Harper Collins "The Mysterious Affair at Styles" is a detective novel by Agatha Christie. It was written in the middle of World War I, in 1916, and first published by John Lane in the United States in October 1920 and in the United Kingdom by The Bodley Head on 21 January 1921. Styles was Christie's first published novel, introducing Hercule Poirot, Inspector (later, Chief Inspector) Japp, and Arthur Hastings. The story is told in first person by Hastings and features many of the elements that have become icons of the Golden Age of Detective Fiction, largely due to Christie's influence. It is set in a large, isolated country manor. There are a half-dozen suspects, most of whom are hiding facts about themselves. The book includes maps of the house, the murder scene, and a drawing of a fragment of a will, as well as a number of red herrings and surprise plot twists. "The Secret Adversary" is a work of detective fiction by Agatha Christie, first published in the United Kingdom by The Bodley Head in January 1922. The book introduces the characters of Tommy and Tuppence who feature in three other Christie books and one collection of short stories written throughout her writing career. <i>Tales of Mystery and Imagination</i> HarperCollins As seen on ID, these two true-crime thrillers follow a neighbors' quarrel that turns violent and cyber-bullying that explodes in a double murder. Bodies from the Library: Lost Tales of Mystery and Suspense by Agatha Christie and other Masters of the Golden Age Dramatic Publishing In this "superb" thriller, Detective Harry Bosch links the bullet from a recent crime to the unsolved killing of a young female photographer during the 1992 L.A. riots (Wall Street Journal). In a case that spans 20 years, Harry Bosch links the bullet from a recent crime to a file from 1992, the killing of a young female photographer during the L.A. riots. Harry originally investigated the murder, but it was then handed off to the Riot Crimes Task Force and never solved. Now Bosch's ballistics match indicates that her death was not random violence, but something more personal, and connected to a deeper intrigue. Like an investigator combing through the wreckage after a plane crash, Bosch searches for the "black box," the one piece of evidence that will pull the case together. Riveting and relentlessly paced, The Black Box leads Harry Bosch, "one of the greats of crime fiction" (New York Daily News), into one of his most fraught and perilous cases. <i>The Outsiders</i> Little, Brown Books for Young Readers A European trading concern hires Marlow to pilot a boat up the Congo River in search of Kurtz—a first-class ivory agent and the manager of the company’s highly profitable Inner Station—who is believed to be on his deathbed. With a handful of pilgrims as his passengers and a crew of cannibals, Marlow steams his way into the African interior. The terrifying discovery he makes at the end of his journey and the horrors he witnesses along the way have thrilled and disturbed readers for more than a century. A searing indictment of imperialism and a haunting exposé of mankind’s savage nature, Heart of Darkness is Joseph Conrad’s masterpiece. This ebook has been professionally proofread to ensure accuracy and readability on all devices. Heart of Darkness is a classic of world literature. The book tells a story about a voyage up the Congo River into the Congo Free State, in the heart of Africa. Marlow, the story’s narrator, tells his story to friends aboard a
boat anchored on the River Thames, London, England. This setting provides the frame for Marlow's story of his obsession with the ivory trader Kurtz, which enables Conrad to create a parallel between London and Africa as places of darkness. Central to Conrad's work is the idea that there is little difference between so-called civilized people and those described as savages; Heart of Darkness raises important questions about imperialism and racism. Joseph Conrad acknowledged that Heart of Darkness was in part based on his own experiences during his travels in Africa. In 1890, at the age of 32, he was appointed by a Belgian trading company to serve as the captain of a steamer on the Congo River. Joseph Conrad (1857-1924), was a Polish author who wrote in English after settling in England. Conrad is regarded as one of the greatest novelists in English, though he did not speak the language fluently until he was in his twenties. He wrote stories and novels, often with a nautical setting, that depict trials of the human spirit in the midst of an indifferent universe. He was a master prose stylist who brought a distinctly non-English tragic sensibility into English literature. When editor Susan Ryeland is given the manuscript of Alan Conway’s latest novel, she has no reason to think it will be much different from any of his others. After working with the bestselling crime writer for years, she’s intimately familiar with his detective, Atticus Pünd, who solves mysteries disturbing sleepy English villages. An homage to queens of classic British crime such as Agatha Christie and Dorothy Sayers, Alan’s traditional formula has proved hugely successful. So successful that Susan must continue to put up with his troubling behavior if she wants to keep her job. Conway’s latest tale has Atticus Pünd investigating a murder at Pye Hall, a local manor house. Yes, there are dead bodies and a host of intriguing suspects, but the more Susan reads, the more she’s convinced that there is another story hidden in the pages of the manuscript: one of real-life jealousy, greed, ruthless ambition, and murder. Masterful, clever, and relentlessly suspenseful, Maggie Murders is a deviously dark take on vintage English crime fiction in which the reader becomes the detective. Murder Thy Neighbor Delacorte Press Sir Charles Cartwright should have known better than to allow thirteen guests to sit down for dinner. For at the end of the evening one of them is dead—choked by a cocktail that contained no trace of poison. Predictable, says Hercule Poirot, the great detective. But entirely unpredictable is that he can find absolutely no motive for murder.... <i>Murder on the Orient Express</i> HarperCollins UK When wealthy spinster Emily French is found murdered, suspicion falls on Leonard Vole, the man to whom she hastily bequeathed her riches before she died. Leonard assures the investigators that his wife, Romaine Heilger, can provide them with an alibi. However, when questioned, Romaine informs the police that Vole returned home late that night covered in blood. During the trial, Ms. French’s housekeeper, Janet, gives damning evidence against Vole, and, as Romaine’s cross-examination begins, her motives come under scrutiny from the courtroom. One question remains, will justice prevail? <i>Destination Unknown</i> Harper Collins The advanced technology of a house first pleases then increasingly terrifies its occupants.

The #1 True Crime Bestseller of All Time—7 Million Copies Sold In the summer of 1969, in Los Angeles, a series of brutal, seemingly random murders captured headlines across America. A famous actress (and her unborn child), an heiress to a coffee fortune, a supermarket owner and his wife were among the seven victims. A thin trail of circumstances eventually tied the Tate-LeBianca murders to Charles Manson, a would-be pop singer of small talent living in the desert with his "family" of devoted young women and men. What was his hold over them? And what was the motivation behind such savagery? In the public imagination, over time, the case assumed the proportions of myth. The murders marked the end of the sixties and became an immediate symbol of the dark underside of that era. Vincent Bugliosi was the prosecuting attorney in the Manson trial, and this book is his enthralling account of how he built his case from what a defense attorney dismissed as only "two fingerprints and Vince Bugliosi." The meticulous detective work with which the story begins, the prosecutor's view of a complex murder trial, the reconstruction of the philosophy Manson inculcated in his fervent followers...these elements make for a true crime classic. *Helter Skelter* is not merely a spellbinding murder case and courtroom drama but also, in the words of *The New Republic*, a "social document of rare importance." In the first place, there was the old standing trouble about the Shuwa Patrol; in the second, the truculent Chiboks were waxing insolent again, and their young men were regarding not the words of their elders concerning Sir Garnet Wolseley, and what happened, long, long ago, after the battle of Chibok Hill. Thirdly, the price of grain had risen to six shillings a saa, and famine threatened; fourthly, the Shehu and Shuwa sheiks were quarrelling again; and, fifthly, there was a very bad smallpox ju-ju abroad in the land (a secret society whose "secret" was to offer His Majesty's liege subjects the choice between being infected with smallpox, or paying heavy blackmail to the society). Lastly, there was acrimonious correspondence with the All-Wise Ones (of the Secretariat in "Aiki Square" at Zungeru), who, as usual, knew better than the man on the spot, and bade him do either the impossible or the disastrous. And across all the Harmattan was blowing hard, that terrible wind that carries the Saharan dust a hundred miles to sea, not so much as a sand-storm, but as a mist or fog of dust as fine as flour, filling the eyes, the lungs, the pores of the skin, the nose and throat; getting into the locks of rifles, the works of watches and cameras, defiling water, food and everything else; rendering life a burden and a curse. The fact, moreover, that thirty days' weary travel over burning desert, across oceans of loose wind-blown sand and prairies of burnt

grass, through breast-high swamps, and across unbridged boatless rivers, lay between him and Kano, added nothing to his satisfaction. For, in spite of all, satisfaction there was, inasmuch as Kano was rail-head, and the beginning of the first stage of the journey Home. That but another month lay between him and "leave out of Africa," kept George Lawrence on his feet. From that wonderful and romantic Red City, Kano, sister of Timbuktu, the train would take him, after a three days' dusty journey, to the rubbish-heap called Lagos, on the Bight of Benin of the wicked West African Coast. There he would embark on the good ship Appam, greet her commander, Captain Harrison, and sink into a deck chair with that glorious sigh of relief, known in its perfection only to those weary ones who turn their backs upon the Outposts and set their faces towards Home. Meantime, for George Lawrence--disappointment, worry, frustration, anxiety, heat, sand-flies, mosquitoes, dust, fatigue, fever, dysentery, malarial ulcers, and that great depression which comes of monotony indescribable, weariness unutterable, and loneliness unspeakable.
