No matter what your life's problems or

desires, this book can guide you to the right spirits who can help fulfill your dreams. For the spiritual adept, the amateur, or the simply curious, the Encyclopedia of Spirits will inform, inspire, and delight.

Encyclopedia of Disability Routledge
 An unforgettable coming of age novel for fans of *13 Reasons Why*, *It's Kind of a Funny Story*, and *The Perks of Being a Wallflower*. Fifteen-year-old Jeff wakes up on New Year's Day to find himself in the hospital—specifically, in the psychiatric ward. Despite the bandages on his wrists, he's positive this is all some huge mistake. Jeff is perfectly fine, perfectly normal; not like the other kids in the hospital with him. But over the course of the next forty-five days, Jeff begins to understand why he ended up

here—and realizes he has more in common with the other kids than he thought. “With a sprinkling of dark humor and a full measure of humanness, *Suicide Notes* is quirky, surprising, and a riveting read.” —Ellen Hopkins, author of *The You I've Never Known* and *Love Lies Beneath* “Like the very best teen novels, *Suicide Notes* is both classic and edgy, timeless and provocative.” —Brent Hartinger, author of *Geography Club* “Makes a powerful emotional impact.” —Publishers Weekly (starred review) “Jeff's wit and self-discovery are refreshing, poignant, and, at times, laugh-out-loud funny.” —School Library Journal
Encyclopedia of Mystics, Saints & Sages
 HarperCollins UK
 Are ghosts real? Are there truly haunted

places, only haunted people, or both? And how can we know? Taking neither a credulous nor a dismissive approach, this first-of-its-kind book solves those perplexing mysteries and more--even answering the question of why we care so very much. Putting aside purely romantic tales, this book examines the actual evidence for ghosts--from eyewitness accounts to mediumistic productions (such as diaphanous forms materializing in dim light), spirit photographs, ghost-detection phenomena, and even CSI-type trace evidence. Offering numerous exciting case studies, this book engages in serious investigation rather than breathless mystifying. Pseudoscience, folk legends, and outright hoaxes are challenged and exposed, while the

historical, cultural, and scientific aspects of ghost experiences and haunting reports are carefully explored. The author--the world's only professional paranormal investigator--brings his skills as a stage magician, private detective, folklorist, and forensic science writer to bear on a topic that demands serious study.

An Encyclopedia of Mononoke and Magic
HarperCollins

From unicorns and trolls to werewolves and griffins, this comprehensive guide is the key to discovering every magical creature from myth, folklore and legend around the world.

[The Ultimate Guide to Apparitions, Death Bed Visions, Mediums, Shadow People, Wandering Spirits, and Much, Much More](#)

Occult Encyclopedia of Magic Squares

HarperCollins UK

Contains more than four thousand

entries touching on all aspects of fantasy literature, movies, and art

The Element Encyclopedia of Secret Signs and Symbols: The Ultimate A-Z Guide from Alchemy to the Zodiac HarperCollins UK

In Japan, it is said that there are 8 million kami. These spirits encompass every kind of supernatural creature; from malign to monstrous, demonic to divine, and everything in between. Most of them seem strange and scary—even evil—from a human perspective. They are known by myriad names: bakemono, chimimoryo, mamono, mononoke, obake, oni, and yokai. Yokai live in a world that parallels our own. Their lives resemble ours in many ways. They have societies and rivalries. They eat, sing, dance, play, fight, compete, and even wage war.

Normally, we keep to our world and they keep to theirs. However, there are times and places where the boundaries between the worlds thin, and crossing over is possible. The twilight hour-the border between daylight and darkness-is when the boundary between worlds is at its thinnest. Twilight is the easiest time for yokai to cross into this world, or for humans to accidentally cross into theirs. Our world is still awake and active, but the world of the supernatural is beginning to stir. Superstition tells people to return to their villages and stay inside when the sun sets in order to avoid running into demons. This is why in Japanese the twilight hour is called omagatoki: "the hour of meeting evil spirits." This encyclopedia contains over 125 illustrated entries detailing the

monsters of Japanese folklore and the myths and magic surrounding them. This book was first funded on Kickstarter in 2013.

The Element Encyclopedia of the Psychic World McFarland

In this important study of the meaning of the Grail, one of Europe's greatest esoteric philosophers discloses the pre-Christian and initiatic sources of this symbolic motif that is so central to Western mythology and culture. He demonstrates how the main features of the legend are from an older tradition analogous to the great heroic sagas and cycles of the North, and that the Grail itself is a symbol of initiation. Evola uncovers the hidden meaning in the often surreal adventures of the knights who searched for the Grail, interpreting

them as inner experiences and tests for the seeker. He also explores the history of the myth in the Middle Ages, its use by the Knights Templar and the Cathars, its legacy during the decline of the Holy Roman Empire, and its links with Rosicrucianism, alchemy, and Masonry. This excursion into the realm of the Grail throws new light on an endlessly fascinating subject.

A Field Guide to Demons, Fairies, Fallen Angels and Other Subversive Spirits

Wellfleet Press

Throughout history, questions of life and death, famine and bounty, good and bad luck have puzzled people the world over, and they have attempted to solve mysteries and allay fears in the same way - through the worship of gods. Arranged alphabetically from A-a, the

sun goddess of Mesopotamia, to Zurvan, the Persian god of fate, Encyclopedia of Gods is the most broadly based work of reference yet produced on gods from all over the world. Giving equal emphasis to ancient mythology and contemporary religions, the entries explain the culture of origin and the role of each god or goddess, while longer essays give details of artistic and literary references, known dates of worship and legends associated with the more important deities.
