Yoga has a rich, 5,000-year history and on the grounds that it is a particularly multi-layered practice, which has in the past entwined with religion, theory and obviously work out, nailing down a definite beginning has demonstrated troublesome. Yoga is basically a profound order that focuses on inconspicuous science that spotlights on accomplishing congruity between a person's brain and body. The word Yoga initially showed up in the most established holy messages, the Rig Veda and is gotten from the Sanskrit root "Yuj" which means join or join together. As per the Yogic sacred texts, the act of Yoga drives a person to the association of awareness with that of general Consciousness. It ultimately prompts an extraordinary amicability between the human psyche and body, man and nature.

It will help you to improve your exam preparations...In this book, Detailed Explanatory Answers have been provided for the questions for Better Understanding of the Candidates. Hope you find it useful and Best of Luck for your Examination. Published by MeetCoogle

Governance Jobaffairs4u

The Cosmotheandric Experience is not a Christian, or an Indic, or a Buddhist study, but an interdisciplinary study with a firm foundation. It aims at an integration of the whole of reality: We have to reconstruct the body of Prajapati, even if some of the parts feel unworthy, are shy or run away ... We have to think of all of the fragments of the present world in order to bring them together into a harmonious--though not monolithic--whole. The Cosmotheandric principle, which the author advocates, could be formulated by saying that the divine, the human and the earthly are three irreducible dimensions which constitute the real.

BPY-003: Ancient and Medieval Western Philosophy Mentis

Personhood and personality are essential features of human persons. Following the debate concerning 'personal identity' the metaphysical and the practical dimension of our personal lifeform are made explicit. The search for criteria for personal identity on the one hand and for person-making characteristics on the other hand are at the center of the philosophy of person. In this book the various dimensions of the personal lifeform of human beings which have been debated in analytical philosophy are examined. Thereby a new systematic conception is unfolded in which the metaphysical and the practical aspects of our personal lifeform are made explicit as a complex unity.

This book aims to familiarize the reader with various dimensions and issues of governance in the globalized world. It is important to understand governance and its effects on administration and development in the context of a globalized environment. This textbook deals with the concepts and dimensions of governance by highlighting the major debates in the contemporary times. It emphasizes on the paradigm shift from government to governance and how the role of the state has changed over the years. Different facets of governance, such as democratic decentralization, environmental governance and role of non-state actors have been thoroughly discussed. Further, it provides insights into various good governance initiatives introduced in India, including Right to Information Act (RTI), e-governance and Citizen's Charter. Key Features • Comprehensive coverage of major concepts and critical understanding of the challenges to governance with special reference to India • Written in a lucid, jargon-free language for students and readers with backgrounds other than political science • All chapters aided by boxes, diagrams and tables for better understanding of concepts and included model questions for self-evaluation • Contributions from academicians and professionals from different fields of study, such as history, administrations and political science to give a wider perspective on governance

PHYSICAL EDUCATION AND YOGA MeetCoogle

Written originally in Oriya in 1945 and translated here for the first time, Paraja is a classic of modern Indian fiction. It tells on an epic scale the story of a tribal patriarch and his family in the mountainous jungles of Orissa. The slow decline in the fortunes of this family - from the quiet prosperity of a subsistence livelihood towards bondage to the local moneylender - is both poignantly individualized as well as symbolic of the erosion of a whole way of life within peasant communities. The novel, furthermore, transcends what it documents because its characters are not merely primitive tribesmen ensnared by a predatory moneylender. Mohanty's protagonists are also quintessentially men and women waging heroic but futile war against a hostile universe. As the citation of the Jnanpith Award of 1974 put it - 'in Mohanty's hands the social is lifted to the level of the metaphysical.'

Sociology of India Dotcom Publications

The twenty stimulating and original essays in this volume provide a comprehensive analysis of the main strands of modern Indian political thought. The thinkers discussed are Rammohun Roy, Dayananda Saraswati, Bankimchandra Chattopadhyay, Ranade, Phule, Tilak, B R Ambedkar, Tagore, Sri Aurobindo, M N Roy, Jawaharlal Nehru and Gandhi. Separate essays are devoted to the Hindu and Muslim traditions in Indian political thought, Hindu nationalism, and the ideologies of the Communist and Sarvodaya movements. A significant feature of these essays is that they study each thinker or movement in the relevant socio-historical context as also examine the consequences and impact of modern Indian political theories. These are analysed from a world-historical and, to some extent, a political economy

perspective. The essays in this collection highlight two major streams in modern Indian political thought--one which favoured the adoption or adaptation of western political traditions and the other which sought to evolve indigenous or alternative formulations. The overall conclusion that emerges from this volume is that in order to formulate an adequate political philosophy for the modern age, both the western and Indian traditions have to be taken into account. In this context, some of the essays highlight the contemporary global relevance of Gandhi's socio-political ideas. This book is a major contribution to modern political philosophy. It will be of great value to students and teacher of political science.

The Cosmotheandric Experience Gullybaba Publishing House Pvt. Limited

This volume is a collection of scholarly papers that explore the complex issues concerning English Studies in the present Indian context. The discussions in this volume range from historical perspectives to classroom-specific pedagogies, from sociological and political hierarchies to the dynamics of intellectual development in the English language environment. Interrogating both policy and practice pertaining to English Studies in the context of Indian society, culture, history, literature and governance, the chapters seek to formulate contemporary perspectives to these debates and envision alternative possibilities. Since the introduction of English to India more than 2 centuries ago, the language has transmuted the very fabric of Indian society, culture, history, literature and governance. The idea of India cannot be conceived in its entirety without taking into consideration the epistemological role that English has played in its formation. The present globalized world order has added dimensions to English Studies which are radically different from those of India's colonial and postcolonial past. It is therefore imperative that the multitudinous shades and shadows of the discipline be re-examined with inputs drawn from the present context. This volume is for scholars and researchers of English literature and language studies, linguistics, and culture studies, and others interested in exploring new paradigms of engagement with the disciplinary formulation of English Studies in India.

BPC-001 General Psychology SAGE Publications Pvt. Limited

This book develops a critical understanding of Mahatma Gandhi's philosophy and practice in the context of contemporary challenges and engages with some of his key work and ideas. It highlights the relevance of Gandhi's legacy in the quest towards peace-building, equity and global justice. The volume examines diverse facets of Gandhi's holistic view of human life – social, economic and political – for the creation of a just society. Bringing together expert analyses and reflections, the chapters here emphasise the philosophical and practical urgency of Gandhi's thought and action. They explore the significance of his concepts of truth and nonviolence to address moral, spiritual and ethical issues, growing intolerance, conflict and violence, poverty and hunger, and environmental crisis for the present world. The volume serves as a platform for constructive dialogue for academics, researchers, policymakers and students to re-imagine Gandhi and his moral and political principles. It will be of great interest to those in philosophy, political studies, Gandhi studies, history, cultural studies, peace studies and sociology.

English Studies in India MeetCoogle

Who has held political power in Nova Scotia? How did they get it? And what did they do with it? In his latest book, best-selling author and former cabinet minister Graham Steele takes us on a roller-coaster ride through seventy-five years of Nova Scotia politics from 1945 to 2020. The story ranges from Angus L. Macdonald, who won a crushing election victory in 1945 after a bitter falling-out with prime minister Mackenzie King, to Stephen McNeil, who provoked the first-ever teachers' strike yet won the first back-to-back majorities in thirty years. It covers premiers from the calm intellectual Robert Stanfield, to the acerbic outsider Donald Cameron, to the aloof reformer John Savage, and highlights trailblazers like Gladys Porter, Wayne Adams, and Donald Marshall Jr. Nova Scotia politics has seen an almost unnatural focus on jobs, roads, and corruption. Steele doesn't shy away from the controversial parts of our political history: the trial of Gerald Regan for sexual crimes; the political pressure that led

to the opening of the ill-starred Westray mine; and the environmental racism that pumped effluent into Boat Harbour for fifty years. This is a book for anyone interested in modern Nova Scotia history or politics. It's for the avid politics-watcher, of course, but also for the new voter, the newcomer, the new parent, the newly retired--anyone who wants some historical depth by which to understand today's politics. Steele pulls together the threads of history, adding original stories and archival research to the existing rich vein of historical writing, and then applies his own political experience to find the through lines that tie together past, present, and future.

Political Thought in Modern India Sterling Publishers Pvt. Ltd

This new textbook traces the evolution and development of sociology as a field of study in India and enumerates the key sociological aspects of the Indian society. This new textbook enumerates a sociological perspective by tracing the development and rise of sociology as a subject in India. Through an organized thematic understanding of the sociological aspects of Indian society, this textbook aims at analysing the continuity between the past and the present. It also brings into light the new challenges and concepts gaining ground for a fresh appraisal of the Indian society. The book refers extensively to research works beyond the disciplinary boundary of sociology to help develop a lucid yet critical understanding of a multifaceted society. Fulfilling the core requirements of UGC CBCS guidelines for undergraduate students of sociology, the book will prove to be a useful companion for students of political science, history and social work, and civil service aspirants. Key Features: - Accessible approach to topics--providing conceptual clarity, without diluting the analytical thrust - Provides a holistic understanding of each topic, covering information on major works on each theme - Content resourced on the most updated references on Indian sociology - Each chapter aided by insightful pedagogical features such as learning outcomes, key terms, glossary and points for classroom discussion
