50 Berkshire Hathaway Letters to Shareholders 1965-2014 Applied Corporate Finance, 4th Edition

LexisNexis Practice Guide: Connecticut Family Law is an affordable guide to Connecticut family law practice. Written by a team of experienced practitioners, the guide offers concise explanations of each step in a family law case, transitioning smoothly from legal analysis to practical application of a point of law. Practice strategies and checklists are included in each chapter to help practitioners identify and address legal and procedural issues. The book covers a wide range of topics related to Connecticut family law, including: divorce, alimony, child custody, taxes, same-sex relationships, alternative dispute resolution, and more. The LexisNexis Practice Guide titles offer concise, how-to guidance including tips and warnings with quick-reference symbols, and a thorough offering of forms and checklists. Our Practice Guides integrate real-world insight and examples by expert practitioners and judges, and work the way you do—with an intuitive task-oriented organization, incorporating only those features that would measurably simplify and streamline the research process in both print and online. The format of the Guides confidently points you, step-by-step, to find precise, easy-to-understand information while keeping you in step with changing laws.

Initial Management of the Trauma Patient Hassell Street Press

This book provides a complete review of all types of glass-ionomer cements, from their uses and limitations to problems associated with their use in modern dental practice, with particular emphasis on restorative and pediatric dentistry, orthodontics, prosthodontics, and endodontics. *One Hundred and One Ways to Bug Your Teacher* HarperCollins

Mobile ASP.NET MVC 5 will take you step-by-step through the process of developing fluid content that adapts its layout to the client device using HTML, JavaScript and CSS, and responsive web design. This book introduces server-side techniques that allow you to show different content to different devices and make the most of their strengths and capabilities. Mobile ASP.NET MVC 5 includes a wide range of techniques, tips, and guidelines for dealing with some of the challenges of mobile web development, such as browser incompatibilities, varying device performance, and targeting older devices. You'll learn to: Use responsive principles to build apps that display and perform well on a range of mobile devices. Leverage your server-side code to customize what you serve to the client, depending on its capabilities. Build an ASP.NET MVC custom view engine, use display modes effectively, and create reusable mobile components with custom HTML helpers. Make the most of new capabilities offered on some devices by interacting with native APIs. By the end of Mobile ASP.NET MVC 5, you should feel confident building web apps that successfully target anything from an iOS or Android device to a feature phone or an older mobile browser. Along the way, you'll learn about the modern mobile web landscape and how to choose the approaches that are right for you, depending on your target audience. This book is for the ASP.NET developer who knows how ASP.NET MVC works and is eager to learn how to use it for building mobile websites. [Shareholder Proposals](#) Learning Express Llc

Backing up SAP software environments is increasingly challenging in today's 24x7 enterprises. Even more challenging is restoring these environments. Applications and databases grow ever larger, putting increasing strain on the management infrastructure. Using hardware-assisted copy mechanisms to perform fast backups and restores is one way to address these issues. Tivoli Storage Manager, along with associated products, allows you to leverage FlashCopy to perform fast backups, almost "instant" restores, as well as database cloning for testing and other purposes. These applications are fully integrated with SAP software in DB2 UDB and Oracle environments, providing reliable, intelligent techniques for data protection. This IBM Redbooks publication will

help you plan, configure, and run IBM Tivoli Storage Manager for Advanced Copy Services and associated applications in your SAP software environments.

Annual Report; 1959 Quintessence Publishing (IL)

Mark's dog Wolfie is part malamute, part German shepherd, and all heart. Mark can hardly imagine life without his big, loving canine companion. But in 1969, the Vietnam War is still raging, and when Mark learns that the army needs scout dogs, he decides to send Wolfie. As his dad says, a smart dog like Wolfie could save a lot of soldiers—soldiers like Mark's brother, Danny. Besides, it seems like the patriotic thing to do. Inspired by real events, this is a heartbreaking story about sacrifice, loyalty, and the complex meanings of patriotism.

Expenditure Rules: Effective Tools for Sound Fiscal Policy? Apress

A comprehensive guide focusing on the valuation issues for emerging markets Valuation of Companies in Emerging Economies takes a practical, step-by-step approach to valuing both public and closely held companies in emerging economies for merger or acquisition purposes. These extremely volatile markets present their own special set of challenges, which often differ from country to country. The author provides real world, best valuation practices in both developed and emerging markets and offers links to relevant Internet resources to provide CEOs, CFOs, venture capitalists, and financial analysts with the information they need to accurately value companies around the world. Luis E. Pereiro (Buenos Aires, Argentina) is a consultant who has steered several strategic change projects in multinational corporations such as Bank of America, Union Carbide, and Nissho Iwai. He is Interim Dean of the Universidad Tocuato Di Tella, Buenos Aires, as well as Director of its MBA program and Director of the Center for Entrepreneurship and Business Venturing. His numerous articles have appeared in many prestigious business journals and books. Over the years, financial professionals around the world have looked to the Wiley Finance series and its wide array of bestselling books for the knowledge, insights, and techniques that are essential to success in financial markets. As the pace of change in financial markets and instruments quickens, Wiley Finance continues to respond. With critically acclaimed books by leading thinkers on value investing, risk management, asset allocation, and many other critical subjects, the Wiley Finance series provides the financial community with information they want. Written to provide professionals and individuals with the most current thinking from the best minds in the industry, it is no wonder that the Wiley Finance series is the first and last stop for financial professionals looking to increase their financial expertise.

Networks of relationships help determine the careers that people choose, the jobs they obtain, the products they buy, and how they vote. The many aspects of our lives that are governed by social networks make it critical to understand how they impact behavior, which network structures are likely to emerge in a society, and why we organize ourselves as we do. In Social and Economic Networks, Matthew Jackson offers a comprehensive introduction to social and economic networks, drawing on the latest findings in economics, sociology, computer science, physics, and mathematics. He provides empirical background on networks and the regularities that they exhibit, and discusses random graph-based models and strategic models of network formation. He helps readers to understand behavior in networked societies, with a detailed analysis of learning and diffusion in networks, decision making by individuals who are influenced by their social neighbors, game theory and markets on networks, and a host of related subjects. Jackson also describes the varied statistical and modeling techniques used to analyze social networks. Each chapter includes exercises to aid students in their analysis of how networks function. This book is an indispensable resource for students and researchers in economics, mathematics, physics, sociology, and business.

Mosby Incorporated

This book is a reprint of the Vertebrate Pest Handbook, 2nd ed. All the information is present and readable (some font issues are present) and the images have been converted to black and white.

This training material created by pest control expert, Dr. Austin M. Frishman uses a question and answer format to teach readers and technicians about rodents (mice, rats, ground squirrels, voles etc.), wildlife (raccoons, bats, squirrels etc), wildlife diseases, and control methods. Pest management professionals, wildlife control operators and the interested public will find the book informative.

This text offers 'how to' information on the use of the hysteroscope in an office setting. Provides guidelines for the selection of the proper equipment, when to use the procedure, nursing requirements and how instruments are sterilized. Covers the technique for diagnostic hysteroscopy step by step, as well as normal and pathologic findings associated with hysteroscopy. Simpler procedures such as IUD removal or endometrial biopsy are also covered. Includes management of complications, falloposcopy and the future of hysteroscopy.

Since 1988, J. Hillis Miller has traveled to China to lecture on literary theory, especially the role of globalization in literary theory. Over time, he has assisted in the development of distinctively Chinese forms of literary theory, Comparative Literature, and World Literature. The fifteen lectures gathered in *An Innocent Abroad* span both time and geographic location, reflecting his work at universities across China for more than twenty-five years. More important, they reflect the evolution of Miller's thinking and of the lectures' contexts in China as these have markedly changed over the years, especially on either side of Tiananmen Square and in light of China's economic growth and technological change. A foreword by the leading theorist Fredric Jameson provides additional context.

Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, have delivered the newest edition of Applied Corporate Finance. This readable text provides the practical advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, Applied Corporate Finance, 4th Edition applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions.

This paper provides new evidence on the effectiveness of expenditure rules. The analysis is based on a unique dataset covering all countries with national and supranational fiscal rules, including 33

expenditure rules, between 1985 and 2013. It contributes to the existing literature on fiscal rules in two main ways. First, it is the most comprehensive assessment of compliance with rules and of the potential role of expenditure rules, in particular regarding long-term sustainability. Second, it analyzes whether expenditure rules are associated with changes in public investment and its efficiency.

A Legal Guide for ICE Detainees Penguin

The Economics of Property-Casualty Insurance presents new research and findings on key aspects of the economics of the property-casualty insurance industry. The volume explores the industrial organization, regulation, financing, and taxation of this business. The first paper, on external financing and insurance cycles, contains a wealth of information on trends and patterns in the industry's financial structure. The last essay, which compares performance of stock and mutual insurance companies, takes a fresh look at the way a company's organizational structure affects its

responses to different economic situations. Two papers focus on rate regulation in the auto insurance industry, and provide broad overviews of the structure and economics of the insurance industry as a whole. Also addressed are the system of regulating insurance companies in the United States, who insures the insurers, and the effects of tax law changes in the 1980s on the prices of insurance policies.

Boundary Issues in Counseling International Monetary Fund

In an effort to identify and tap new sources of funds for community colleges, this monograph presents a series of descriptive articles on the most successful alternative funding ventures. In addition, the sourcebook provides a sense of where and how new ventures have aided two-year colleges and how other institutions might follow in this pursuit. The following articles are included: (1) "The Community College Foundation Today: History, Characteristics, and Assets," by Dan Angel

and Dale Gares, and "Reasons for Success," by G. Jeremiah Ryan; (2) "Foundation Restricted Funds, A Special Application: Miami-Dade's Endowed Teaching Chair," by Horace Jerome Traylor, Stephen G. Katsinas, and Siegfried E. Herrmann; (3) "Alumni: Friends and Funds for Your Institution," by Richard J. Pokrass; (4) "Alternative Education/Alternative Revenue: Contract Training--Public and Private Sector Models," by Raymond Lestina and Beverly A. Curry, and "Media Technology Begets Revenue," by Jana B. Kooi; (5) "Economic Development, the Community College, and Technology Training," by Steve Maradian; (6) "Entrepreneurship in the Community College: Revenue Diversification," by Richard W. Brightman; (7) "A Case for Commercial Development of College Property," by Richard W. McDowell and W. Kenneth Lindner; and (8) "Performance Contracting: Profits and Perils," by Charles C. Spence and Jeffrey G. Oliver. Appendixes provide a guide to key resources and a list of companies that provide matching funds to junior or community colleges. (VVC)
