Murder Is Easy University Press of Kentucky  
Folksy and fresh, endearing and affecting, Fried Green Tomatoes at the Whistle Stop Cafe is a now-classic novel about two women: Evelyn, who’s in the sad slump of middle age, and gray-headed Mrs. Threadgoode, who’s telling her life story. Her tale includes two more women—the irrepressibly daredevilish tomboy Ildgie and her friend Ruth—who back in the thirties ran a little place in Whistle Stop, Alabama, offering good coffee, southern barbecue, and all kinds of love and laughter—even an occasional murder. And as the past unfolds, the present will never be quite the same again. Praise for Fried Green Tomatoes at the Whistle Stop Cafe “A real novel and a good one [from] the busy brain of a born storyteller.”—The New York Times “Happily for us, Fannie Flagg has preserved [the Threadgoodes] in a richly comic, poignant narrative that records the exuberance of their lives, the sadness of their departure.”—Harper Lee “This whole literary enterprise shines with honesty, gallantry, and love of perfect details that might otherwise be forgotten.”—Los Angeles Times “Funny and macabre.”—The Washington Post “Courageous and wise.”—Houston Chronicle

With Gene reluctant to talk about the case, the movie quickly becoming the hottest ticket in town, a suspicious death on the Paramount studio lot and the police reopening the investigation into Teddy's death, Lillian is determined to find answers. Can Lillian and Edith uncover the truth of what happened that fateful day and clear Gene's name?

"We need good screenwriters who understand character." Everywhere Andrew Horton traveled in researching this book—from Hollywood to Hungary—he heard the same refrain. Yet most of the standard how-to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures. With this book, Horton, a film scholar and successful screenwriter, provides the definitive work on the character-based screenplay. Exceptionally wide-ranging—covering American, international, mainstream, and "off-Hollywood" films, as well as television—the book offers creative strategies and essential practical information. Horton begins by placing screenwriting in the context of the storytelling tradition, arguing through literary and cultural analysis that all great stories revolve around a strong central character. He then suggests specific techniques and concepts to help any writer—whether new or experienced—build more vivid characters and screenplays. Centering his discussion around four film examples—including Thelma & Louise and The Silence of the Lambs—and the television series, Northern Exposure, he takes the reader step-by-step through the screenwriting process, starting with the development of multi-dimensional characters and continuing through to rewrite. Finally, he includes a wealth of information about contests, fellowships, and film festivals. Espousing a new, character-based approach to screenwriting, this engaging, insightful work will prove an essential guide to all of those involved in the writing and development of film scripts.
