Arguably the most profound mystic of the 20th century, Rav Yehuda Ashlag is revered by students of Kabbalah even today for his rare ability to make complex concepts intelligible. The Wisdom of Truth covers all of the basic truths of Kabbalah, focusing on human dignity and how people must behave toward one another in order to eliminate chaos in the world. This new translation from the original Hebrew has been completely re-edited by renowned scholar Michael Berg, who has also provided a helpful introduction.

Introduction to the Cabala Mod Books

Contains: Equidistant letter sequences in the book of Genesis / Doron Witztum, Eliyahu Rips, and Yoav Rosenberg.

The Form of Prayers Wipf and Stock Publishers

The classic guide to the ageless heritage of Judaism Embraced over many decades by hundreds of thousands of readers, To Be a Jew offers a clear and comprehensive introduction to traditional Jewish laws and customs as they apply to daily life in the contemporary world. In simple and powerful language, Rabbi Hayim Halevy Donin presents the fundamentals of Judaism, including the laws and observances for the Sabbath, the dietary laws, family life, prayer at home and in the synagogue, the major and minor holidays, and the guiding principles and observances of life, such as birth, naming, circumcision, adoption and conversion, Bar-mitzvah, marriage, divorce, death, and mourning. Ideal for reference, reflection, and inspiration, To Be a Jew will by greatly valued by anyone who feels that knowing, understanding, and observing the laws and traditions of Judaism in daily life is the essence of what it means to be a Jew.

Lincoln and the Jews CreateSpace

This is the most significant work to come from the pen of Antonio Enriquez Gomez. This volume contains the manuscript of Romance al divin Martir in its entirety--in its original form as well as edited--with a full and wide-ranging analysis that resolves some of the mysteries of Antonio Enriquez Gomez's biography as well as clearly explaining Gomez's political views and religious attitudes.

The Wisdom of Truth KTAV Publishing House, Inc.

The Bahir is one of the oldest and most influential of all classical Kabbalah texts. Until the publication of the Zohar, the Bahir was the most widely quoted primary source of Kabbalistic teachings. The Bahir is quoted in every major book on Kabbalah, the earliest being the Raavad's commentary on Sefer Yetzirah, and it is cited numerous times by Rabbi Moshe ben Nachman (Ramban) in his commentary on the Torah. It is also quoted many times in the Zohar. It was first published around 1176 by the Provence school of Kabbalists; the first printed edition appeared in Amsterdam in 1651. The name Bahir is derived from the first verse quoted in the text (Job 37:21), "And now they do not see light, it is brilliant (Bahir) in the skies." It is also called the "Midrash of Rabbi Nehuniah ben HaKana," particularly by the Ramban. The reason might be that Rabbi Nehuniah's name is at the very beginning of the book, but most Kabbalists actually attribute the Bahir to him and his school. Some consider it the oldest kabbalistic text ever written. Although the Bahir is a fairly small book, some 12,000 words in all, it was very highly esteemed among those who probed its mysteries. Rabbi Judah Chayit, a prominent fifteenth-century Kabbalist, writes, "Make this book a crown for your head." Much of the text is very difficult to understand, and Rabbi Moshe Cordevero (1522-1570), head of the Safed school of Kabbalah, says, "The words of this text are bright (Bahir) and sparkling, but their brilliance can blind the eye." One of the most important concepts revealed in the Bahir is that of the Ten Sefirot, and careful analysis of these discussions yields much of what will be found in later kabbalistic works, as well as their relation to anthropomorphism and the reason for the commandments. Also included is a discussion of

reincarnation, or Gilgul, an interpretation of the letters of the Hebrew alphabet, the Thirty-two Paths of Wisdom, and the concept of Tzimtzum.

A Guide to Jewish Religious Practice Courier Corporation

Since man was created "in the image of God," each organ of the human body has a spiritual as well as physical meaning. Based on Rebbe Nachman of Breslov's teachings, this fascinating study uncovers the mystical connection between each aspect of the human body - the skeletal and muscular system, the circulatory and respiratory systems, the reproductive system, and more - and the Ten Sefirot, plus the five levels of the soul. Heighten your awareness of the awesome spiritual power you have at your fingertips, and in all your other limbs as well.

Explains the Tree of Life in 20th-century terms so that its blossoms may flower for another season.

The best introductory text, written by a living practicing teacher from the classical tradition.

Pirkei D'Rebbi Eliezer Feldheim Publishers

The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

Sails of Hope; the Secret Mission of Christopher Columbus Feldheim Publishers

Jesus was a Jew who was born, lived, and died within first-century Judaism. His lifestyle was characteristic of the Jews of that day. Since the New Testament is highly Hebraic- background, writers, culture, religion, traditions, concepts, etc.- any full understanding needs this perspective.

Rome and Jerusalem Arkose Press

This book of prophetic Kabbalah teaches how to create the "external" and "internal" environment for successfully receiving the "Spirit of Propechy." It presents a clear, precise and revolutionary method for the one who feels the call but has gotten lost along the way and failed to reach the state of enlightenment.

Meditation and Kabbalah Rowman & Littlefield

THE BOOK OF GENESIS is the key to the Bible. In the New Testament it is quoted twenty-seven times literally and thirty-eight times substantially. It tells in a very few words how God first imaged man and the universe and then turned the development over to Jehovah, who has been in a process of manifestation for ages and aeons. The "Five Books of Moses," of which Genesis is the first, have always been credited to Moses, but that he was the author seems doubtful in the face of the many stories of creation found in the legends and hieroglyphs of ancient Egypt, Chaldea, and other nations that are almost identical with those of Genesis. It would thus seem that Moses edited the legends of the ages and compiled them into an allegorical history of creation. The truths in this book will be revealed to the reader through his own spiritual unfoldment. Spiritual things are spiritually discerned. The spiritual revelations that you seem to get from books and teachers already existed as submerged experiences in your own soul. The essential truths have been

worked out in this or previous incarnations, and when you were reminded of the buried idea it blazed forth as a light from without. So all that you are or ever will be must come from your own spiritual achievements.

Ten Myths About the Jews Weiser Books

A completely redone version of a treasured classic. This newly translated volume, complete with facing Hebrew-English text and shoulder captions for clarity, revitalizes the study of Rabbi Moshe Chaim Luzzatto's classic ethical work. The Path of the Just has long been regarded as the crown-jewel of mussar study. The Gaon of Vilna constantly kept a copy of Mesillas Yesharim at his side, and yet the piercing wisdom of the Ramchal is just as relevant to our own lives. The author gently guides the reader through various levels of character refinement, shining a beacon of life on the path to perfection.

Among all the texts and notes of Rabbi Baruch Shalom Halevi Ashlag (the Rabash), there was one special notebook he always carried. This notebook contained the transcripts of his conversations with his father, Rabbi Yehuda Leib Halevi Ashlag (Baal HaSulam), author of the Sulam (Ladder) commentary on The Book of Zohar and of many other works on Kabbalah. Not feeling well on the Jewish New Year in September 1991, the Rabash summoned his primary student and personal assistant, Michael Laitman, to his bedside and handed him that notebook. Its cover contained only one word, Shamati (I Heard). As he handed the notebook to him, he said to Laitman, "Take it and learn from it." The following morning, he perished in Laitman's arms, leaving him and many of his other students without guidance in this world. Committed to Rabash's legacy to spread the wisdom of Kabbalah, Laitman published the notebook just as it was written, thus retaining the text's transforming powers. Among all the books of Kabbalah, Shamati is a unique and compelling composition whose power persists long after the reading is through.

Introducing Jungian Psychology Weiser Books

One hundred and fifty years after Abraham Lincoln's death, the full story of his extraordinary relationship with Jews is told here for the first time. Lincoln and the Jews: A History provides readers both with a captivating narrative of his interactions with Jews, and with the opportunity to immerse themselves in rare manuscripts and images, many from the Shapell Lincoln Collection, that show Lincoln in a way he has never been seen before. Lincoln's lifetime coincided with the emergence of Jews on the national scene in the United States. When he was born, in 1809, scarcely 3,000 Jews lived in the entire country. By the time of his assassination in 1865, large-scale immigration, principally from central Europe, had brought that number up to more than 150,000. Many Americans, including members of Lincoln's cabinet and many of his top generals during the Civil War, were alarmed by this development and treated Jews as second-class citizens and religious outsiders. Lincoln, this book shows, exhibited precisely the opposite tendency. He also expressed a uniquely deep knowledge of the Old Testament, employing its language and concepts in some of his most important writings. He befriended Jews from a young age, promoted Jewish equality, appointed numerous Jews to public office, had Jewish advisors and supporters starting already from the early 1850s, as well as later during his two presidential campaigns, and in response to Jewish sensitivities, even changed the way he thought and spoke about America. Through his actions and his rhetoric—replacing "Christian nation," for example, with "this nation under God"—he embraced Jews as insiders. In this groundbreaking work, the product of meticulous research, historian Jonathan D. Sarna and collector Benjamin Shapell reveal how Lincoln's remarkable relationship with American Jews impacted both his path to the presidency and his policy decisions as president. The volume uncovers a new and previously unknown feature of Abraham Lincoln's life, one that broadened him, and, as a result, broadened America. *The History of Lashon Hakodesh* Yale University Press

In this engaging intellectual autobiography, Georges Duby looks back on a career that has led him to be called one of the most distinguished historians in the Western world. Since its beginning in the 1940s, Duby's career has been rich and varied, encompassing economic history, social history, the history of mentalities, art history, microhistory, urban history, the history of women and sexuality, and, most recently, the Church's influence on feudal society. In retracing this singular career path, Duby candidly remembers his life's most formative influences, including the legendary historians Marc Bloch and Lucien Febvre, the Annales School so closely associated with them, and the College de France. Duby also offers insights about the proper methods of gathering and using archival data and on constructing penetrating interpretations of the documents. Indeed, his discussion of how he chose his subjects, collected his materials, developed the arguments, erected the scaffolding and constructed his theses offers the best introduction to the craft available to aspiring historians. Candid and charming, this book is both a memoir of one of this century's great scholars and a history of the French historical school since the mid-twentieth century. It will be required reading for anyone interested in the French academic milieu, medieval history, French history, or the recording of history in general. Georges Duby, a member of the Academie francaise, for many years held the distinguished chair in medieval history at the College de France. His

numerous books include *The Age of Cathedrals*; *The Knight, the Lady, and the Priest*; *Love and Marriage in the Middle Ages*; and *The Three Orders*—all published by the University of Chicago Press.

Ten Myths about the Jews analyzes the complex facets of anti-Semitism and anti-Judaism in an accessible and easy-to-read format. Based on wide research, Brazilian historian Maria Luiza Tucci Carneiro examines different manifestations against Jews and their faith through history and political culture along the centuries. Ten omnipresent accusations were configured by anti-Semites in axioms that became myths: Myth 1: The Jews killed Christ. Myth 2: The Jews are a secret entity. Myth 3: The Jews control the world economy. Myth 4: There are no poor Jews. Myth 5: The Jews are greedy. Myth 6: The Jews have no homeland. Myth 7: The Jews are racists. Myth 8: The Jews are parasites. Myth 9: The Jews control the media. Myth 10: The Jews manipulate the United States. Tucci Carneiro unmasks the roots of anti-Semitism and exposes contemporary prejudices. Her book is an invitation to reflect upon current realities marked by racism and shows how the main myths

about the Jews have been vested of a verisimilitude that has persisted for the last 2000 years, all over the world, by means of hatred of the other, political/religious opportunism and economic deceit. The myths are kept alive by means of constant repetition and re-elaboration of a particular narrative, invariably seductive. The author proves each of the ten myths in terms of their historical record, their origins and purposes. Even though Jews are fully integrated into western society in multiple ways (entrepreneurship, medicine, literature, philosophy, the arts), racist myths against the community have been particularly resilient; they attempt to override common sense and their continuous circulation and rehashing through scapegoating and caricature has had profound negative repercussions for society as a whole. *Ten Myths*, now published in five languages, is an essential tool in the struggle against the discourse of racist hatred.

[The Combat Myth in the Book of Revelation](#) Schechter Institute of Jewish Studies

Among the minority religions of the Western world Judaism is the oldest-established and in many ways the most familiar. Yet it is a religion about which there are many misconceptions, partly because of certain stereotypes derived from Christian missionary propoganda of an earlier age. Nicholasde Lange aims to set the record straight by presenting Judaism from the inside, but in a way accessible to non-Jewish readers.
