 2016 We should all know exactly where our meat comes from. But what if you took this modern-day maxim to its logical conclusion and only ate animals

you killed yourself? Louise Gray decides to be an ethical carnivore and learn to stalk, shoot and fish. Starting small, Louise shucks oysters and catches a trout. As she begins to reconnect with nature, she befriends countrymen and women who can teach her to shoot pigeons, rabbits and red deer. Louise begins to look into how meat is processed, including the beef in our burgers, cheap chicken, supermarket bacon and farmed fish. She investigates halal slaughter and visits abattoirs to ask whether new technology can make eating meat more humane. Delving into alternative food cultures, Louise finds herself sourcing roadkill and cooking a squirrel stir-fry, and she explores eating other sources of protein like in vitro meat, insects and plant-based options.

With the global demand for meat growing, Louise argues that eating less meat should be an essential part of fighting climate change for all of us. Her writing on nature, food and the environment is full of humour, while never shying from the hard facts. Louise gets to the heart of modern anxieties about where our meat comes from, asking an important question for our time - is it possible to be an ethical carnivore?

A Yuletide Kiss Penguin

With a nod to Richard Scarry, this inventive picture book surprises readers with every turn of the page! Hiss! Screech! Roar! It's a noisy day in Bumperville! But are the sounds what you think they are? That Honk! must surely be a goose. But turn the page and

it's the taxi that a goose is driving! Using cleverly placed die-cuts, this inventive book hints at what is making the sound, but with each turn of the page, it's an eye-opening surprise and part of an unfolding story that is part guessing game and part giggle-inducing caper. Abi Cushman is the master of surprise and silliness in this absolutely delightful picture book.

*The Book that Saves Lives!* Christa Wick  
A Publishers Weekly Best Book One of  
the New York Public Library's "25 Books  
to Remember" for 1999 Homosexuality  
in its myriad forms has been  
scientifically documented in more than  
450 species of mammals, birds, reptiles,  
insects, and other animals worldwide.

Biological Exuberance is the first  
comprehensive account of the subject,  
bringing together accurate, accessible,  
and nonsensationalized information.  
Drawing upon a rich body of zoological  
research spanning more than two  
centuries, Bruce Bagemihl shows that  
animals engage in all types of  
nonreproductive sexual behavior. Sexual  
and gender expression in the animal  
world displays exuberant variety,  
including same-sex courtship, pair-  
bonding, sex, and co-parenting—even  
instances of lifelong homosexual  
bonding in species that do not have  
lifelong heterosexual bonding. Part 1, "A  
Polysexual, Polygendered World," begins  
with a survey of homosexuality,  
transgender, and nonreproductive  
heterosexuality in animals and then

dives into the broader implications of these findings, including a valuable perspective on human diversity. Bagemihl also examines the hidden assumptions behind the way biologists look at natural systems and suggests a fresh perspective based on the synthesis of contemporary scientific insights with traditional knowledge from indigenous cultures. Part 2, "A Wondrous Bestiary," profiles more than 190 species in which scientific observers have noted homosexual or transgender behavior. Each profile is a verbal and visual "snapshot" of one or more closely related bird or mammal species, containing all the documentation required to support the author's often controversial conclusions. Lavishly illustrated and meticulously researched,

filled with fascinating facts and astonishing descriptions of animal behavior, *Biological Exuberance* is a landmark book that will change forever how we look at nature.

**An Enquiry Into the Maltreatment of Non-humans** SCM Press

Innumerable publications on livestock production are available in the world market. The book under discussion has not been produced to burden the market with another such publication rather it has been brought out employing a novice format to meet the requirements of students, researchers who are working in different parts of the world in different environments.

**Wet Goddess** Algonquin Books

The heart of the biblical understanding of idolatry, argues Gregory Beale, is that

we take on the characteristics of what we worship. Employing Isaiah 6 as his interpretive lens, Beale demonstrates that this understanding of idolatry permeates the whole canon, from Genesis to Revelation. Beale concludes with an application of the biblical notion of idolatry to the challenges of contemporary life.

Current Perspectives in Cognitive Processing by Domesticated Animals  
North-Holland

With its unparalleled coverage of English slang of all types (from 18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. 'Brilliant.' said Mark Lawson on BBC2's The Late Review; 'This is a terrific piece

of work - learned, entertaining, funny, stimulating' said Jonathan Meades in The Evening Standard. But now the world's best single-volume dictionary of English slang is about to get even better.

Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research has thrown up some fascinating results

School, this graphic novel follows a neighborhood of kids who transform ordinary cardboard into fantastical homemade costumes as they explore conflicts with friends, family, and their own identity. "A breath of fresh air, this tender and dynamic collection is a must-have." --Kirkus, Starred Welcome to a neighborhood of kids who transform ordinary boxes into colorful costumes, and their ordinary block into cardboard kingdom. This is the summer when sixteen kids encounter knights and rogues, robots and monsters--and their own inner demons--on one last quest before school starts again. In the Cardboard Kingdom, you can be anything you want to be--imagine that! The Cardboard Kingdom was created, organized, and drawn by Chad Sell with

writing from ten other authors: Jay Fuller, David DeMeo, Katie Schenkel, Kris Moore, Molly Muldoon, Vid Alliger, Manuel Betancourt, Michael Cole, Cloud Jacobs, and Barbara Perez Marquez. The Cardboard Kingdom affirms the power of imagination and play during the most important years of adolescent identity-searching and emotional growth. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS \* THE NEW YORK PUBLIC LIBRARY \* SCHOOL LIBRARY JOURNAL \* A TEXAS BLUEBONNET 2019-20 MASTER LIST SELECTION "There's room for everyone inside The Cardboard Kingdom, where friendship and imagination reign supreme." --Ingrid Law, New York Times bestselling author of Savvy "A timely and colorful graphic novel debut that, like its many offbeat

but on-point characters, marches to the beat of its own cardboard drum." --Tim Federle, award-winning author of *Better Nate Than Ever*

**Cassell's Dictionary of Slang** Berg Eleanor of Aquitaine has been waiting in Heaven for a long time to be reunited with her second husband, Henry II of England. Finally, the day has come when Henry will be judged for admission--and while Eleanor waits, three people close to her during various times of her life join her, helping to distract her and providing a rich portrait of a remarkable woman in history.

The death of his wife turned Dante into a monster in the eyes of his neighbors and

forced him to isolate his heart--until he meets Beau and the kids Beau works with. But someone isn't above hurting Beau to bring Dante down.

*A Journey into the Wild and Haunting World of Dolphins* Cao Ngoc Tien  
Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces

of Los Angeles, Cesar recounts how he learned what makes dogs tick. In Cesar's Way, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog

on a canine level

- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

[The Natural, Everyday Guide to Understanding and Correcting Common Dog Problems](#) Crown Archetype

From Susan Casey, the New York Times bestselling author of *The Wave* and *The Devil's Teeth*, a breathtaking journey

through the extraordinary world of dolphins. Since the dawn of recorded history, humans have felt a kinship with the sleek and beautiful dolphin, an animal whose playfulness, sociability, and intelligence seem like an aquatic mirror of mankind. In recent decades, we have learned that dolphins recognize themselves in reflections, count, grieve, adorn themselves, feel despondent, rescue one another (and humans), deduce, infer, seduce, form cliques, throw tantrums, and call themselves by name. Scientists still don't completely understand their incredibly sophisticated navigation and communication abilities, or their immensely complicated brains. While swimming off the coast of Maui, Susan Casey was surrounded by a pod of spinner dolphins. It was a profoundly

transporting experience, and it inspired her to embark on a two-year global adventure to explore the nature of these remarkable beings and their complex relationship to humanity. Casey examines the career of the controversial John Lilly, the pioneer of modern dolphin studies whose work eventually led him down some very strange paths. She visits a community in Hawaii whose adherents believe dolphins are the key to spiritual enlightenment, travels to Ireland, where a dolphin named as "the world's most loyal animal" has delighted tourists and locals for decades with his friendly antics, and consults with the world's leading marine researchers, whose sense of wonder inspired by the dolphins they study increases the more they discover. Yet there is a dark side to

our relationship with dolphins. They are the stars of a global multibillion-dollar captivity industry, whose money has fueled a sinister and lucrative trade in which dolphins are captured violently, then shipped and kept in brutal conditions. Casey's investigation into this cruel underground takes her to the harrowing epicenter of the trade in the Solomon Islands, and to the Japanese town of Taiji, made famous by the Oscar-winning documentary *The Cove*, where she chronicles the annual slaughter and sale of dolphins in its narrow bay. Casey ends her narrative on the island of Crete, where millennia-old frescoes and artwork document the great Minoan civilization, a culture which lived in harmony with dolphins, and whose example shows the way to a more enlightened coexistence

with the natural world. No writer is better positioned to portray these magical creatures than Susan Casey, whose combination of personal reporting, intense scientific research, and evocative prose made *The Wave* and *The Devil's Teeth* contemporary classics of writing about the sea. In *Voices in the Ocean*, she has written a thrilling book about the other intelligent life on the planet.

[The Book of Delights](#) Dreamspinner Press LLC

Reylan is everything a Sydney vampire aspires to be: wealthy, handsome and independent, carefully feeding off companions plucked from the gay bars of Oxford Street. When one of those companions is killed by Jorgas, a hot-headed young werewolf prowling his

streets, Reylan reluctantly puts his cherished lifestyle of blood and boys on hold to help a mysterious alliance of supernatural beings track down the beast. It can't be that hard... not when Jorgas keeps coming after him. But there's more to this werewolf than a body count and a bad attitude. As their relationship grows deeper and more twisted, Reylan tastes Jorgas' blood, reawakening desires the vampire had thought long dead. And what evolves between them may be far more dangerous than some rival predator in the dark... Born in Toowoomba, Queensland, Christian completed his MA in Creative Writing at University of Technology, Sydney, soaking up influences such as Anne Rice and Clive Barker along the way. His mostly non-

fictitious scribblings have appeared in publications in Australia and Canada, including Same Same and Charlebois Post. Having lived in Brisbane, Sydney and Toronto, his off-the-page publishing career has included stints with Indigo Books and Random House. His dual passions for travel and mythology have sent him chasing legendary monsters across the globe, including vampires in New Orleans, asuras in Bangkok and theatre critics in New York. *The Beast Without* is his first novel.

*Taming the Beast* The Ultimate Guide to Fighting Animal Abuse on the Web  
The Book that Saves Lives!

Cavo is a hideous monster with a pure heart. Liam, on the other hand, might look like the perfect gentleman, but he's a beast on the inside, and he has an

eccentric personality to boot. When Cavo rescues Liam from an unfortunate situation in the forest, the paths of the monster and the beast cross for the first time. Will their meeting be a fleeting encounter or a timeless entanglement? And will Liam succeed in leading the innocent Cavo astray?

The Ultimate Guide to Fighting Animal Abuse on the Web SCB Distributors

— Two HOT fated couples. Two emotional, intertwined tales. — SETH & LANA: He's the alpha leader of his pack. And his newly discovered human mate doesn't believe shifters are real. To be fair, they never knew someone like her existed either. A non-wolf descendant of shifters that can trigger the mating response is unprecedented—for both the packs fighting to survive, and the deadly

Hunters who've preyed on them for years. Before Lana, the Hunters simply aimed to kill. Her, they want to keep...their reasons so dangerously twisted, Seth goes from brutally intense to unleash-holy-hell protective over the woman he's only just met. DENVER & ESME: He's the pack's resident bad boy. But she's the one that's off limits. Together, Denver and Esme shelter and train newly located latents—spending day after day fighting the volatile chemistry that torments them to no end. Wolves and witches don't mate. It's why Denver has been so damn ruthless about keeping his distance. And why the two of them can't even be near each other when they were once inseparable growing up. But the rules they're forced to follow are about to change...now that

the packs know Esme is far more than just their most powerful witch. NOTE: Previously two separate books, *Wolf Curves* (c) 2012 and *Curve Charm* (c) 2012, the stories of these two fated couples have been newly revised with added content, and combined into one dark, interwoven tale. The HUNTED MATES Series Mated by Fate (Two fated couples...) Masked by Danger (One lost mate...) Marked by Magic (Zero room for

failure...)

*Bestiality and Zoophilia* Bloomsbury Publishing

Calls for new categories in sexual identity for women based on research that concludes that they tend to be attracted to the individual rather than gender and their sexuality fluctuates more than men, which stays fixed once established.
