In this book, Bob Braudrick will try to answer why you need more sales and how to develop a successful marketing strategy to attain more productivity. For many businesses, sales and marketing are the two most problematic elements of the whole business process. Therefore, business personnel and entrepreneurs spend an excessive amount of time perfecting these two aspects before officially entering their respective industries. These professionals take so much time that they even fail to capitalize on apparent opportunities in the marketplace. Simultaneously, the sales team should not leave anything to chance and cover every minute detail in their interactions and pitches. Doing this act repeatedly will almost guarantee the deal's closure and allow the salesman to profit from the said transaction. The next basic a sales professional needs to grasp

is making direct and productive professional contact. What do I mean by this? The salesman or team needs to approach the brand's clientele so that the salesman becomes memorable in the consumer's mind and psyche.

The No Bullshit Guide to Military Life
Createspace Independent Publishing Platform

From the millionaire entrepreneur and New York Times bestselling author of *The 10X Rule* comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to *Inc. Magazine*. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to

seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to:

- Set crazy goals—and reach them, every single day.
- Feed the beast: when you value money and spend it on the right things, you get more of it.
- Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.
