MASON TRISTIAN

From Darwin to Munger Simon and Schuster

Praise for *Damn Right!* From the author of the bestselling *WARREN BUFFETT SPEAKS*. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of *The Essays of Warren Buffett: Lessons for Corporate America* "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of *The Warren Buffett Way* "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful." -TIMOTHY P. VICK, Money Manager and Author of *How to Pick Stocks Like Warren Buffett*

Damn Right! John Wiley & Sons

For the first time the complete financial history of Berkshire Hathaway is available under one cover in chronological format. Beginning at the origins of the predecessor companies in the textile industry, the reader can examine the development of the modern-day conglomerate year-by-year and decade-by-decade, watching as the struggling textile company morphs into what it has become today. This comprehensive analysis distills over 10,000 pages of research material, including Buffett's Chairman's letters, Berkshire Hathaway annual reports and SEC filings, annual meeting transcripts, subsidiary financials, and more. The analysis of each year is supplemented with Buffett's own commentary where relevant, and examines all important acquisitions, investments, and other capital allocation decisions. The appendices contain balance sheets, income statements, statements of cash flows, and key ratios dating back to the 1930s, materials brought together for the first time. The structure of the book allows the new student to follow the logic, reasoning,

and capital allocation decisions made by Warren Buffett and Charlie Munger from the very beginning. Existing Berkshire shareholders and long-time observers will find new information and refreshing analysis, and a convenient reference guide to the decades of financial moves that built the modern-day respected enterprise that is Berkshire Hathaway.

Warren Buffett Wiley

A rare perspective on the personal philosophy, business savvy, and future of the chairman of the most admired company in the world Jack Welch, chairman of General Electric, is due to retire this spring. Welch has transported GE into the new economy with his management style, his forward-thinking approach to new technology, and by encouraging creativity among his employees. This book provides a look at what the innovative powerhouse executive has brought to American business and what will ultimately be his legacy. Thorough, authoritative, and absorbing, *Welch: An American Icon* includes interviews with CEOs at other leading companies who have worked under Welch and been trained by him, as well as interviews with other GE executives. Janet Lowe (Del Mar, CA) is an investment writer and author who has written sixteen business and biographical works, including the recent *Damn Right!: Behind the Scenes with Berkshire-Hathaway Billionaire Charlie Munger* (0-471-24473-2). Ms. Lowe is past editor of the *San Diego Daily Transcript* and Financial Editor of the *San Diego Tribune*. More than 200 of her business articles have appeared in such publications as *Newsweek*, the *Christian Science Monitor*, *Los Angeles Times*, and the *San Francisco Chronicle*.

The Warren Buffett Philosophy of Investment: How a Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success Dearborn Trade Pub

Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia.

A Chronological Analysis of Warren Buffett and Charlie Munger's Conglomerate Masterpiece Donning Company Pub

Your Survival Guide to the Hades of Wall Street *The Devil's Financial Dictionary* skewers the plutocrats and bureaucrats who gave us exploding mortgages, freakish risks, and banks too big to

fail. And it distills the complexities, absurdities, and pomposities of Wall Street into plain truths and aphorisms anyone can understand. An indispensable survival guide to the hostile wilderness of today's financial markets, *The Devil's Financial Dictionary* delivers practical insights with a scorpion's sting. It cuts through the fads and fakery of Wall Street and clears a safe path for investors between euphoria and despair. Staying out of financial purgatory has never been this fun.

Charlie Munger Columbia University Press

In many ways, Google is the prototype of a successful twenty-first-century company. It uses technology in new ways to make information universally accessible; promotes a corporate culture that encourages creativity among its employees; and takes its role as a corporate citizen very seriously, investing in green initiatives and developing the largest corporate foundation in the United States. Following in the footsteps of Warren Buffett *Speaks* and Jack Welch *Speaks*—which contain a conversational style that successfully captures the essence of these business leaders—*Google Speaks* reveals the amazing story behind one of the most important new companies of our time by exploring the people and philosophies that have made it a global phenomenon in less than fifteen years. Written by bestselling author Janet Lowe, this book offers an engaging look at how Google's founders, Sergey Brin and Larry Page, transformed their vision of a better Internet search engine into a business colossus with about \$16 billion in annual revenue. Lowe discusses the values that drive Brin and Page—for example, how they both live fairly modest lives, despite each having a net worth in excess of \$15.9 billion—and details how they have created a culture that fosters fun while, at the same time, keeping Google at the forefront of technology through relentless R&D investments and imaginative partnerships with organizations such as NASA. In addition to examining Google's breakthrough business strategies and new business models—which have transformed online advertising and changed the way we look at corporate responsibility and employee relations—Lowe explains why Google may be a harbinger of where corporate America is headed. She also addresses controversies surrounding Google, such as copyright infringement, antitrust concerns, and personal privacy and poses the question almost every successful company must face: as Google grows, can it hold on to its entrepreneurial spirit as well as its informal motto, "Don't do evil"? What started out as a university research project conducted by Sergey Brin and Larry Page has ended up revolutionizing the world we live in. *Google Speaks* puts these incredible entrepreneurs in perspective and shows you how their drive and determination have allowed them to create one of today's most powerful companies.

[A Behind-the-Scenes Look at the Power, Personalities, and Politics at the Heart of the Catholic Church](#) Texere

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to

sharpen their payoff. Media coverage is available at the following links: Interviews/Podcasts: Motley Fool, [click here](#). Money, Riches and Wealth, [click here](#). Habits of the Master Traders Wiley

Examines Graham's investment theories in the context of his life and work, exploring how he became one of the world's most influential investors

[Damn Right!](#) Carolina Academic Press

Charles Munger is Warren Buffett decade's long business partner, and his investment filter, jokingly called by Mr. Buffett - the abominable no man. The early pages cover Munger's family history, his framework for investing [wait for the fat pitches, and assess each opportunity using rational, rigorous frameworks drawn from multiple disciplines (and not finance theory!)], and even some warm testaments from family, friends and colleagues. The next section, assembled by leading investor Whitney Tilson, is well edited and benefits from Tilson's massaging of quotations made over time into logical sub-headings. The bulk of the text though is, as the subtitle suggests, the wit and wisdom of Mr. Munger as conveyed through various speeches in the last couple decade or so before 2006.

The Great Mental Models: General Thinking Concepts John Wiley & Sons

Ten-year-old Poppy will do anything to realize her dream of becoming a baker, although her parents insist she attend Ruthersfield, the exclusive girls school for witchcraft, where she excels despite her dislike of magic. Includes baking tips and recipes.

Benjamin Graham, the Memoirs of the Dean of Wall Street Damn Right! Behind the Scenes with Berkshire Hathaway Billionaire Charlie Munger

Discover the secrets of the world's top concentrated value investors *Concentrated Investing: Strategies of the World's Greatest Concentrated Value Investors* chronicles the virtually unknown—but wildly successful—value investors who have regularly and spectacularly blown away the results of even the world's top fund managers. Sharing the insights of these top value investors, expert authors Allen Benello, Michael van Biema, and Tobias Carlisle unveil the strategies that make concentrated value investing incredibly profitable, while at the same time showing how to mitigate risk over time. Highlighting the history and approaches of four top value investors, the authors tell the fascinating story of the investors who dare to tread where few others have, and the wildly-successful track records that have

resulted. Turning the notion of diversification on its head, concentrated value investors pick a small group of undervalued stocks and hold onto them through even the lean years. The approach has been championed by Warren Buffett, the best known value investor of our time, but a small group of lesser-known investors has also used this approach to achieve outstanding returns. Discover the success of Lou Simpson, a former GEICO investment manager and eventual successor to Warren Buffett at Berkshire Hathaway. Read about Kristian Siem, described as "Norway's Warren Buffett," and the success he has had at Siem Industries. Concentrated Investing will quickly have you re-thinking the conventional wisdom related to diversification and learning from the top concentrated value investors the world has never heard of.

What's Wrong with the World's Leading Media Companies John Wiley & Sons

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

The Curse of the Mogul McGraw Hill Professional

"Peter Bevelin begins this quest for wisdom by embarking on an ambitious journey into the Darwinian forces at the reins of human decision-making, illustrating just how our pre-agrarian genetic hard-wiring all too-often leads us into disastrous lapses in judgement, whether in financial transactions, business decisions or in everyday life, and ultimately offering us methods to sidestep error and enhance success. Bevelin argues that by being aware of the driving forces behind human nature, we can then more effectively approach our responsibilities in the workplace by conditioning ourselves to approach everyday problems through the logistical anchors of mathematical and scientific thinking. The philosophy of Berkshire Hathaway's Director and Vice-Chairman Charles Munger is offered as counterpoint to the notion that we are simply pawns of our own nature; instead, by actively engaging our knowledge of the natural determinants - biology, math, physics, etc. - and through studying diligently the philosophies of those who have weathered the storm and emerged victorious, we can use this knowledge to our distinct advantage in not only business but in all walks of life."

Smart Money Tactics for the Postrecession Era Simon and Schuster

"People have told me that their lives have changed because of me. I take away from this the sense that I'm on the right track." "I believe you're here to live your life with passion. Otherwise, you're just traveling through the world blindly-and there's no point to that." "Oprah's on." It's the catchphrase that inspires millions around the world to tune in to one of the most trusted women in the history of television. Almost everyone follows Oprah's every move. One word about a book club selection sends an obscure first novel rocketing to the top of the bestseller list. Oprah Winfrey possesses what is arguably one of the world's most influential voices. Alive with her unique warmth and insight, Oprah Winfrey Speaks reveals the mystique of Oprah in her own words. Drawing on hundreds of sources, Janet Lowe provides an evocative, personal portrait. Here are Oprah's opinions on everything from childhood and overcoming adversity to dealing with fame and staying real. Oprah Winfrey Speaks highlights Oprah's abiding faith, no-nonsense business rules, generosity, and love as well as her 10 commandments for lifelong success. Oprah's lifetime theme has been personal transformation-she's constantly seeking, questioning, changing, and growing. This uplifting theme echoes throughout Oprah Winfrey Speaks. Here is just a hint of the wisdom you'll discover: * "Just tell the truth. It'll save you every time." * "Don't complain about what you don't have. Use what you've got. To do less than your best is a sin. Every single one of us has the power for greatness, because greatness is determined by service-to yourself and to others." * "I am a woman in progress. I'm just trying like everyone else. I try to take every conflict, every experience and learn from it. All I know is that I can't be anybody else. And it's taken me a long time to realize that." * "If you're angry, be angry and deal with it. Don't go eat a bag of Ruffles." * "God blesses you better when you pray on your knees." The world listens when Oprah Winfrey Speaks Here's just a hint of the wisdom you'll find inside... "I am what I am because of my grandmother. My strength. My sense of reasoning. Everything. All that was set by the time I was six." "Luck is a matter of preparation meeting opportunity." "I always feel if you do right, right will follow." "You know the old cliché, 'a good man is hard to find'? Well, it's true. And the smarter you get, the harder they are to find." This book has not been prepared, approved, licensed, or endorsed by Oprah Winfrey, Harpo Productions, or by any entity that creates, produces, or broadcasts THE OPRAH WINFREY SHOW.

An American Icon McGraw-Hill Education

The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. The Great Mental Models: General Thinking Concepts is the first book in The Great Mental Models series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first volume today. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. **AUTHOR HOME** Ottawa, Ontario, Canada
Insights from the World's Most Influential Voice iUniverse
 Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment. Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters, and paired with commentary from fund managers, value investors, and business-case historians. Derived from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

Concentrated Investing Tor Teen

The New York Times–bestselling inside look at one of the world's most powerful and mysterious institutions For more than twenty-five years, John Thavis held one of the most remarkable journalistic assignments in the world: reporting on the inner workings of the Vatican. In *The Vatican Diaries*, Thavis reveals Vatican City as a place struggling to define itself in the face of internal and external threats, where Curia cardinals fight private wars and sexual abuse scandals threaten to undermine papal authority. Thavis (author of *The Vatican Prophecies: Investigating Supernatural Signs, Apparitions, and Miracles in the Modern Age*) also takes readers through the politicking behind the election of Pope Francis and what we might expect from his papacy. *The Vatican Diaries* is a perceptive, compelling, and provocative account of this singular institution and will be of interest to anyone intrigued by the challenges faced by religion in an increasingly secularized world.

A Few Lessons for Investors and Managers McGraw Hill Professional

The investment theories of Ben Graham, author of *Security Analysis*, have never been more popular. Now, Janet Lowe delivers a new book that provides an easy, accessible way to use Graham's classic, but complex investment theories. In addition to presenting Graham's teachings in a readily understandable way, Lowe includes examples of how Warren Buffett and other disciples have used the principles. Illustrations.
