skills coverage with a clear focus on pronunciation, plus wide-ranging support and resources too. Resources include Test Generator CD-ROMs, DVDs, Multi-ROMs, and websites. The highly popular teacher's site has extra lesson ideas and resources for you to download.

Level 2 Workbook OUP Oxford American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test

results. A real strength of the book is that it guides readers through analytical techniques in an accessible way.” Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

Strange visitors throw a planet of refugees into chaos in this science fiction adventure by the author of New York Times bestseller *The Uplift War*. Book One in the Uplift Storm Trilogy Centuries ago, the Buyur race abandoned Jijo. Now off-limits to settlers, it’s warded by guardian machines who will protect the planet until the Institutes of the Five Galaxies declare Jijo ready—in another million years—for new civilization. But mere laws and guardians can’t keep out the desperate. Clandestine bands of “sooners” have sneaked down to the lonely planet. Six intelligent races—all refugees—have bickered . . . then built a new society in the wilds of Jijo, hidden beneath forest canopies. Together they live in harmony—and in fear of the day their illegal colony will be discovered and judgment from the Five Galaxies will rain down upon them. One day a strange spaceship finally does appear on Jijo. But its owners do not bring law or judgment. Only dire secrets. And they’ll do whatever it takes to keep them . . . This ebook features a new introduction by the author. Hugo Award Finalist “A captivating read . . . Brightness Reef leaves you looking forward to more. It’s a worthy addition to what promises to be a great science fiction series.” —Star Tribune “Brin is a skillful storyteller. . . . There is more than enough action to keep the book exciting, and like all good serials, the first volume ends with a bang.” —The Plain Dealer “A universe that’s immensely appealing, leaving

readers hungry for more of this exciting, epic adventure.” —Publishers Weekly “Tremendously inventive, ambitious work.” —Kirkus Reviews “A timely, science fictional contemplation of the refugee experience.”—Santa Fe Reporter *American English File 3E Level 1 Student Book* OUP Oxford

Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford

Discover gives teachers the tools to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.

American English File: Level 1a: Multi-pack Pack Oxford University Press, USA "Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: *The Phonology of English as an International Language*). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.
