A Caribbean Examinations Council Study Guide

Human and Social Biology for CSEC

This exciting and accessible new full-colour book has been developed to support students following the Human and Social Biology syllabus for CSEC. Features include an appealing design that focuses on presenting concepts clearly and in an understandable way. The content will appeal to students who need a simple presentation of material and questions throughout the course to reinforce learning of new concepts. Revision summaries for each section that help students remember the important information and clearly labelled artwork that illustrates and aids

understanding of the text.

Human and Social Biology
Collins

These Study Guides have been developed exclusively with the Caribbean Examinations Council (CXCRG) to be used as an additional resource by candidates who are following the Caribbean Secondary Education Certificate (CSECRG) programme. They provide candidates with extra support to help them maximise their performance in their examinations.

Human and Social Biology for CSEC MacMillan

An attractive and inspiring book, written specifically for the CSEC syllabus in Human and Social Biology by experts in the region, this book offers students and their teachers a comprehensive resource to prepare for the CSEC examination. Clearly written by practising teachers, and with full-colour illustrations throughout, the book covers everything that students need to know, and in addition contains invaluable guidance on preparing for and conducting the School Based Assessment component of the syllabus. The book offers a step-by-step treatment of the syllabus with a

clear outline of its structure and function, relating the biological and the social aspects, and with clear definitions and explanations of scientific language. Considerable help and guidance is given on the practical as well as the theoretical aspects of the syllabus, and students whose time in the laboratory may be limited will find many experiments and procedures clearly explained and illustrated.

Human and Social Biology for CSEC Hodder Education

A revised and rearranged fourth edition of our previously titled CXC Biology. Comprehensively covering the CSEC syllabus requirements, this full-colour edition contains carefully controlled language to make the text accessible for a wide ability range. Biology for CSEC includes questions throughout to test understanding in progressive steps and reinforces new knowledge and concepts through revision questions at the end of each chapter. This edition also incorporates many investigations throughout the text, almost all of which could be used for the assessment of practical skills, and a full apparatus

list which takes into account the new guidelines on safety. A detailed contents list, a complete glossary and a comprehensive index are also included.

A Skills-based Course

Collins Publishers
The CSEC Revision Guide for Chemistry has been written to help students achieve a sound understanding of Chemistry examined by the Caribbean Secondary Examinations Council. The text presents all information relevant to the CSEC syllabus in a clear, concise way, to form an additional aid to understanding and revision. There are hints on revision, preparing for examinations and answering examination questions, as well as clear and fully labelled illustrations.

CSEC Human & Social Biology Collins
