teacher who would not let her fail. A perfect gift for teachers and for reading students of any age. Patricia Polacco is now one of America's most loved children's book creators, but once upon a time, she was a little girl named Trisha starting school. Trisha could paint and draw beautifully, but when she looked at words on a page, all she could see was jumble. It took a very special teacher to recognize little Trisha's dyslexia: Mr. Falker, who encouraged her to overcome her reading disability. Patricia Polacco will never forget him, and neither will we. This inspiring story is available in a deluxe slipcased edition, complete with a personal letter to readers from Patricia Polacco herself. Thank You, Mr.

Falker will make a beautiful gift for the special child who needs encouragement or any special teacher who has made a difference in the child's life.

Years of experience as a magician taught Tim

David that real magic is all about words, and the way they influence the minds of the audience. What sets a professional magician apart from an amateur are people skills like communication, influence, and engagement—skills that are also effective in the workplace. By applying seven “magic” words in a business setting, David offers tools for effective and persuasive communication. You will learn: The secret word that Harvard psychologists discovered is the key to unlocking human motivation How one very special word (spoken only inside your mind) mysteriously has a profound positive impact on those around you The number one mistake that managers make during 1-on-1’s, and the one simple word that can fix it all What Dale Carnegie dubs “the sweetest sound in any language” How one tiny word can instantly change someone’s mind for the better The single word that an in-depth study of thousands of hours of call center recordings revealed as the quickest way to reduce differences and calm people down How the infamous “But Eraser” works and why so many

people mess it up The REAL magic behind the word “thanks” The seven words: Magic Word #1 - Because Magic Word #2 - "Name" Magic Word #3 - If Magic Word #4 - But Magic Word #5 - Absolutely Magic Word #6 - Thanks Magic Word #7 - Help

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation

of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian

superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.
