Slack Key Made Easy Hawaiian Slack Key music won back to back Grammy Awards for the Hawaiian music category in 2005, 2006 and 2007. This has elevated slack key to new levels of exposure and enjoyment. As a cultural icon in Hawaii it is tied generally to the guitar. With this book David Heaukulani introduces this unique music style for `ukulele players who can now enjoy the same pleasure of Hawaiian slack key. "Uncle Dave" has incorporated technology as an improvement over earlier publications of slack key tutorials. He uses videos posted on the Internet to supplement the lessons and exercises. Slack key is fairly easy to learn and is made easier yet with pictures and video supplements. "Uncle Dave" has a degree in music and has been playing the `ukulele for fifty

years. He has written many original `ukulele slack key songs, some of which are included in this publication. He teaches `ukulele slack key at the East Hawaii Cultural Center in Hilo, Hawaii and is also a lecturer at the University of Hawaii, Hilo campus. You are introduced to popular tunings: Taro Patch, Wahine F, Wahine G Major 7th, and Wahine D Major 7th, . It does not matter if your standard tuning is GCEA for soprano, concert, or tenor or DGBE for baritone. The instructions take this into account to include all `ukulele scales. Traditional as well as original songs written for the `ukulele with tablature are included. *Auld Lang Syne* Springer On Writing Well has been praised for its sound advice, its clarity and the warmth of its style. The Sounds of Early Cinema is devoted exclusively to a little-known, yet absolutely crucial phenomenon: the ubiquitous presence of sound in early

cinema. "Silent cinema" may rarely have been silent, but the sheer diversity of sound(s) and sound/image relations characterizing the first 20 years of moving picture exhibition can still astonish us. Whether instrumental, vocal, or mechanical, sound ranged from the improvised to the pre-arranged (as in scripts, scores, and cue sheets). The practice of mixing sounds with images differed widely, depending on the venue (the nickelodeon in Chicago versus the summer Chautauqua in rural Iowa, the music hall in London or Paris versus the newest palace cinema in New York City) as well as on the historical moment (a single venue might change radically, and many times, from 1906 to 1910). Contributors include Richard Abel, Rick Altman, Edouard Arnoldy, Mats Björkin,

Stephen Bottomore, Marta Braun, Jean Châteauevert, Ian Christie, Richard Crangle, Helen Day-Mayer, John Fullerton, Jane Gaines, André Gaudreault, Tom Gunning, François Jost, Charlie Keil, Jeff Klenotic, Germain Lacasse, Neil Lerner, Patrick Loughney, David Mayer, Domini Nasta, Bernard Perron, Jacques Polet, Lauren Rabinovitz, Isabelle Raynauld, Herbert Reynolds, Gregory A. Waller, and Rashit M. Yangirov.

The Burl Ives Song Book Penguin

This book, which includes 308 tune transcriptions, is organized around individual fiddlers who typically combine Appalachian-style fiddling with rags, pop standards, Midwest-style fiddling and sometimes a touch of Western swing to create a style often identifiable as Ozarks. Thirty Ozarks fiddlers and their lives are highlighted with biographical sketches, photographs, and tune histories. Another 50 great Ozarks

fiddlers are presented in a similar manner but with less detail. the book and accompanying CD (with 37 tunes, many recorded in the field) emphasize the older fiddling traditions connected to the square dances and community events more than those connected to bluegrass music and modern contest fiddling. Some of the tunes in the collection are old standbys such as Bile Them Cabbage while others such as Finley Creek Blues are unique to the region. The book is the result of years of work by two respected researchers. Gordon McCann won the prestigious Missouri Arts Award in 2002 for his decades of work documenting, studying, and accompanying Ozarks fiddle music. Drew Beisswenger, a music librarian at Missouri State University with a Ph.D. in

ethnomusicology, has published three other works about fiddle music and is known for his strong transcription and analysis skills.

On Writing Well Hackett Publishing

From the author's preface: "This book was conceived four years ago, almost to the day, at a time when I was teaching fiddle and mandolin in New York City. It was my idea then, with my students in mind, to compile a book of the most often played, most important and most interesting fiddle tunes from the various Celtic and North American traditions. The tunes were chosen by cataloging a

large number of recordings by tune title. A tally was taken to find out which had been recorded most often. This established a foundation of material that could not be left out. To this list I added the names of other pieces which had not been recorded as frequently, but which I knew were played regularly and with respect. I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites, but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire. . . . Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner."

The Craig Duncan Master Fiddle Solo

A giant of American music opens the book on his wrenching professional and personal journeys, paying tribute to the vanishing Appalachian culture that gave him his voice. He was there at the beginning of bluegrass. Yet his music, forged in the remote hills and hollows of Southwest Virginia, has even deeper roots. In *Man of Constant Sorrow*, Dr. Ralph Stanley gives a surprisingly candid look back on his long and incredible career as the patriarch of old-time mountain music. Marked by Dr. Ralph Stanley's banjo picking, his brother Carter's guitar playing, and their haunting and distinctive harmonies, the Stanley Brothers began their career in 1946 and blessed the world of bluegrass with hundreds of classic songs, including

?White Dove,? ?Rank Stranger,? and what has become Dr. Ralph's signature song, ?Man of Constant Sorrow.? Carter died in 1966 after years of alcohol abuse, but Dr. Ralph Stanley carried on and is still at the top of his game, playing to audiences across the country today at age eighty-one. Rarely giving interviews, he now grants fans the book they have been waiting for, filled with frank recollections, from his boyhood of dire poverty in the Appalachian coalfields to his early musical success with his brother, to years of hard traveling on the road with the Clinch Mountain Boys, to the recent, jubilant revival of a sound he helped create. The story of how a musical art now popular around the world was crafted by two brothers from a dying mountain culture,

Man of Constant Sorrow captures a life harmonized with equal measures of tragedy and triumph.
