Contents: Structure of the earth, volcanoes, earthquakes Rocks and landforms, coasts, rivers and glaciation Weather and climate Ecosystems Population, rural and urban settlement and migration Agriculture, industry, tourism Natural resources Development, trade and aid Geographical skills, mapreading Exam advice

*Death of a Valentine* Oxford University Press

This collection of advanced geography case studies provides a comprehensive way to add depth to the study of the key topics covered in A/AS level. It contains plenty of examples from a range of different scales and locations to supplement the main text used.

*AS Geography* Collins

On the Swiss border with Austria in 1938, a police captain refuses to enforce a law barring Jewish refugees from entering his country. In the Balkans half a century later, a Serb from the war-blasted city of Vukovar defies his superiors in order to save the lives of Croats. At the height of the Second Intifada, a member of Israel's most elite military unit informs his commander he doesn't want to serve in the occupied territories. Fifty years after Hannah Arendt examined the dynamics of conformity in her seminal account of the Eichmann trial, *Beautiful Souls* explores the flipside of the banality of evil, mapping out what impels ordinary people to defy the sway of authority and convention. Through the dramatic stories of unlikely resisters who feel the flicker of conscience when thrust into morally compromising situations, Eyal Press shows that the boldest acts of dissent are often carried out not by radicals seeking to overthrow the system but by true believers who cling with unusual fierceness to their convictions. Drawing on groundbreaking research by moral psychologists and neuroscientists, *Beautiful Souls* culminates with the story of a financial industry whistleblower who loses her job after refusing to sell a toxic product she rightly suspects is being misleadingly advertised. At a time of economic calamity and political unrest, this deeply reported work of narrative journalism examines the

choices and dilemmas we all face when our principles collide with the loyalties we harbor and the duties we are expected to fulfill.

*Beautiful Souls* Hodder Murray

Erotic memoir

**Hazards and Responses** A1 Success Books

IGCSE Business Studies third edition is a student-friendly Business Studies textbook covering all the components of the latest IGCSE syllabus.

*GRE Power Vocab* Hodder Murray

Amazing news is spreading like wildfire across the Scottish countryside: the most famous of all Highland bachelors, police sergeant Hamish Macbeth, is planning to marry at last! Everyone in the village of Lochdubh adores Josie McSween, Hamish's newest constable and blushing bride-to-be. While locals think she is quite a catch, Hamish has a severe case of pre-nuptial jitters...

after all, if it wasn't for the recent murder of a beautiful woman in a neighbouring village there wouldn't be a wedding in the first place. For it was a mysterious Valentine's Day card - delivered to the victim before her death - which initially drew Hamish and Josie together in the investigation. And now, as they work side by side, they soon discover that the woman's list of admirers was endless - confirming Hamish's suspicion that love can be deaf, blind... and deadly!

**Beautiful Savage** Princeton Review

One of five new additions to the EPICS range published in 2001, dealing with more popular topics for the new specifications. EPICS brings a fresh approach to topics of current interest, allowing students to acquire an up-to-date and in-depth understanding of geographical issues. Each topic provides a wide range of detailed case studies and offers an integrated approach to all aspects of geographical study.

**Global Tax Fairness** Createspace Indie Pub Platform

Tectonic hazards: earthquakes 4. Tectonic hazards: volcanoes 5. Tectonic hazards: tsunami 6. Atmospheric hazards 7. Geomorphological hazards

**Tropical Environments** Penguin

This book addresses sixteen different reform proposals that are urgently needed to correct the fault lines in the international tax system as it exists today, and which deprive both developing and developed countries of critical tax resources. It offers clear and concrete ideas on how the reforms can be achieved and why they are important for a more just and equitable global system to prevail. The key to reducing the tax gap and consequent human rights deficit in poor countries is global financial transparency. Such transparency is essential to curbing illicit financial flows that drain less developed countries of capital and tax revenues, and are an impediment to sustainable development. A major breakthrough for financial transparency is now within reach. The policy reforms outlined in this book not only advance tax justice but also protect human rights by curtailing illegal activity and making available more resources for development. While the reforms are realistic they require both political and an informed and engaged civil society that can put pressure on governments and policy makers to act.

**Contrasting Regimes and Challenges** Oxford University Press, USA

The New York Times–bestselling novel by the critically acclaimed author of *Native Speaker*, *A Gesture Life* and *My Year Abroad*. At 59, Jerry Battle is coasting through life. His favorite pastime is flying his small plane high above Long Island. Aloft, he can escape from the troubles that plague his family, neighbors, and loved ones on the ground. But he can't stay in the air forever. Only months before his 60th birthday, a culmination of family crises finally pull Jerry down from his emotionally distant course. Jerry learns that his family's stability is in jeopardy. His father, Hank, is growing increasingly unhappy in his assisted living facility. His son, Jack, has taken over the family landscaping business but is running it into bankruptcy. His daughter, Theresa, has become pregnant and has been diagnosed with cancer. His longtime girlfriend, Rita, who helped raise his children, has now moved in with another man. And Jerry still has unanswered questions that he must face regarding the circumstances surrounding the death of his late wife. Since the day his wife died, Jerry has turned avoiding conflict into an art form—the perfect expression being his solitary flights from which he can look down on a world that appears serene and unscathed. From his comfortable distance, he can't see the messy details, let alone begin to confront them. But Jerry is learning that in avoiding conflict, he is also avoiding contact with the people he loves most.

**Althusser and Law** Penguin

Geography An Integrated Approach Nelson Thornes

**GCSE Mathematics** Heinemann

Succinct in its treatment of the fundamentals, and interwoven with contextual explanation and analytical consideration of the key debates, Honeyball and Bowers' *Textbook on Employment Law* continues to provide readers with an accessible account of the subject. Including chapter introductions and new end-of-chapter summaries, students of employment law are guided through the intricacies, while further reading suggestions assist with independent research and essay preparation. The critical elements of individual and collective employment law are considered along with treatment of the relationship between UK and EU law, to give readers a wider view of the issues.

**Weather and Climate in Africa** Nelson Thornes

A key resource for the IGCSE Geography specification, written by leading and experienced Geography teachers and authors. This book has been carefully prepared to cover the full curriculum for the University of Cambridge International Examinations IGCSE course in Geography. It is accompanied by a CD-ROM offering invaluable study and revision support.
