The Real Estate Wholesaling Bible
The Fastest, Easiest Way to Get Started in Real Estate Investing
This book presents a study of the life history of Mtoro bin Mwinyi Bakari (c. 1869 - 1927). Mtoro bin Mwinyi Bakari grew up and studied Islamic Sciences in Bagamoyo, Tanzania. He became a Swahili lecturer and author in Germany and is known to have written *Desturi za Wasuaheli*, an important work in Swahili culture. The book introduces the wider historical context of his writings, and, in particular, reconstructs the racism and discrimination in both the colonial and metropolitan contexts, features which

negatively influenced his career and his life as a whole. The study also offers insights into contributions of the colonized to the study of African languages and cultures during this same historical context.

Swahili Lecturer and Author in Germany

Learn how to make money wholesaling real estate without having to swing a hammer or deal with tenants. Wholesaling is one of the best ways to get started making money in the world of real estate investing. Think of it as the day trading of real estate except it is simpler and has less risk if you learn how the process works. In fact when you learn how to do it the right way, you can minimize your risk

substantially. The Real Estate Wholesaling Bible teaches what you need to know to profit from real estate wholesaling without needing a lot of capital or previous experience. This rapidly expanding business is relatively simple, profitable, and perfect for today's real estate market. Plus it's an ideal system for making money even in the toughest real estate markets. All you will need to get started is a computer, an Internet connection, this audiobook, some passion, and a lot of curiosity. • Teaches the mechanics of how to wholesale real estate, including exactly how to find, analyze, finance, and sell wholesale deals like clockwork • Explains how actually to build a business and

develop systems that are not dependent on you as the business owner • Shows how to develop a turnkey, systems-dependent business that serves as a vehicle for all the people it touches: the owners, the employees, and the community Many real estate investors' ideas of success focus squarely on profitability. Author Than Merrill believes success happens when your real estate investment business is not only profitable but also gives you the time to enjoy your life and fulfill your passions and dreams.
