GRANT WILLIS

Andy Warhol
Routledge

The Many Lives of Andy Warhol is more than a biography: it's a look into Warhol's greatest

creation: himself. Warhol was known as the king of pop art, but the famous artist was secretly

never satisfied with a single style and his journey took him from graphic designs of shoes, women's fashions and glamour magazines to owning and publishing his own film and gossip magazine, Interview. Stuart Lenig takes us behind the scenes to explore Warhol's many innovations in the art world. Warhol was a titanic technician, making art from new

techniques. His designs for Glamour and Vogue used a innovative blotted line technique for drawing and blotting the illustrations to make them appear printed. He turned common shoe designs into whimsical graphics. Warhol liked to shock people with images of death. Warhol caused a stir by making prints of a recently deceased Marilyn Monroe. He startled spectators

with a paintings of a headline: "129 die in Jet." Works that span Warhol's entire career are discussed here alongside the continuing influence of diverse styles and forms that inspired them. He bought and collected antiques, classic Americana, camp and kitsch, primitive objects, and Native textiles. He was highly eclectic and saw nothing wrong with mixing and merging different

historical styles. He blended Dada, Minimalism, Rococo, and Surrealism with abandon and finesse. An introduction and ten chapters take readers through studies of the many lives of the artist as a performer, director, writer, technologist, printmaker, caricaturist, and critic of the art scene. In Warhol's work we learn that the importance of the ancient and the contemporary form guided

his renderings of the human form and his insights into contemporary society. He constantly reinvented and transformed his own language of signs. With lush descriptions and images, *The Many Lives of Andy Warhol* reveals Warhol's life and art in new ways provides exceptional insights into the artist at work.

Andy Warhol
Macmillan +
ORM
In readings of the "boring

parts" of Moby Dick, the role of women in Andy Warhol's films, the scandals surrounding Thomas Eakins, and other unlikely texts, Doyle (English, U. of California, Riverside) challenges simplistic readings of sexualized art. She weaves together anecdotal and personal writing with critical, feminist, and queer theory to re-imagine the relationship between sex and art and to reveal the

diversity of sex in art.
Andy Warhol: Photographs
 Trela Media
 An intimate depiction of the visionary who revolutionized the art world. A man who created portraits of the rich and powerful, Andy Warhol was one of the most incendiary figures in American culture, a celebrity whose star shone as brightly as those of the Marilyn and Jackies whose likenesses brought him

renown. Images of his silvery wig and glasses are as famous as his renderings of soup cans and Brillo boxes—controversial works that elevated commerce to high art. Warhol was an enigma: a partygoer who lived with his mother, an inarticulate man who was a great aphorist, an artist whose body of work sizzles with sexuality but who considered his own body to be a source of shame. In

critic and poet Wayne Koestenbaum's dazzling look at Warhol's life, the author inspects the roots of Warhol's aesthetic vision, including the pain that informs his greatness, and reveals the hidden sublimity of Warhol's provocative films. By looking at many facets of the artist's oeuvre—films, paintings, books, "Happenings"—Koestenbaum delivers a thought-provoking

picture of pop art's greatest icon. *Thomas Struth Chronicle Books* After the sexual revolution came the sexual explosion The six years between 1968 and 1973 saw more sexual taboos challenged than ever before. Film, literature, and theater simultaneously broke through barriers previously unimagined, giving birth to what we still consider to be the height of

sexual expression in our pop culture: Portnoy's Complaint, Myra Breckinridge, Hair, The Boys in the Band, Midnight Cowboy, Last Tango in Paris, and Deep Throat. In *Sexplosion*, Robert Hofler weaves a lively narrative linking many of the writers, producers, and actors responsible for creating these and other controversial works, placing them within their cultural and social

frameworks. During the time the Stonewall Riots were shaking Greenwich Village and Roe v. Wade was making its way to the Supreme Court, a group of daring artists was challenging the status quo and defining the country's concept of sexual liberation. Hofler follows the creation of and reaction to these groundbreaking works, tracing their connections and influences upon one

another and the rest of entertainment . Always colorful and often unexpected, *Sexplosion* is an illuminating account of a generation of sexual provocateurs and the power their works continue to hold decades later.

Andy Warhol
Verso Books
Andy Warhol's *The Chelsea Girls* had its premiere at the Film-Maker's Cinémathèque on 15 September 1966. It sold out a 200-seat

theatre and went on to become the first film to move from the underground to commercial cinema. Since 1972, when Warhol pulled all of his films out of distribution, the public has had extremely limited access to *The Chelsea Girls* , outside of museum screenings. In honour of the 20th Anniversary of *The Andy Warhol Museum* and what would have been Warhol's 85th birthday, hundreds of

Warhol's films - some never seen before - have been converted to a digital format with the partnership of *The Andy Warhol Museum*, *The Museum of Modern Art*, *New York*, and *The Moving Picture Company* (MPC), a *Technicolor Company*. This book is an in-depth look at Warhol's most famous film. It includes all newly digitized film stills, never-before-published transcripts, unpublished

archival materials, and expanded information about each of the individual films that comprise the three- plus hour film. As the film alternates sound between the left and right screens, the book reproduces the transcript in complete form as one hears it, with imagery from the corresponding reels. There is also a full transcription of the unheard reels in the back of the book. This is a

substantial contribution to the scholarship on Warhol's complex and most commercial film. Warhol & Mapplethorpe Univ of California Press Andy Warhol created some of the strongest iconic images of this century -- highly public images of everything from Campbell's soup cans and the Empire State Building to Mao and Marilyn Monroe. This book

celebrates his art of a more private nature, his representations of the naked human body as paintings, prints and drawings. It includes a group of "pretty" nudes from the 50s, where sex organs are depicted as a desirable consumer good, not unlike his advertising illustrations for shoes; the "Torso Series" of the 70s, based on Polaroids; some large drawings from the 70s and 80s; and a

series of prints, "Sex Parts", from 1978.

Great Demon Kings Vintage

A unique 360-degree view of an incomparable 20th-century American artist One of the most emulated and significant figures in modern art, Andy Warhol (1928-1987) rose to fame in the 1960s with his iconic Pop pieces. Warhol expanded the boundaries by which art is defined and created groundbreaking work in a

diverse array of media that includes paintings, sculptures, prints, photographs, films, and installations.

This ambitious book is the first to examine Warhol's work in its entirety. It builds on a wealth of new research and materials that have come to light in recent decades and offers a rare and much-needed comprehensive look at the full scope of Warhol's production--from his commercial

illustrations of the 1950s through his monumental paintings of the 1980s.

Donna De Salvo explores how Warhol's work engages with notions of public and private, the redefinition of media, and the role of abstraction, while a series of incisive and eye-opening essays by eminent scholars and contemporary artists touch on a broad range of topics, such as Warhol's response to the AIDS epidemic, his

international influence, and how his work relates to constructs of self-image seen in social media today.

The Philosophy of Andy Warhol

Yale University Press
In the 1960s, Andy Warhol's paintings redefined modern art. His films provoked heated controversy, and his Factory was a hangout for the avant-garde. In the 1970s, after Valerie Solanas's attempt on his

life, Warhol became more entrepreneurial, aligning himself with the rich and famous. Bob Colacello, the editor of Warhol's Interview magazine, spent that decade by Andy's side as employee, collaborator, wingman, and confidante. In these pages, Colacello takes us there with Andy: into the Factory office, into Studio 54, into wild celebrity-studded parties, and into the early-morning

phone calls where the mysterious artist was at his most honest and vulnerable. Colacello gives us, as no one else can, a riveting portrait of this extraordinary man: brilliant, controlling, shy, insecure, and immeasurably influential. When Holy Terror was first published in 1990, it was hailed as the best of the Warhol accounts. Now, some two decades later, this portrayal retains its

hold on readers—as does Andy’s timeless power to fascinate, galvanize, and move us.

A new ed. of Struth’s

"Museum photographs", adding 26 additional images which include pictures of artworks at their original locations.

Machine in the Studio

Thames & Hudson

From Greek drama through vaudeville and modern cinema, nothing in the theatrical experience has ever guaranteed a laugh like a man in a dress. This spectacular pictorial history examines the grand tradition of male cross-dressing in the movies through more than 700 photos, more than half of which are previously unpublished. The screen’s greatest stars,

from comedians like Buster Keaton and Peter Sellers to "serious" actors like Marlon Brando and Max von Sydow, are pictured in everything from bustiers to ball gowns. Just as in real life, the cinematic motives for cross-dressing are complex, ranging from plot device (I Was a Male War Bride) and social commentary (Tootsie) to the simple sight gags of Laurel and Hardy. The book explores

these and myriad other reasons actors are coaxed out of dress suits and into dresses. By turns provocative, serious, and silly, Ladies or Gentlemen is a delightful study of a seldom-explored facet of cinema history.

culture. Firsthand accounts by the artists' collaborators and subjects reveal details into the making and exhibition of some of the works presented here. With an illustrated timeline highlighting key moments in the artists' careers, and more than 90 color plates of their arresting pictures, this book provides a fascinating study of two of the most compelling figures in 20th-century art.

Valerie Solanas The Feminist Press at CUNY
A rollicking, sexy memoir of a young poet making his way in 1960s New York City
When he graduated from Columbia in 1958, John Giorno was handsome, charismatic, ambitious, and eager to soak up as much of Manhattan's art and culture as possible. Poetry didn't pay the bills, so he worked on Wall Street, spending his nights at the happenings,

underground movie premiers, art shows, and poetry readings that brought the city to life. An intense romantic relationship with Andy Warhol—not yet the global superstar he would soon become—exposed Giorno to even more of the downtown scene, but after starring in Warhol's first movie, *Sleep*, they drifted apart. Giorno soon found himself involved with Robert Rauschenberg and later

Jasper Johns, both relationships fueling his creativity. He quickly became a renowned poet in his own right, working at the intersection of literature and technology, freely crossing genres and mediums alongside the likes of William Burroughs and Brion Gysin. Twenty-five years in the making, and completed shortly before Giorno's death in 2019, *Great Demon Kings* is the memoir of a singular

cultural pioneer: an openly gay man at a time when many artists remained closeted and shunned gay subject matter, and a devout Buddhist whose faith acted as a rudder during a life of tremendous animation, one full of fantastic highs and frightening lows. Studded with appearances by nearly every it-boy and girl of the downtown scene (including a

moving portrait of a decades-long friendship with Burroughs), this book offers a joyous, life-affirming, and sensational look at New York City during its creative peak, narrated in the unforgettable voice of one of its most singular characters.

The Autobiography and Sex Life of Andy Warhol
 Filipacchi Publishing
 "I'm fascinated by boys who spend their

lives trying to be complete girls." Andy Warhol's witty, stylish and sensual drawings elevate the ordinary to the extraordinary. Some 240 illustrations, photographs and paintings of men are collected together for the first time in this latest in the Andy Warhol line. Andy Warhol's Timeboxes Macmillan In 1975, Andy Warhol undertook a series of portraits of New York City transvestites,

most of whom were recruited by Bob Colacello from a club called The Gilded Grape. The method for making these portraits followed Warhol's customary formula: a Polaroid portrait of the sitter was silkscreened onto a canvas, which was then embellished with synthetic polymer paint in a bright array of red, pinks, yellows and pastels. Warhol's transvestites are portrayed in a fairly

classical fashion, neck-up, often at a three-quarter angle, and beckon at the viewer with a variety of expressions, from the plaintive to the coquettish to the triumphant. This beautifully produced monograph features 40 spot-varnished color reproductions of the Ladies and Gentlemen series, and reprints the Italian filmmaker and poet Pier Paolo

Pasolini's
fascinating
and unusual
take on
Warhol and on
the series.
