"When a class war erupts inside a luxurious apartment block, modern elevators become violent battlegrounds and cocktail parties degenerate into marauding attacks on enemy floors. In this visionary tale, human society slips into violent reverse as once-peaceful residents, driven byprimal urges, re-create a world ruled by the laws of the jungle."--Provided by publisher

J. G. Ballard: Visions and Revisions MIT Press

Providing an extensive reassessment of dominant and recurring themes in Ballard's writing, including historical violence, pornography, post 9/11 politics, and urban space, this book also engages with Ballard's 'late' modernism; his experimentation with style and form; and his sustained interests in psychology and psychopathology.

The Drowned World Farrar, Straus and Giroux

An existential odyssey weaving together lived experience and theoretical insight, this startling autobiographical hyperfiction surveys and dissects a world where everything connects and global technological delirium is the norm. The mediascapes of late capitalism reconfigure erotic responses and trigger primal aggression; under constant surveillance, we occupy simulations of ourselves, private estates on a hyperconnected globe; fictions reprogram reality, memories are rewritten by the future... Fleeing the excesses of 1990s cyberculture, a young researcher sets out to systematically analyse the obsessively reiterated themes of a writer who prophesied the disorienting future we now inhabit. The story of his failure is as disturbingly psychotropic as those of his magus—J.G. Ballard, prophet of the post-postmodern, voluptuary of the car crash, surgeon of the pathological virtualities pulsing beneath the surface of reality. Plagued by obsessive fears, defeated by the tedium of academia, yet still certain that everything connects to Ballard, his academic thesis collapses into a series of delirious travelogues, deranged speculations and tormented meditations on time, memory, and loss. Abandoning literary interpretation and renouncing all scholarly distance, he finally accepts the deep assignment that has run throughout his entire life, and embarks on a rogue fieldwork project: Applied Ballardianism, a new discipline and a new ideal for living. Only the darkest impulses, the most morbid obsessions, and the most apocalyptic paranoia can uncover the technological mutations of inner space. An existential odyssey inextricably weaving together lived experience and theoretical insight, this startling autobiographical hyperfiction surveys and dissects a world where everything connects and global technological delirium is the norm—a world become unmistakably Ballardian.

Miracles of Life BRILL

In *The Kindness of Women*, a sequel to his award-winning *Empire of the Sun*, young James returns to England at the end of World War II. He stumbles through medical study at Cambridge, trains briefly as an RAF pilot in Canada, and marries. When his wife dies suddenly, Jim is thrust into the violence and sexual promiscuity of the sixties. Penetrating and wise, J. G. Ballard's biting social commentary and pushing of boundaries make this semi-autobiographical novel a small classic.

“The provocative Icelandic poet’s debut novel . . . urgently explores the challenges and costs of a

young woman’s passionate yet toxic relationship.” —Time, Best Books of Summer 2021 As a young university student, Lilja is quickly smitten with the intelligent, beautiful young man from school who quotes Derrida and reads Latin and cooks balanced vegetarian meals. Before she knows it, she’s moved into his cramped apartment, surrounded by sour towels and flat Diet Cokes. As the newfound intimacy of sharing a shower and a bed fuels her desire to please her partner, his subtle abuses continue to mount undetected. Lilja desperately tries to meet his every need, slowly losing her sense of self in the process. In her debut novel, Thora Hjörleifsdóttir sheds light on the commonplace undercurrents of violence that so often go undetected in romantic relationships. She deftly illustrates the failings of psychiatric systems in recognizing symptoms of cruelty, and in powerful, poetic prose depicts the unspooling of a tender-hearted woman desperate to love well.

"The most cosmically elegiac writer in literature . . . no one reading Ballard could doubt the tidal gravity of his intellect." —Jonathan Lethem, New York Times Book Review Violent rebellion comes to London’s middle classes in this “fascinating” (San Francisco Chronicle) novel from the same author of *Crash* and *Empire of the Sun*. Never more timely, Millennium People “seeks to illuminate our hearts of darkness while undermining our assumptions about what literature is meant to do” (Los Angeles Times).

Yet again J. G. Ballard’s inimitable clairvoyance is on display in this timely, powerful story of a community shattered by a massive act of violence. A massacre rocks a suburban utopia—thirty-two adults murdered, and their children missing—in *Running Wild*, one of Ballard’s most dazzlingly subversive works of fiction. “To Ballard, lack of choice . . . is a dangerous state of being. In *Running Wild*, it’s not the children who are doing the running; it is the society that raised them” (San Francisco Chronicle).

Kingdom Come: A Novel W. W. Norton & Company

A startling and at times unsettlingly prescient collection of J.G. Ballard's greatest interviews. J.G. Ballard was a literary giant. His novels were unique and surprising. To the journalists and admirers who sought him out, Ballard was the 'seer of Shepperton'; his home the vantage from which he observed the rising suburban tide, part of a changing society captured and second-guessed so plausibly in his fiction. Such acuity was not exclusive to his novels and, as this book reminds us, Ballard's restive intelligence sharpened itself in dialogue. He entertained many with insights into the world as he saw it, and speculated, often correctly, about its future. Some of these observations earned Ballard an oracular reputation, and continue to yield an uncannily accurate commentary today. Now, for the first time, 'Extreme Metaphors' collects the finest interviews of his career. Conversations with cultural figureheads such as Will Self, Jon Savage, Iain Sinclair and John Gray, and collaborators like David Cronenberg, are a reminder of his wit and humanity, testament to Ballard's profound worldliness as much as his otherworldly imagination. This collection is an indispensable tribute to one of recent history's most incisive and original thinkers.

The classic, award-winning novel, made famous by Steven Spielberg's film, tells of a young boy's struggle to survive World War II in China. Jim is separated from his parents in a world at war. To survive, he must find a strength greater than all the events that surround him. Shanghai, 1941 -- a city aflame from the fateful torch of Pearl Harbor. In streets full of chaos and corpses, a young British boy searches in vain for his parents. Imprisoned in a Japanese concentration camp, he is witness to the fierce white flash of Nagasaki, as the bomb bellows the end of the war...and the dawn of a blighted world. Ballard's enduring novel of war and deprivation, internment camps and death marches, and starvation and survival is an honest coming-of-age tale set in a world thrown utterly out of joint.
