### **Working on the Wild**

**Side** Random House  
CITYBOY is Geraint Anderson's bestselling exposé of life in the City of London. In this no-holds-barred, warts-and-all account of life in London's financial heartland, Cityboy breaks the Square Mile's code of silence, revealing tricks of the trade and the corrupt, murky underbelly at the heart of life in the City. Drawing on his experience as a young analyst in a major investment bank, the six-figure bonuses, monstrous egos, and the everyday culture of verbal and substance abuse that fuels the world's money markets are brutally exposed as Cityboy

describes his ascent up the hierarchy of this intensely competitive and morally dubious industry, and how it almost cost him his sanity.

*Mathematical Buds* Harper Voyager

The book *Working on the Wild Side* is collection of sixty short stories about the author's twenty-five-year career as a wildlife officer. The stories tend to focus on the humorous things he encountered over the years. Instead of the blood and guts stories, it is more about the funny things people said or did.

between gas-turbine, jet, rocket, ramjet and helicopter turbo shaft aero engines and traces their histories from the early days through to today's complex and powerful units as used in the latest wide-bodied airliners and high performance military jets.

Maryam Baouardy is a daughter of Galilee, from a very poor family. At the age of three, she lost her father and mother and was adopted by her uncle. She never learned how to read or write, but her life became a remarkable succession of supernatural manifestations, worthy of Catherine of Siena or Teresa of Avila, from the stigmata to singular battles against Satan. From where does she

draw the heavenly wisdom, childlike yet strong, that made her loved by all? Where does this burning love that consumes her come from? For her, just as for St. Paul, "to live is Christ". This beautiful "Lily of Palestine" became Sr. Maryam of Jesus Crucified in the Carmelite Order. Both humble guardian of the grille and formidable forewoman, she was often visited by Jesus and Mary. The words she transmits from them, pearls of great price, are significant for us today as they enlighten the future of our broken world. Maryam died in Bethlehem in her 33rd year, on August 26, 1878, shortly after the birth of Thérèse of Lisieux in France. Pope John Paul II beatified her on November 13, 1983. It is impossible to know Maryam without falling in love with her, without yearning for holiness, at her school.

Elsewhere, a primate named Ran is leaving his forest home for the first time. His big brother, desperate to find a partner, uproots them for the city, where the feline racial majority is preparing their first interplanetary mission- despite strange rumors of a psychosis-causing epidemic spilling over their borders. Phoenix Dawn is an illustrated novel of first contact, the struggle to empathize with people who live and love in unfamiliar ways, and the life-changing crisis of meeting one's gods firsthand.

Through the lens of polio, Dóra Vargha looks anew at international health, communism and Cold War politics. This title is also available as Open Access. *The Big Book of Top Gear 2010*

In our world, called the Verite, he is a Scottish laird, an engineer, and a master of virtual reality design. In the computer-generated universe of Virtu, created by the crash of the World Net, he

is a living legend. Scientist and poet with a warrior's soul, Donnerjack strides like a giant across the virtual landscape he helped to shape. And now he has bargained with Death himself for the return of love. The Lord of Entropy claimed Ayradyss, Donnerjack's beloved dark-haired lady of Virtu, with no warning, leaving a hole in the Engineer's heart. But Death offered to return her to him for a price: a palace of bones...and their first-born child. Since offspring have never before resulted from any union of the two worlds, Donnerjack accepts Death's conditions--and leads his reborn lover far from the detritus and perpetual twilight of Deep Fields to his ancestral Scottish lands, hoping to build a sanctuary and a self for Ayradyss in the first world. But there is no escaping, because cataclysmic change is taking place in Virtu. A bizarre new religion is sweeping through this ever-shifting universe where the homely can be virtually beautiful, the lame can walk and the blind can see. Now it's threatening to spill over into Verite. And its credo is a call for a different kind of order. For all the

ancient myths still occupy Virtu. And the Great Gods on Mt. Meru are amassing great armies in anticipation of the time when a vast computer system attempts to take over the reality that constructed it.

### **Charles Bukowski**

'Fear makes me a writer, fear and a lack of confidence' Charles Bukowski chronicled the seedy underside of the city in which he spent most of his life, Los Angeles. His heroes were the panhandlers and hustlers, the drunks and the hookers, his beat the racetracks and strip joints and his inspiration a series of dead-end jobs in warehouses, offices and factories. It was in the evenings that he would put on a classical record, open a beer and begin to type... Brought up by a violent father, Bukowski suffered childhood beatings before developing horrific acne and withdrawing into a moody adolescence. Much of his young life epitomised the style of the Beat generation - riding Greyhound buses, bumming around and drinking himself into a stupor. During his lifetime he published more than forty-five books of poetry and prose, including the

novels Post Office, Factotum, Women and Pulp. His novels sold millions of copies worldwide in dozens of languages. In this definitive biography Barry Miles, celebrated author of Jack Kerouac: King of the Beats, turns his attention to the exploits of this hard-drinking, belligerent wild man of literature.

### The Journal of Classical and Sacred Philology

This book contains over 60 recipes, each introduced with an insightful historical story or anecdote, and an accompanying image, spanning such delicacies as aspic, borscht, caviar and herring, by way of bird's milk cake and pelmeni. As the Soviet Union struggled along the path to Communism, food supplies were often sporadic and shortages commonplace. Day to day living was hard, both the authorities and their citizens had to apply every ounce of ingenuity to maximize often inadequate resources. The stories and recipes contained here reflect these turbulent times: from basic subsistence meals consumed by the average citizen (okroshka), to extravagant banquets

held by the political elite (suckling pig with buckwheat), and a scattering of classics (beef stroganoff) in between. Illustrated using images sourced from original Soviet recipe books collected by the author. Many of these sometimes extraordinary-looking pictures depicted dishes whose recipes

used unobtainable ingredients, placing them firmly in the realm of 'aspirational' fantasy for the average Soviet household. In their content and presentation the pictures themselves act as a window into cuisine of the day, in turn revealing the unique political and social attitudes of the era.
