The Sunday Magazine, Volume 10 - Primary Source Edition

Arkose Press
This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original

copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on

the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this

knowledge alive and relevant. Good Words and Sunday Magazine Soyinfo Center Unlock the irresistible flavors of Korean cooking with jangs, the authentic sauces that are the essential building blocks of all Korean cuisine. Written by South Korea's award-winning top chef, Mingoo Kang, Jang demystifies jangs while showing how they can be used to make

both Korean and Western dishes more delicious. * Named a Best New Cookbook of Spring 2024 by Eater and Epicurious * Like butter in French cooking or olive oil in Italian, jangs are the soul of Korean cuisine. These soy-based umami sauces—goch ujang, doenjang, ganjang—are found in every meal, from soups and stews, to salads, marinades, and even desserts, adding depth

and complexity to every dish. Few chefs understand these ingredients better than Michelin star winner Mingoo Kang, who has dedicated his Seoul restaurant, Mingles, to the exploration of jangs. In his first cookbook, Kang expertly weaves jangs' history and methods into 60 accessible recipes to bring the sauces to life. Through artisan profiles, sidebars, and step-by-step photographs,

Jang uncovers one of the culinary world's best-hidden secrets.

An eye-opening look at North Korea, a brutal Stalinist country that has become one of the

most volatile hot spots in the world.

Rogue Regime
Tuttle Publishing
Pakistan is a land with a unique history, formed by migrating peoples who have left their footprint in its diverse cultures, languages, literature, food, dress, and folklore. The country is besieged by bad news, but despite the political turmoil the everyday life of its people is more stable, rich, and rewarding

than the media headlines would lead you to believe. A myriad local festivals and celebrations and a vibrant cultural life go unremarked. Pakistan has the eighth-largest standing army in the world and is the only Muslim-majority nation to possess nuclear weapons, but few know that it is also the home of two unique schools of art. This complex nation consists of various ethnic

groups, each with its own individual cultures and subcultures, but which are unified by the common values of hospitality, honor, and respect for elders. Pakistani society has extremes of wealth and poverty, and daily life for most people is full of difficulties, yet everyone knows how to cope with crises. Creative and adaptable, Pakistanis are among the most self-reliant people

in the world, bouncing back after major catastrophes. Culture Smart! Pakistan takes you behind the headlines and introduces you to many of the country's little-known traditions. It describes the vitally important cultural and historical background, shows you how modern Pakistanis live today, and offers crucial advice on what to expect and how to behave in different circumstances . This is an

extraordinary country of enterprising, tough, and passionate people. Earn their trust and you will be rewarded many times over.

In this "hilarious and heartbreaking...must-read memoir" (Publishers Weekly), Christopher Zara breaks down his

winding journey from dropout to journalist and the impact that his background had in the world of privilege. Boldly honest, wryly funny, and utterly open-hearted, *Uneducated* is one diploma-less journalist's map of our growing educational divide and, ultimately, a challenge: in our credential-obsessed world, what is the true value of a college degree? For Christopher Zara, this is

the professional minefield he has had to navigate since the day he was kicked out of his New Jersey high school for behavioral problems and never allowed back. From a school for “troubled kids,” to wrestling with his identity in the burgeoning punk scene of the 1980s; from a stint as an ice cream scooper as he got clean in Florida, to an unpaid internship in New York in his thirties,

Zara spent years contending with skeptical hiring managers and his own impostor syndrome before breaking into the world of journalism—only to be met by an industry preoccupied with pedigree. As he navigated the world of the elite and saw the realities of the education gap firsthand, Zara realized he needed to confront the label he had been quietly holding in: what it looked like to be part

of the “working class”—whatever that meant. Book Riot's Eight New Nonfiction Books to Read in May Book Browse's Best Books of May 2023
