

CD-ROM Cambridge University Press

Advanced English in a Nutshell is a short, detail free book that sheds light on the highlights and major grammatical points in a clear and effective manner. Getting lost in the endless variations of grammatical rules can be extremely distracting and most of the time disappointing. For this purpose, the book is not designed to dig deep into the limitless details of grammatical rules rather it is a kind of a review to the most necessary forms and structures that students need to use in academic tests in order to get high scores. In all tests candidates' performance is assessed according to the type of grammatical structures they are using while they are speaking or writing. The candidate who sticks to present simple and continuous forms, for instance, is not expected to get a high score in terms of structure because of the use of simple grammatical forms. Thus, it does make sense for candidates to use a variety of complex and simple structures to give the impression that they have a good mastery and command of the language.

Advanced Grammar in Use/English Vocabulary in Use: Upper Intermediate and Advanced with Answers Editions Pack Ernst Klett Sprachen

CD-ROM provides over 200 extra exercises to help you practice the grammar presented.

Self-study Reference and Practice for Students of North American English Ernst Klett Sprachen

This best-seller presents grammatical structures through sophisticated and up-to-date contexts. The wide range of communicative activities, newly simplified charts, and an expanded writing section lead students from grammar recognition to production.

Grammar for Business with Audio CD Cambridge University Press

Advanced Grammar in Use contains 120 units of grammar explanation and practice exercises. It provides coverage of those language areas advanced-level students will find most rewarding to study. It retains the clarity of presentation of other books in the 'in Use' family. Two-page units present grammar explanation and examples, including typical student mistakes, on left-hand pages, and useful and varied practice on right-hand pages. Extra practice exercises at the back provide further challenging and contrastive practice of grammar points from different units. A study guide helps students find those areas most appropriate for their study. Grammar areas are cross-referenced throughout. There are useful appendices dealing with verb forms, and a glossary and all answers are given at the back.

A Self-Study Reference and Practice Book for Elementary Students of English Cambridge University Press

Advanced Grammar in Use Second edition is a fully updated version of the highly successful grammar title. This new revised edition focuses specifically on the complexities of grammatical choices that advanced students need to appreciate. It also includes a comprehensive Basic Grammar Reference so students can easily review their understanding of language areas they have previously studied. The book is available both with and without answers making it ideal for use in the classroom or for self-study. The 'with answers' version of the book is also available with a comprehensive CD-ROM for extra practice of all the grammar covered in the main book.
