### **Cveti, Flowers, Russia n-English Illustrated Dictionary, Bilingual**

Applewood Books

This gorgeously photographed volume celebrates the most influential floral designers today. In Full Flower is a compilation of a new wave in contemporary floral design, featuring artists who combine traditional techniques with an organic, free-form, “back-to-nature” style. The opposite of buttoned-up and manicured arrangements, this survey includes over twenty of the most celebrated and influential artists across the United

States who are rewriting the rules of floral design. In Full Flower is the first overview of artists working in this aesthetic. Gorgeous photographs depict the artists’ process as well as final designs, captured both as still lifes and environments. In addition, the wanderlust-inducing gardens and inspired interiors exhibit both rustic and urban eco-chic—simple luxury living embodied by these artists that all homeowners will appreciate. With over 300 original color images and short writing on each artists’ inspirations and philosophies, this spectacularly inspiring floral survey will be treasured by lovers of beautiful flowers and interiors alike.

\*\* Revised based on reviews to include: New professionally shot large print flower pictures, each flower's name and their floriography or symbolic meanings based on popular cultures. All versions of our picture books (Paperback and E-book) are discreetly made, to make sure there are no mention of Dementia, memory loss, Alzheimer, Parkinson, or any form of sicknesses, and saddening words, both in the titles of the books and interiors. In addition, our books are kept as simple and with the fewest

number of pages as possible, based on medical professional advice. This is to prevent the users from getting overwhelmed, which is the reason they lose interest in "normal books" We implore our customers to check the number of pages available in our books before ordering. This is because, compared to normal books, our dementia books are of more fewer pages, which might be a turn off to some customers. But be re-assured, dementia patients, especially seniors, appreciate our books' content and the fact that they can easily pick them up and finish reading within minutes. Having conversations with seniors with dementia (Alzheimer's, Parkinson's, memory

loss or those rehabilitating after a stroke; even adults suffering from other life's lows) can be challenging. So do finding activities they show interest in. This title offers a solution to get our loved ones' attention, with the aid of colorful high resolution pictures of common flowers. These pictures come with each flower's name. They are everyday flowers seen in gardens, and at parks, making them easy to recognize. This title will help reduce anxiety, bring back memories, and ultimately make seniors happy; having a sense of accomplishment when they see the flowers they love.
