Gain the knowledge you need to maneuver any dining situation—from a casual meal of fried chicken to a seven-course dinner at the finest restaurant in the world. A Lady at the Table will give any woman the knowledge she needs to maneuver any dining situation - from a casual meal of fried chicken at her mom's house to a seven-course dinner at the finest restaurant in the world. It includes. . . How to set a table How to pronounce more than 100 different food names How to use obscure eating utensils How to perform the Heimlich maneuver How to eat more than 25 foods that are challenging to eat gracefully such as lobster, snails, fried chicken, and pasta. In a society where more and more people eat with plastic forks and spoons at fast food restaurants, it is still important that a lady know proper dining etiquette. Showing she has little working knowledge of table manners at a lunch meeting or on a job interview over dinner may have an important impact on a woman's life. Like all the books in the GentleManners series, A Lady at the Table is easy to use, non-threatening, and an entertaining read. In addition to containing similar information as A Gentleman at the Table, A Lady at the Table deals with topics that apply uniquely to women such as how to respond when men rise as you leave or approach the table, how to react when a chair is pulled out for you and when it isn't, what to do when a man orders for you, and how to pay the check graciously when you are hosting a man.

 Pearls from The LITTLE BOOK OF BUSINESS WISDOM "The man who starts out simply with the idea of getting rich won't succeed; you must have a larger ambition."-JOHN D. ROCKEFELLER "Think about the customer, not the competition: Competitors represent your industry's past, as, over the years, collective habits become ingrained. Customers are your future, representing new opportunities, ideas, and avenues for growth."-MICHAEL S. DELL "You've got to be out in front of crowds, repeating yourself over and over again, never changing your message no matter how

much it bores you." -JACK WELCH "Always break orders to save owners. There never was a great character who did not sometimes smash the routine regulations and make new ones for himself." -ANDREW CARNEGIE "Don't speak up at a meeting until you have something meaningful to contribute. Talking to attract attention may call attention to your blank spots." -JO FOXWORTH "Make 'em feel guilty when they do nothing. One thing I can't stand is people who don't act on a situation. I'd rather that people make mistakes than sit around and not do something."-DAVE THOMAS

It's a lot tougher to make a difference." ?Tom Brokaw "Look, I don't want to wax philosophic, but I will say that if you're alive you've got to flap your arms and legs, you've got to jump around a lot, for life is the very opposite of death, and therefore you must at very least think noisy and colorfully, or you're not alive." ?Mel Brooks "Anytime you see a turtle up on top of a fence post, you know he had some help." ?Alex Haley

"College is something you complete. Life is something you experience. So don't worry about your grade, or the results or success. Success is defined in myriad ways, and you will find it, and people will no longer be grading you, but it will come from your own internal sense of decency." ?Jon Stewart "When the heart is right, the mind and the body will follow. ?Coretta Scott King "My heroes are the ones who survived doing it wrong, who made mistakes, but recovered from them. ?Bono

You don't need a big title or a business degree in order to lead with impact. What you need is practical wisdom: the insight, judgment, and strength of character that all great leaders have, but that most business schools and corporate workshops don't teach. *The Greats on Leadership* gets you there. Jocelyn Davis takes you on an in-depth tour of the best leadership ideas of the past 25 centuries, featuring classic authors from Plato to Winston Churchill, Shakespeare to Jane Austen, C.G. Jung to Peter Drucker, and many more. In a style both thought provoking and entertaining, she shows how -history?s great writers have always been, and still are, the real leadership gurus. Davis spells out the behaviors that distinguish true leaders from misleaders and covers 20 specific leadership topics, including: Leadership Traps (Shakespeare) Change (Machiavelli) Power (Sophocles) Dilemmas (Madison, Hamilton) Communication (Lincoln, Pericles) Personality Types (Jung) Motivation (Frankl) Judgment (Maupassant, Melville, Austen, Shaw) Character (Churchill, Plutarch, Shelley, Joyce) Each chapter begins with a synopsis of a great work by the author and then draws out the key leadership insights, weaving them together with business examples, the best contemporary research, and tools to help put it all into practice. In the last two chapters Davis presents a new way to think about leadership levels, framing them in terms of the

impact you have rather than the title on your business card. Whether you're a recent graduate or MBA searching for something more inspiring than the standard textbook, a new manager looking for something deeper than the typical how-to book, or an experienced executive seeking ideas to lift you to the next level, this remarkably readable and practical guide will set you on the road to becoming a great leader.

A gentleman knows the importance of effectively expressing, in three or four sentences, his thanks for a gift or for a job interview, conveying his sympathy, or saying he is sorry. *A Gentleman Pens*

a Note takes away the fear and discomfort a man experiences when faced with the task of writing a note by giving instruction and example in the proven style of the other GentleManners books. *A Gentleman Pens a Note* contains examples of more than 40 different handwritten notes, as well as sentences to avoid. It also includes aphorisms and sidebars on subjects such as stationery, pens, and pre-printed notes. A gentleman does not expect a response when he has sent a thank-you note (or even a thank-you gift). A gentleman knows that words such as "Thank You," "Congratulations," or "With sympathy," will mean a great deal more written in his own hand than when gold-embossed by a printer.

A Gentleman Pens a Note Crossway

It is written in a style that will appeal to young men of that age.
