Shadow and Bone Macmillan
Book 1 Collector's Edition

 Mummies, Cannibals and Vampires charts in vivid detail the largely forgotten history of European corpse medicine, which saw kings, ladies, gentlemen, priests and scientists prescribe, swallow or wear human blood, flesh, bone, fat, brains and skin in an attempt to heal themselves of epilepsy, bruising, wounds, sores, plague, cancer, gout and depression. In this comprehensive and accessible text, Richard Sugg shows that, far from being a medieval therapy, corpse medicine was at its height during the social and scientific revolutions of early-modern Britain, surviving well into the eighteenth century and, amongst the poor, lingering stubbornly on into the time of Queen Victoria. Ranging from the execution scaffolds of Germany and Scandinavia, through the courts and laboratories of Italy, France and Britain, to the battlefields of Holland and Ireland, and on to the tribal man-eating of the Americas, Mummies, Cannibals and Vampires argues that the real cannibals were in fact

the Europeans. Picking our way through the bloodstained shadows of this remarkable secret history, we encounter medicine cut from bodies living and dead, sacks of human fat harvested after a gun battle, gloves made of human skin, and the first mummy to appear on the London stage. Lit by the uncanny glow of a lamp filled with human blood, this second edition includes new material on exo-cannibalism, skull medicine, the blood-drinking of Scandinavian executions, Victorian corpse-stroking, and the magical powers of candles made from human fat. In our quest to understand the strange paradox of routine Christian cannibalism we move from the Catholic vampirism of the Eucharist, through the routine filth and discomfort of early modern bodies, and in to the potent, numinous source of corpse medicine's ultimate power: the human soul itself. Now accompanied by a companion website with supplementary articles, interviews with the author, related images, summaries of key topics, and a glossary, the second edition of Mummies, Cannibals and

Vampires is an essential read for anyone interested in the history of medicine, early modern history, and the darker, hidden past of European Christendom.

 Eagerly anticipated by her legions of fans, this sixth novel in Diana Gabaldon’s bestselling *Outlander* saga is a masterpiece of historical fiction from one of the most popular authors of our time. Since the initial publication of *Outlander* fifteen years ago, Diana Gabaldon’s New York Times

bestselling saga has won the hearts of readers the world over — and sold more than twelve million books. Now, *A Breath of Snow and Ashes* continues the extraordinary story of 18th-century Scotsman Jamie Fraser and his 20th-century wife, Claire. The year is 1772, and on the eve of the American Revolution, the long fuse of rebellion has already been lit. Men lie dead in the streets of Boston, and in the backwoods of North Carolina, isolated cabins burn in the forest. With chaos brewing, the governor calls upon Jamie Fraser to unite the backcountry and safeguard the colony for King and Crown. But from his wife Jamie knows that three years hence the shot heard round the world will be fired, and the result will be independence — with those loyal to the King either dead or in exile. And there is also the matter of a tiny clipping from *The Wilmington Gazette*, dated 1776, which reports Jamie’s death, along with his kin. For once, he hopes, his time-traveling family may be wrong about the future.

But as she begins to unravel the Darkling’s secrets, she reveals a past that will forever alter her understanding of the bond they share and the power she wields. The firebird is the one thing that stands between Ravka and destruction—and claiming it could cost Alina the very future she’s fighting for. *Ruin and Rising* is the thrilling final installment in Leigh Bardugo’s *Grisha Trilogy*.

 Sparks fly when Orion and Ray meet for the first time

at a roller rink in Memphis. But these star-crossed souls have a past filled with secrets that threaten to tear them apart before their love story even begins. Found poetry, grief, and fate collide in this powerful debut. Ray: Just once I'd like my birthday to be about me, and not the day my father died. I want to be Ray Jr., the tall girl from Memphis with the poetry beats and the braids that stay poppin'. And when I meet Orion at the skating rink, that's exactly who I am. He pulls my hand, and instead of being defined by my past, he races me toward my future. Orion: When I dive into the pool, it's just me and my heartbeat. There's no dad, no dead sister, and no distracting noises. But I can't hold my breath forever. And since I met Ray, I don't want to. The closer we get, though, the more I see I'm not the only one caught in her wake. With a lyrical blend of found poetry and poignant prose, this stunning debut captures young Black love and a decades-old family secret that may shatter a romance that feels written in the stars.
