American government is required for high school graduation in most of the United States, but most of us receive very little instruction on the contents of the United States Constitution itself. This study guide is designed to guide small groups in delving into the United States Constitution and discovering the original intent of the Founders. The guide will take you from the Mayflower Compact to the 27th Amendment of the United State Constitution, studying in depth the

original documents, interpreted by the words of the Founders themselves. Who were the signers of the Declaration of Independence and the United States Constitution? What is the proper jurisdiction of the judicial branch of the government? Why was a bill of rights a necessary addition to the Constitution? This guide explores the answers to these questions and more in a relaxed small group environment that encourages true learning and a love of American heritage.
