth of his career, Cantwell focuses especially on the 1960s and 1970s, when Haggard created some of his best-known and most influential music: songs that helped invent the America we live in today. Listening closely to a masterpiece-crowded catalogue (including "Okie from Muskogee," "Sing Me Back Home," "Mama Tried," and "Working Man Blues," among many more), Cantwell explores the fascinating contradictions—most of all, the desire for freedom in the face of limits set by the world or self-imposed—that define not only Haggard's music and public persona but the very heart of American culture.

They flew low and slow, at treetop level, at night, in monsoons, and in point-blank range of enemy guns and missiles. They were missions no one else wanted, but the ones all other pilots prayed for when shot down. Flying the World War II-vintage Douglas A-1 Skyraider, a single-engine, propeller-driven relic in a war of "fast-movers," these intrepid US Air Force pilots, call sign Sandy, risked their lives with every mission to rescue thousands of downed Navy and Air Force pilots. With a flashback memory and a style all his own, George J. Marrett depicts some of the most dangerous aerial combat of any war. The thrilling rescue of "Streetcar 304" and William Jones's selfless act of heroism that earned him the Medal of Honor are but two of the compelling tales he recounts. Here too are the courages Jolly Green Giant helicopter crews, parajumpers, and forward air controllers who worked with the Sandys over heavily defended jungles and mountains well behind enemy lines. Passionate, mordantly witty, and filled with heart-pounding adrenaline, *Cheating Death* reads like the finest combat fiction, but it is the real deal: its heroes, cowards, jokers, and casualties all have names and faces readers will find difficult to forget.

*Is the Death Penalty Dying?* provides a careful analysis of the historical and political conditions that shaped death penalty practice on both sides of the Atlantic from the end of World War II to the twenty-first century. This book examines and assesses what the United States can learn from the European experience with capital punishment, especially the trajectory of abolition in different European nations. As a comparative sociology and history of the present, the book seeks to illuminate the way death penalty systems and their dissolution work, by means of eleven chapters written by an interdisciplinary group of authors from the United States and Europe. This work will help readers see how close the United States is to ending capital punishment and some of the cultural and institutional barriers that stand in the way of abolition.

Our Hearts Are Restless Till They Find Their Rest in Thee Hal Leonard Corporation

The years from about 1950 to 1970 were the golden age of twang. Country music's giants all strode

the earth in those years: Hank Williams and Johnny Cash, George Jones and Merle Haggard, Loretta Lynn and Tammy Wynette. And many of the standards that still define country were recorded then: "Folsom Prison Blues," "Your Cheatin' Heart," "Mama Tried," "Stand by Your Man," and "Coal Miner's Daughter." In *Sing Me Back Home*, Dana Jennings pushes past the iconic voices and images to get at what classic country music truly means to us today. Yes, country tells the story of rural America in the twentieth century—but the obsessions of classic country were obsessions of America as a whole: drinking and cheating, class and the yearning for home, God and death. Jennings, who grew up in a town that had more cows than people when he was born, knows all of this firsthand. His people lived their lives by country music. His grandmothers were honky-tonk angels, his uncles men of constant sorrow, and his father a romping, stomping hell-raiser who lived for the music of Carl Perkins, Jerry Lee Lewis, and the other rockabilly hellions. *Sing Me Back Home* is about a vanished world in which the Depression never ended and the sixties never arrived. Jennings uses classic country songs to explain the lives of his people, and shows us how their lives are also ours—only twangier.

*Ghostwriting* provides the first comprehensive analysis of the fictional prose narratives of one of contemporary Germany's most recognized authors, the émigré writer W. G. Sebald. Examining Sebald's well-known published texts in the context of largely unknown unpublished works, and informed by documents and information from Sebald's literary estate, this book offers a detailed portrait of his characteristic literary techniques and how they emerged and matured out of the practices and attitudes he represented in his profession as a literary scholar. The title "Ghostwriting" signals the convergence in Sebald's works of a set of diverse historical questions, philosophical views, and literary practices. Many historical ghosts haunt Sebald's narratives on the level of story. Moreover, Sebald's narrator plays the role of a ghostwriter in the profound sense that his stories fictionally re-enact the histories of obscure, but once-living individuals whose lives they revitalize, and whose fates are tied up with the most virulent historical conjunctures of the modern world. This study thus seeks to comprehend the constitutive elements of Sebald's "poetics of history," his implementation of literary tools for effective historical memorializing.
