When a bad day at work culminates in losing out on a promotion, Jim Sanders shifts into his animal form to let off

steam. Then his bad day turns into a bad night-while prowling his Atlantic City neighborhood as a large gray house cat, he's caught in a torrential downpour. What little luck he has washes down the gutter when his new boss, Andrew Wright, catches him taking shelter on his porch, brings him inside, and starts

calling him Mr. Frosty. As a feline, Jim becomes the inadvertent confessor for his boss's lonely son, Tony, a victim of schoolyard bullying. As a human, he feels drawn to Andrew, a man he wanted to resent. Finding love was never part of Jim's plan for the future-not with his bizarre secret-yet suddenly he finds himself navigating that minefield anyway. But not everything is easy, especially for an interracial gay couple dealing with prejudice in the workplace, at Tony's school, and even within their own families.

A memoir by the mustachioed baseball pitcher who went playing rocky, trash-ridden fields in Castro's Cuba to becoming a Boston Red Sox legend. Luis Tiant is one of the most charismatic and accomplished players in Boston Red Sox and Major League Baseball history. With a barrel-chested physique and a Fu Manchu mustache, Tiant may not have looked like the lean, sculpted ace he usually played against, but nobody was a tougher competitor on the diamond, and

few were as successful. There may be no more qualified twentieth-century pitcher not yet enshrined in the National Baseball Hall of Fame. His big-league dreams came at a price: racism in the Deep South and the Boston suburbs, and nearly fifteen years separated from a family held captive in Castro's Cuba. But baseball also delivered World Series stardom and a heroic return to his island home after close to a half-century of forced exile. The man whose name—"El Tiante"—became a Fenway Park battle cry has never fully shared his tale in his own words, until now. In *Son of Havana*, Tiant puts his heart on his sleeve and describes his road from torn-up fields in Havana to the pristine lawns of major league ballparks. Readers will share Tiant's pride when appeals by a pair of

US senators to baseball-fanatic Castro secure freedom for Luis's parents to fly to Boston and witness the 1975 World Series glory of their child. And readers will join the big-league ballplayers for their spring 2016 exhibition game in Havana, when Tiant—a living link to the earliest, scariest days of the Castro regime—threw out the first pitch.

What role does oxytocin play in the many changes that occur during pregnancy and breastfeeding designed to make mothers better mothers? How does birth, breastfeeding, and skin-to-skin contact affect oxytocin release? How do birth interventions--epidurals, Cesarean sections, oxytocin infusions, and medications--impact oxytocin release? And how does oxytocin release

(or lack of) impact the mother and baby? After many years of researching oxytocin, author, physician, and researcher Dr. Kerstin Uvnas-Moberg presents compelling scientific data that demonstrates the important role oxytocin plays in motherhood. In this book Dr. Uvnas-Moberg describes how oxytocin helps mothers access an inborn female competence that helps them transition to motherhood and give birth more easily, feel better after birth, breastfeed with fewer problems, and establish a good connection with their children. She also explains the impact oxytocin release has on infants--helping them become better at handling stressful situations and impacting their future health. This book provides scientific data to demonstrate that

oxytocin plays an important role far beyond stimulation of uterine contractions during birth and milk ejection during breastfeeding, including the following: Oxytocin is a signaling substance in the brain that when released during birth, skin-to-skin contact, and breastfeeding induces important physiological and psychological adaptations in the mother and infant. The way we give birth, handle, feed, and interact with our infants may influence the release of oxytocin and the development of the both short-term and long-term oxytocin-linked effects in both mothers and infants. Medical interventions during birth may influence the release of oxytocin and the development of the oxytocin-linked effects. Anyone working

with pregnant and breastfeeding mothers will find this book enlightening and thought-provoking. It will give you evidenced-based information to change practices to protect oxytocin release during birth and in the postpartum period and to better inform new mothers about the role oxytocin plays in pregnancy, birth, and breastfeeding; the importance of natural birth, skin-to-skin contact, and breastfeeding; and the impact of birth interventions." *Basic Conducting Techniques* Routledge In the latest novel from the New York Times bestselling author of *Agony of the Leaves*, Indigo Tea Shop owner Theodosia Browning may always be a bridesmaid, never a bride, but this groom is never going to make it to the altar... Theodosia Browning's dear friend

Delaine Dish has asked her to be a bridesmaid for her wedding. But when the big day arrives, everything seems to be going wrong. First, a massive storm is brewing over Charleston. A bad omen? Second, Delaine's sister is late for the ceremony. And finally, the groom not only has cold feet—his whole body is cold. A murderer has crashed the wedding. As Theodosia comforts a devastated Delaine, she needs to sort out the suspects on the groom's side from the suspects on the bride's side. One thing soon becomes apparent—revenge won't be the only dish served cold at this wedding. And if Theodosia doesn't watch her step, a cold-blooded killer may have a rude reception in store for her...

### **4th Canada-France MITACS Workshop, FPS 2011, Paris, France, May 12-13, 2011, Revised Selected Papers**

A fierce war rages for your soul. Are you ready for battle? Like it or not, you are at war. You face a powerful enemy out to destroy you. You live on the battlefield, so you can't escape the conflict. It's a spiritual war with crucial consequences in your everyday life and its outcome will determine your eternal destiny. You must engage the Enemy. And as you fight, you need a Manual for Spiritual Warfare. This guide for spiritual warriors will help you recognize, resist, and overcome the Devil's attacks. Part One, "Preparing for Battle," answers these

critical questions: • Who is Satan, and what powers does he have? • What are his typical strategies? • Who fights him alongside us in battle? • What spiritual weapons and armor do we possess? • How do we keep the Enemy out of our camp? Part Two, “Aids in Battle,” provides you these essential resources:

- Teaching about spiritual warfare from Scripture and Church documents
- Scripture verses for battle
- Wisdom and inspiration from saints who fought Satan
- Prayers for protection, deliverance, and victory
- Rosary meditations, hymns, and other devotions for spiritual combat

St. Paul urges us to “fight the good fight of the faith” (1 Tim 6:12). Take this Manual for Spiritual Warfare with you into battle. The beautiful Premium UltraSoft gift edition features

sewn binding, ribbon marker and silver edges.

### **Anuario bibliográfico peruano**

A stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man as dedicated to his craft as he is to the skateboarding lifestyle that has inspired it.

Skateboarding is more than a hobby, it is a way of life that shapes everything from music to fashion, video to art. 300 awe-inspiring images communicate the stories of some of skateboarding's finest athletes including Eric Koston and Stevie Williams.

### PC Mag

Mobiles magazine est depuis 1997 le magazine de référence en langue française sur les téléphones mobiles, avec plus de 15.000 pages publiées et

1.000 tests de produits depuis le n°1. Tous les mois, Mobiles magazine décrypte les tendances, teste les nouveaux modèles et apporte à ses lecteurs le meilleur des informations pratiques pour être à la pointe des usages et produits mobiles.

### **The Art of Skateboarding Photography**

This book constitutes the carefully refereed and revised selected papers of the 4th Canada-France MITACS Workshop on Foundations and Practice of Security, FPS 2011, held in Paris,

France, in May 2011. The book contains a revised version of 10 full papers, accompanied by 3 keynote addresses, 2 short papers, and 5 ongoing research reports. The papers were carefully reviewed and selected from 30 submissions. The topics covered are pervasive security and threshold cryptography; encryption, cryptanalysis and automatic verification; and formal methods in network security.
