K-Key Item Promotion/Product: Determine who you are and uniformly communicate your brand message to your entire team. E-Expenses: Become obsessed about controlling costs. T-Talent: Recruit constantly and hire people who have both experience and high potential. S-Service: Never take your customer for granted. Empower your employees to make decisions involving customer concerns.

Musical Heritage Review Greenwood

A Symphony of New Testament Hymns opens a window of insight into familiar Scripture passages - poetic passages that were later often set to music. By showing that the composers of some of these traditional New Testament, pre-60 C.E. hymns intentionally created passages that are lyrical or hymnic within the prose, this work presents the sometimes hidden depth behind their construction and meaning. Inspired by Roy Harris' *Folksong Symphony*, Father Karris arranges his treatment of *Philippians 2:6-11*, *Colossians 1:15-20*, *Ephesians 2:14-16*, *Timothy 3:16*, *2 Timothy 2:11-13*, *Titus 3:4-7*, and *1 Peter 3:18-22* in a way that faithfully addresses today's spiritual concerns, such as spirituality, ecology, reconciliation, baptism, and angels. The first book in English in thirty years to study New Testament hymns, A Symphony of New Testament Hymns brings readers greater enjoyment of these lesser-known Pauline hymns and a deepening of faith. Father Karris contends we have much to learn from what these songs proclaimed about Jesus at a time when the four

gospels hadn't been published. The first chapters, "Beginnings" and "Background," address the nature of hymns. Subsequent chapters contain a translation and analysis of the above texts, a study of contexts, key concepts and images, suggestions for reflection on the contemporary significance of the hymn, and an annotated bibliography. The concluding chapter offers a retrospective look at the many Christological themes reflected in the texts. Viewing Paul's letters and the common New Testament introduction topics from a refreshingly unique perspective, *A Symphony of New Testament Hymns* is especially appropriate for students and professors of the New Testament. Those looking for biblical spirituality, liturgists and musicians looking for new texts to set, and those in catechetical work - especially those involved in the RCIA - will also benefit from Father Karris' distinctive look at how the earliest Christians lyrically proclaimed Jesus Christ as Lord. Robert J. Karris, OFM, taught New Testament for sixteen years at Catholic Theological Union in Chicago. He is a veteran author, known primarily for his studies on Luke. He holds a ThD from Harvard University. "

A Celebration of Twentieth Century English Composers Augsburg Fortress Pub

There have been numerous publications in the last decades on the Bible in literature, film, and art. But until now, no reference work has yet appeared on the Bible as it appears in Western music. In *The Bible in Music: A Dictionary of Songs, Works, and More*, scholars Siobhán Dowling Long and John F. A. Sawyer correct this gap in Biblical reference literature, providing for the first time a convenient guide to musical interpretations of the Bible. Alongside examples of classical music from the Middle Ages through modern times, Dowling Long and Sawyer also bring attention to the Bible's impact on popular culture with numerous entries on hymns, spirituals, musicals, film music, and contemporary popular music. Each entry contains essential information about the original context of the work (date, composer, etc.) and, where relevant, its afterlife in literature, film, politics, and liturgy. It includes an index of biblical references and an index of biblical names, as well as a detailed timeline that brings to the fore key events, works, and publications, placing them in their historical context. There is also a bibliography, a glossary of technical terms, and an index of artists, authors, and composers. *The Bible in Music* will fascinate anyone familiar with the Bible, but it is also designed to encourage choirs, musicians, musicologists, lecturers, teachers, and students of music and religious education to discover and perform some less well-known pieces, as well as helping them to listen to familiar music with a fresh awareness of what it is about.

William Walton Oxford University Press, USA

The editors have selected a richly varied collection of sacred pieces for this period of the Church's year, always bearing in mind practical considerations and liturgical needs. Pieces are presented in order according to the Church's calendar, moving from Ash Wednesday and Lent, through Passiontide and Palm Sunday, to Maundy Thursday, Good Friday, Easter Eve, and Easter itself. The best of the standard repertoire is included alongside fine, less familiar, works. Ranging widely from the sixteenth century to the present day, this is a complete and practical collection for church choirs of all sizes and levels of ability.

The Church Musicians Rowman & Littlefield

Collected biography and critical evaluation of the works of selected English composers of the 20th century.

2nd Edition Greenwood

This catalog of works, organized alphabetically by composer, details the compositions of fifty-four modern British composers born between 1893 and 1923. Volume three covers composers

from Elizabeth Maconchy to David Wynne. Compositions are listed chronologically and include pertinent information about the performance, year of composition, music history, first recordings, and original manuscript location. Concert music is listed separately from documentary and feature films and from music composed for radio, television or stage. As a tool for further research, this catalog will appeal to soloists, chamber musicians and orchestral players as well as to scholars of classical music. A selective bibliography is included for each composer. Each volume includes a title index organized by composer.

His Life and Music Robert Hale

At last, a single volume that helps you find the right anthem for the specific worship day. Numerous publishers, many styles, all difficulty levels are included. Sure to become a favorite of every church musician.

William Walton Westminster John Knox Press

Choral composition was an important and constant thread throughout Walton's composing career, and this volume brings together all his choral works designed to be sung a cappella or with organ: anthems, carols, partsongs, and service settings.

BBC Music Magazine John Wiley & Sons

William Walton Muse of Fire Boydell & Brewer

The Gramophone Church Publishing, Inc.

First published in 1964.

William Walton: A Catalogue Bosworth & Company Limited

This is a superbly entertaining overview of the Church of England over the last fifty years. The image of Sung Evensong may seem timeless, but the patterns of Anglican worship have changed continuously. Beginning with the great Victorian modernisers who stamped their taste on music as much as church buildings, we are taken on a memorable and entertaining musical tour that takes in: the impact of the Wesleys, the publication of "Hymns Ancient & Modern", the great organ builders, Willis and Walker, Vaughan Williams and the "English Hymnal", the Royal School of Church Music, The hymn writing explosion and the electronic age. All this and more presented here in Trevor's inimitable and sharply observant style.

Choral Literature for Sundays and Seasons London ; New York : Oxford University Press

This bio-bibliography of one of the most important contemporary British composers begins with a brief biographical sketch. Works and first performances are listed alphabetically by title, and each entry is followed by the relevant bibliographic citation numbers. The discography includes sound recordings in all formats. The major portion of the work, the bibliography, is divided into articles and reviews; books, theses, and dissertations; articles by Walton; and films. The archival section lists collections of Walton's music manuscripts, letters, and miscellanea. Two appendices contain a chronological listing of works and first performances, and a works lists arranged by classification. An index of individuals and performance ensembles completes the work, which will serve as a significant addition to university libraries and departments of music. William Turner Walton (1902-1983) was born in Oldham, England. He showed an early talent for composition and had written several significant works by 1916. Following his failure to graduate from Oxford, Walton took up residence with the Sitwell family in Chelsea and embarked upon one of the most productive phases of his career. Acclaimed as a milestone in British choral music, *Belshazzar's Feast* premiered in 1931, and its instant success established Walton firmly among the ranks of important contemporary British composers. Subsequently, Walton began work on his *Symphony No. 1* and simultaneously wrote his first film score, one of many first-class scores he composed for movies including *As You Like It*, *Henry V*, and *Chekhov's Three Sisters*. Walton traveled to Argentina in 1948, where he met and married

his wife Susana. The couple returned to London, but soon relocated to a villa on Ischia, an island off the coast of Naples. Another fruitful period ensued, marked by many important commissions. The composer died in 1983, and a foundation was later established for the purpose of transforming the villa into a performing arts center.

Oxford Dictionary of National Biography: Walliers-Walles
Oxford University Press
My book begins with a brief consideration of what we mean by “English music” and what factors are involved. I explain the reasons behind my choice of composers for consideration, and for the omissions from the survey.
