SIMONE SNYDER

An Introduction to Canadian Criminal Procedure and Evidence
UBC Press

Through an examination of Canadians' complicated roles as agents and objects of globalization, this book shows how Canada's experience of and contribution to globalized governance is characterized by serious imbalances. It explores these imbalances by tracing three interlinked developments: the emergence of a neoconservative supraconstitution, the transformation of the nation-state, and the growth of governance beyond the nation-state. Advocating a revitalized Canadian state as a vehicle for pursuing human security, ecological integrity, and social emancipation, and for creating spaces in which progressive, alternative forms of law and governance can unfold, this book offers a compelling analysis of the challenges that

middle powers and their citizens face in a globalizing world.

Law and Society Thomson Nelson

This text is designed for college and university level courses in Canadian Law. This exciting first edition provides readers with a useful foundation that not only explains the basic components of the Canadian legal system but also explores its functions and goals. It is broad and deep enough for students to grasp a thorough understanding of the system and to develop their own perspectives on the legal system and its relationship to society and social change. Including examples of the sometimes brilliant and sometimes inane results that law produces, this text will intrigue students and prepare them for further work in a legal framework in any field and advance their understanding of the rights and duties entailed in being a member of Canadian society. *Introduction to the Law and Legal System of Canada* University of Toronto Press

Crime and Criminal Justice in Canadian History Broadview Press
Canadian Law: An Introduction, fourth edition introduces Canadian public law to college and university students, using specific case law to prompt debate and discussion. Law is a changing human construction, and this text will interest students in the principles, powers, and privileges that law conveys. Each chapter concludes with discussion questions, Web links, and a listing of references and further readings. Case law is used to highlight competing perspectives, as well as to provide teachers and students with a focus for further analysis and debate.

Inside the Law Fitzhenry & Whiteside Limited

This is a collection of Canadian legal decisions, primarily from the Supreme Court of Canada, along with international cases that have bearing on Canadian law. The selected cases raise and respond to current and controversial issues in political and legal philosophy. Cases have been edited to present key legal principles and methods of judicial reasoning in action, showing not only what was decided but also how the decisions were made. Topics include: constitutional law, fundamental freedoms, equality rights, civil and criminal responsibility, and sovereignty. This new fifth edition adds over two dozen new cases, including new sections on Indigenous issues and international law. A helpful glossary of common legal terms has also been added as an appendix.

Canadian Medical Law Nelson Thomson Learning

A custom textbook from Fernwood Publishing suitable for undergraduate courses in criminology.

Canadian Law Firms in Historical Perspective Routledge

Addition of community health nursing examples . Broad coverage of the ethical considerations unique to Canada's culturally diverse population . New suite of electronic tools for both instructors and students

Ethical & Legal Issues in Canadian Nursing Harcourt Canada
Law and Religious Pluralism in Canada seeks to elucidate the complex and often uneasy relationship between law and religion in democracies committed both to equal citizenship and religious pluralism. Leading socio-legal scholars consider the role of religious values in public decision making, government support for religious practices, and the restriction and accommodation by government of minority religious practices. They examine such

current issues as the legal recognition of sharia arbitration, the re-definition of civil marriage, and the accommodation of religious practice in the public sphere.

The Canadian Constitution UBC Press

This edition is a significant revision of the 2001 text and is a systematic introduction to the international legal system.

Chinese judges training program Markham, Ont. : LexisNexis Butterworths

Your Guide to Canadian Law is the perfect legal reference book for every home and business.--pg.[4] of cover.

Canadian Law Mississauga, Ont. : Copp Clark Pitman

This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions

which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

Introduction to Law in Canada University of Toronto Press
Leading Canadian scholars cover a wide range of topics spanning the applications of psychology in both criminal and civil areas of law. An authoritative introduction to law and psychology for a Canadian audience.

Springer

Law firms are important economic institutions in this country: they collect hundreds of millions of dollars annually in fees, they order the affairs of businesses and of many government agencies, and their members include some of the most influential Canadians. Some firms have a history stretching back nearly two hundred years, and many are over a century old. Yet the history of law firms in Canada has remained largely unknown. This collection of essays, Volume VII in the Osgoode Society's series of Essays in the History of Canadian Law, is the first focused study of a variety of law firms and how they have evolved over a century and a half, from the golden age of the sole practitioner in the pre-industrial era to the recent rise of the mega-firm. The volume as a whole is an exploration of the impact of economic and social change on law-firm culture and organization. The introduction by Carol Wilton provides a chronological overview of Canadian law-firm evolution and emphasizes the distinctiveness of Canadian law-firm history.

The Promise and Perils of Law Australia ; Toronto : Nelson Thomson Learning

The papers that make up this volume were produced on the occasion of the 175th anniversary of the opening of Osgoode Hall, one of Toronto's landmark buildings. This event presented a unique opportunity for reflection on the legal profession and its role in Canadian history. The "legal profession" is simultaneously a trade organization, a corporate ideology, an important cultural actor, and an aggregation of individuals known both for their zealous pursuit of their clients' interests and for their assertive individualism. This book offers essays that seek to add to the understanding of Canada's legal profession and to provide a background to inform conversation concerning its past, present, and future.

Your Guide to Canadian Law Dundurn

The Hill Times: Best Books of 2016 A new, expanded edition of the first-ever primer on Canada's Constitution — for anyone who wants to understand the supreme law of the land. The Canadian Constitution makes Canada's Constitution readily accessible to readers. It includes the complete text of the Constitution Acts of 1867 and 1982 accompanied by an explanation of what each section means, along with a glossary of key terms, a short history of the Constitution, and a timeline of important constitutional events. The Canadian Constitution explains how the Supreme Court of Canada works, and describes the people and issues involved in leading constitutional cases. Author Adam Dodek, a law professor at the University of Ottawa, provides the only index so far to the Canadian Constitution, as well as fascinating background on the Supreme Court and the Constitution. This revised and expanded edition is a great primer for those coming to Canada's Constitution for the first time, and a useful reference

work for students and scholars.

Take Notice Psychology Press

Introduction to the Canadian Legal System goes beyond the mere outline of the basics and seeks to help students challenge and question legal rules. It includes a variety of case studies that exemplify the workings of the law and help students see the connections between the discussed rules and real life.

Introduction to Canadian Law Mosby Incorporated

Law and Society provides a balanced and comprehensive analysis of the interplay between law and society using both Canadian and international examples. This clear and readable text is filled with interesting information, ideas and insights. All materials and supporting statistics have been carefully updated. This edition includes an expanded discussion of the law and First Nations people, recent developments impacting LGBTIQ2S persons, and persons with disabilities and a new section on civil procedures. Each chapter is structured similarly, with an outline, learning objectives, key terms, chapter summaries, critical thinking questions, and an array of additional resources.

Introduction to Law Canadian LawAn IntroductionCanadian LawAn Introduction

This fifth volume in the distinguished series on the history of Canadian law turns to the important issues of crime and criminal justice. In examining crime and criminal law specifically, the volume contributes to the long-standing concern of Canadian historians with law, order, and authority. The volume covers criminal justice history at various times in British Columbia, Ontario, Quebec, and the Maritimes. It is a study which opens up greater vistas of understanding to all those interested in the

interstices of law, crime, and punishment.

A Perilous Imbalance Copp Clark Pitman

Canadian securities law comprises a unique mix of enduring basic principles and constantly-changing technical details. This new book provides a solid introduction to both; it looks at securities law topics--including definitions, the public and exempt markets for securities, insider trading, and continuous disclosure--and larger public policy issues.

Introduction to the Canadian Legal System Scarborough, Ont. : Carswell

Philosophy of Law: An Introduction provides an ideal starting point for students of philosophy and law as it assumes no prior knowledge of either subject. The book is structured around the key issues and themes in the philosophy of law, including: what is

the law? - exploring the major legal theories of realism, positivism and natural law the reach of the law - covering authority, rights, liberty, privacy and tolerance criminal responsibility and punishment - including legal defenses, crime, diminished responsibility and theories of punishment. The second edition is updated with important developments in English law, the general impact of the Human Rights Act and the defence of necessity in relation to the Case of the Conjoined Twins. Radical Marxism, feminist, critical legal studies and critical race theories are also explained against the background of controversy between postmodernism and defences of modernity. New chapters assess the value of traditional legal theory and various critical perspectives and study questions at the end of each chapter help students explore the most important issues in philosophy of law.
