Could Your Love Language Guide You to a Meaningful Life? In a world of varying beliefs and endless opportunities, determining how to spend our lives can seem impossible. And even more difficult than finding direction can be finding meaning. Perhaps we know what we're most interested in, but how do we know if it has purpose? These longings are rooted in our desire to feel God's presence in our lives, which begins when we know how He communicates with us. Seen. Known. Loved. Examines how God—the Creator of the universe—intimately communicates with each of His people. Relationships expert Gary Chapman and coauthor R. York Moore offer practical insights for how to know your own love language and how God uses it to communicate with you. When we come to understand our own unique love language, we discover how God both speaks and listens. And, therefore, how He is intimately involved in our lives in ways we have never before identified. The first step to living with meaning is living in union with our God—the source of meaning.

Navigating the Four Critical Seasons of Relationship The vast majority of young people will still pass through the key phases of singleness, dating, engagement and marriage in their twenties. Yet they are delaying marriage longer than any generation in human history. Why? For the first time in history, the average age for an American woman having her first child, 26, is younger than the average age of her first marriage, 27. More children than ever are growing up in fatherless homes, despite the overwhelming evidence that in every measurable way this is bad for the child. The Center for Disease Control also recently reported a dramatic rise in sexually transmitted disease nationwide. In Rhode Island alone, since the onset of online dating, reported cases of Syphilis has risen 79%, and HIV has increased by 33%. Though many young people can avoid early pregnancy and STDs, most cannot dodge the depression and feelings of isolation that characterize this modern generation. Studies show a dramatic rise in self-reported

loneliness among the young. All of our technological connectivity has not made us feel more connected. In many ways, the very screens that are meant to link us to others have become shields blocking us from the deep intimacy we crave. Many have discovered that where there is a lack of intimacy, addiction often rises to take its place. How can a young person navigate such troubled waters? Is there hope out there? Like a sailor on turbulent seas, we need to look up and see the North Star: the fixed points in the sky whereby we might navigate the objective realities in life. We need the skill-set to know how to journey through life and how to select the right people to journey alongside. In this book we will chart a course through the four relational phases that the vast majority of human beings on the planet will pass through in their twenties: singleness, dating, engaged and married. In each of these phases, we will look at what eternal purposes should be pursued in each stage, and how to pursue them. SINGLENES:
DEVOTION DATING:
EVALUATION ENGAGED:

UNIFICATION MARRIED: MISSION Our desires for intimacy are powerful. This power can be constructive or destructive. Our satisfaction and our safety will be ensured if we can aim these powerful desires toward divine purposes.
