This accessible, biblical, and thoughtful work digests years of study and teaching into

bite-sized sections. Van Dixhoorn's work is historical and practical in its focus. What did Napoleon Bonaparte, Henry Ford, and Andrew Carnegie all have in common as the key to their success? They each had immense confidence in their

goals. They left no room or quarter for failure. They had faith. Author Paul Ramseyer takes the works of Napoleon Hill, a leading expert on success, and shows readers how to apply the same principles to their faith in God. Paul discovered how to use this power to drive stage 4 cancer out of his body. He also shows the reader how the Bible commands that requests in prayer be made in faith. He goes on to explain how this required faith is the only method we have to reach our full potential. With examples drawn from the most successful men in history, Paul doesn't just tell you to have faith, but teaches how you, like they, can decide to claim it and then gives detailed

instructions how you can put it to work on your behalf. Are people sick, stuck in poverty, or victims to repeating sins? He shows readers that they don't have to be. In faith, all things are possible. With the *Mechanics of Faith*, readers are able to see how faith works to produce in their lives the results that they have been promised. Paul Ramseyer lives in Bloomfield, Iowa. In 2006, Paul learned from the past masters of industry and technology and the Bible how to drive stage four cancer from his body and is called to teach people everywhere how they too can be overcomers and not mere victims of circumstance.

Confession of Faith is one of the most precise and comprehensive statements of biblical Christianity, and it is treasured by believers around the world. Dr. R.C. Sproul has called it one of the most important confessions of faith ever penned, and it has helped generations of Christians understand and defend what they believe. In *Truths We Confess*, Dr. Sproul introduces readers to this remarkable confession, explaining its insights and applying them to modern life. In his signature easy-to-understand style and with his conviction that everyone's a theologian, he provides valuable commentary that will serve churches and individual Christians as

they strive to better understand the eternal truths of Scripture. As he walks through the confession line by line, Dr. Sproul shows how the doctrines of the Bible--from creation to covenant, sin to salvation--fit together to the glory of God. This accessible volume is designed to help you deepen your knowledge of God's Word and answer the question, What do you believe?

In this O Me of Little Faith Ebook, author Jason Boyett brings you a transparent and personal account of his own of struggles with doubts and unbelief in living out his faith. With humor and frankness, Boyett uses personal anecdotes

and a fresh look at Scripture to explore the realities of pursuing Christ through a field of doubt. After three decades of knowing God, understanding Christianity, and living a Christian life, Boyett has come to the place where he can voice the tough questions and travel the road of uncertainty with blinders off, candor on. The message along the way is one of encouragement: Relax. Rely on the grace of a merciful God, a kind father who realizes that his finite creatures must have doubts, should have questions, and will have trouble making sense of an infinite Creator. Ultimately, Boyett concludes that doubt and faith are not polar opposites, but actually

work together, existing side-by-side. Uplifting, entertaining, hopeful, O Me of Little Faith will strike a chord with you and any Christian who's dealing with the uncertainties of living life in pursuit of a God who occasionally seems to disappear. Scripture Confessions for Finances Fig Creeds and confessions throughout Christian history provide a unique vantage point from which to study the Christian faith. To this end, Donald Fairbairn and Ryan Reeves construct a story that captures both the central importance of creeds and confessions over the centuries and their unrealized potential to introduce readers to the overall sweep of church history. The book features texts of

The co-host of the popular podcast, *Drunk Ex-Pastors*, offers an earnest and irreverent look at what

it means to be a Christian in an upside down world. "Perhaps failing at faith is an ironic success, since disaster is where grace happens." – Jason Stellman

Jason Stellman has always felt like a misfit. A Protestant pastor with a sharp wit, a restlessly inquisitive mind, and a love of pop culture and rock and roll, he has long sensed that something was missing when it came to his relationship with God. In time, he felt drawn to the Catholic Church, so he stepped down from his ministry and embraced Catholicism, only to still feel misplaced and homeless. His feelings, thoughts, and troubles echo the disillusionment and confusion of many people who struggle

relating to ancient faiths in a postmodern world. In a book that mixes memoir with theological insights and taut storytelling, Stellman gives an edgy, honest, heart-on-his-sleeve account of what it means to be a mixed-up Christian outsider in the twenty-first century (and why this is a can be good thing). Misfit Faith is an invitation to all the religious vagabonds and exiles with nowhere to really call home, those wanderers who increasingly feel like mere fans of spirituality rather than committed members of the team. If you've ever questioned your faith, felt like a spiritual malcontent, or sought solace for your existential angst at the bottom of a bottle of bourbon, then Stellman

just may be the best drinking buddy you've never met.

wrestled with the aftereffects of the Reformation, the personal frequently conflicted with the political. In speeches, political pamphlets, and other works of religious controversy, writers from the reign of James I to that of James II unexpectedly erupt into autobiography. John Milton famously interrupts his arguments against episcopacy with autobiographical accounts of his poetic hopes and dreams, while John Donne's attempts to describe his conversion from Catholicism wind up obscuring rather than explaining. Similar moments appear in the works of Thomas Browne, John Bunyan, and the two King Jameses themselves.

These autobiographies are familiar enough that their peculiarities have frequently been overlooked in scholarship, but as Brooke Conti notes, they sit uneasily within their surrounding material as well as within the conventions of confessional literature that preceded them. *Confessions of Faith in Early Modern England* positions works such as Milton's political tracts, Donne's polemical and devotional prose, Browne's *Religio Medici*, and Bunyan's *Grace Abounding to the Chief of Sinners* as products of the era's tense political climate, illuminating how the pressures of public self-declaration and allegiance led to autobiographical writings that often

concealed more than they revealed. For these authors, autobiography was less a genre than a device to negotiate competing political, personal, and psychological demands. The complex works Conti explores provide a privileged

window into the pressures placed on early modern religious identity, underscoring that it was no simple matter for these authors to tell the truth of their interior life—even to themselves.
