Questa raccolta di poesie e di racconti popolari anonimi in dialetto molisano tracciano il percorso di due storie che, pur diversificate, si compenetrano e si completano a vicenda: la storia individuale dell' autore e la storia collettiva della società di un paese del Sud. Le immagini di un mondo apparentemente immobile e arcaico si alternano alle vicende di una realtà storica complessa e tormentata, nel cui magma vecchio e nuovo si scontrano e si fondono. This collection of poems and anonymous folktales in the Molisan dialect traces the unfolding of two stories

which, although distinct, interweave and complete each other: the author's individual story and the story of a town in the South of Italy. The images of an apparently immobile and archaic world alternate with the events of a complex and tormented historical reality, in whose magma the new and the old clash and fuse.

This edited book provides a comprehensive overview of modern strategies in fruit crop breeding in the era of climate change and global warming. It demonstrates how advances in plant molecular and genomics-assisted breeding can be utilized to produce improved fruit crops with climate-smart traits. Agriculture is facing a number of challenges in the 21st century, as it has to address food, nutritional, energy and environmental security. Future fruit varieties must be adaptive to the varying scenarios of climate change, produce higher yields of high-quality food, feed, and fuel and have multiple uses. To achieve these goals, it is imperative to employ modern tools of molecular breeding, genetic engineering and genomics for 'precise' plant breeding to produce 'designed' fruit crop varieties. This book is of interest to scientists working in the fields of plant genetics, genomics, breeding, biotechnology, and in the disciplines of agronomy and horticulture.

'This is a remarkable, challenging and bravely original work.' The Guardian Ripped from the world by her husband's paranoia, Desdemona turns in death towards the memory of Barbary, the North African maid who raised her: together, they explore the contours of death, race, war, love and motherhood, in a moving elegy. Audacious with ambition, Desdemona is Toni Morrison's intimate reimagining of the fourth act of Shakespeare's Othello, mixing monologue with Rokia Traore's lyrical songs to re-examine the Bard's presentation of race and female suffering. Part-play, part-concert, part-quest into the afterlife, Desdemona is published in Methuen Drama's Modern Classics series, featuring a new introduction by Joyce Green MacDonald.
