Writer Mama Very Nice NotebookA versatile notebook for taking notes, expressing feelings and organizing ideas. It has a nice cover that relaxes the attention and attracts the attention of others. Available in 200 white pages measuring 6 x 9 inches.Longarm 348Longarm in Hell's Half Acre Rodgers and Hammerstein's Tony and Pulitzer Prize-winning musical "South Pacific" has remained a mainstay of the American musical theater since it opened in 1949, and its powerful message about racial intolerance continues to resonate with twenty-first century audiences. Drawing on extensive research in the Rodgers and the Hammerstein papers, including Hammerstein's personal notes on James A. Michener's Tales of the South Pacific, Jim Lovensheimer offers a fascinating reading of "South Pacific" that explores the show's complex messages and demonstrates how the presentation of those messages changed throughout the creative process. Indeed, the author shows how Rodgers and especially Hammerstein continually refined and softened the theme of racial intolerance until it was

more acceptable to mainstream Broadway audiences. Likewise, Lovensheimer describes the treatment of gender and colonialism in the musical, tracing how it both reflected and challenged early Cold War Era American norms. The book also offers valuable background to the writing of "South Pacific," exploring the earlier careers of both Rodgers and Hammerstein, showing how they frequently explored serious social issues in their other works, and discussing their involvement in the political movements of their day, such as Hammerstein's founding membership in the Hollywood Anti-Nazi League. Finally, the book features many wonderful appendices, including two that compare the original draft and final form of the classic songs "I'm Gonna Wash That Man Right Out-a My Hair" and "I'm In Love With a Wonderful Guy." Thoroughly researched and compellingly written, this superb book offers a rich, intriguing portrait of a Broadway masterpiece and the era in which it was created.

Quality Questioning Oxford University Press

"The authors present ten essential components to successfully restructure schools. They organize these components into three categories: the visionary elements, quality improvement elements, and collaborative elements." "The process of restructuring begins with a total reconceptualization of what schools are for and how they function. During this process, educational leaders must work to create a shared vision of success where student performance improves and the school is viewed as a model of organizational excellence. Once the school vision and mission have been developed and articulated, school leaders facilitate the realignment of curriculum, instruction, and assessment, while reorganizing the school to fit the school's newly defined mission." "After presenting the visionary elements of restructuring, the authors discuss concrete ways to improve school quality. Enhancing the teaching profession, implementing school-centered decision making, expanding the use of technology, and providing excellent service lead to higher standards and improved performance for students, teachers, and administrators." "The collaborative elements of restructuring include increasing parent and community involvement, building collaborative relationships internally and externally, and providing extended services. The authors emphasize the importance of building collaborative relationships within schools and then extending those relationships to the broader school community."

A novel of one desperate woman's hopes and desires set in contemporary Prague from "a literary gem who is too little appreciated in the West" (The Boston Globe). Divorced, approaching fifty, and mother to a rebellious fifteen-year-old, Kristyna is beginning to feel the strain of her bleak existence—until she finds a new sense of joy when she begins a love affair with a man fifteen years her junior. But her escape into romance is far from complete. She worries about her daughter Jana, who has been cutting school, and may be using heroin—the latest plague on the city. And Kristyna's mother has forced her to accept the personal papers of her dead father, a tyrant whose Stalinist ideals she despised. At a crossroads in her life, she must find a way to put the past behind her and deal with the challenges of the present in a Czechoslovakia that is still trying to overcome years of communist oppression. In this Washington Post Best Book of 2001, Klima "unflinchingly presents the problems facing modern Prague and civilization in general . . . [and] fills it with mercy" (San Francisco Chronicle).

Independent checkpointing allows maximum process autonomy but suffers from potential domino effects. Coordinated checkpointing eliminates the domino effect by sacrificing a certain degree of process autonomy. In this paper, we propose the technique of lazy checkpoint coordination which preserves process autonomy while employing communication-induced

checkpoint coordination for bounding rollback propagation. The introduction of the notion of laziness allows a flexible trade-off between the cost for checkpoint coordination and the average rollback distance. Worst-case overhead analysis provides a means for estimating the extra checkpoint overhead.

Communication trace-driven simulation for several parallel programs is used to evaluate the benefits of the proposed scheme for real applications. Wang, Yi-Min and Fuchs, W. Kent Unspecified Center N00014-91-J-1283; NAG1-613...

Text and Atlas Little, Brown Books for Young Readers

English Puritans of the Stuart era were divided by a number of questions. The greatest of these asked what constitutes salvation and restoration from sin. All agreed that it was by grace through faith. But few could agree on how to define sin, grace, and faith. Richard Sibbes consciously followed Augustine, Martin Luther, and John Calvin in defining sin as self-love and grace as God's redemptive love in Christ. His theology centered on the love of God expressed through Christ and offered by the Spirit; and faith as a response to that love. This produced a winsome and transforming theology of union with Christ and communion with God. In this he was a counterweight to the spread of moralistic Puritan theologies in his day.
