This book presents for the first time the complete text of the earliest known Ladino-language memoir, transliterated from the original script, translated into English, and introduced and explicated by the editors. The memoirist, Sa'adi Besalel a-Levi (1820–1903), wrote about Ottoman Jews' daily life at a time when the finely wrought fabric of Ottoman society was just beginning to unravel. His vivid portrayal of life in Salonica, a major port in the Ottoman Levant with a majority Jewish population, thus provides a unique window into a way of life before it disappeared as a result of profound political and social changes and the World Wars. Sa'adi was a prominent journalist and publisher, one of the

most significant creators of modern Sephardic print culture. He was also a rebel who accused the Jewish leadership of Salonica of being corrupt, abusive, and fanatical; that leadership, in turn, excommunicated him from the Jewish community. The experience of excommunication pervades Sa'adi's memoir, which documents a world that its author was himself actively involved in changing.

Gilbert Tuhabonye is a survivor. More than ten years ago, he lay buried under a pile of burning bodies. The centuries-old battle between Hutu and Tutsi tribes had come to Gilbert's school. Fueled by hatred, the Hutus forced more than a hundred Tutsi children and teachers into a small room and used machetes to beat most of them to death. The unfortunate ones who survived the beating were doused with gasoline and set on fire. After hiding under burning bodies for over eight hours, Gilbert heard a voice inside saying, "You will be all right; you will survive." He knows it was God speaking to him. Gilbert was the lone survivor

of the genocide, and thanks his enduring faith in God for his survival. Today, having forgiven his enemies and moved forward with his life, he is a world-class athlete, running coach and celebrity in his new hometown of Austin, Texas. The road to this point has been a tough one, but Gilbert uses his survival instincts to spur him on to the goal of qualifying for the 2008 Olympic Summer Games. THIS VOICE IN MY HEART will portray not only the horrific event itself, but will be a catalyst for people to understand real forgiveness and the gift of faith in God.

The Touch James Pinnick

The texts which comprise this small book - forms of essay, talk, dialogue - at one time saw themselves as individualists who went somewhere (to small press magazines) on their own. Now they are here, collected with the chance of going nowhere together. As it should be: since they represent the fate of language and translation in the memory of aliens living inside America - like a family going nowhere together, but at home. The philosopher Jacques Derrida and his family are part of this family in the dead letter office, and curiously they are named going nowhere together at home. Along the way, so are the poets Charles Reznikoff and William Carlos Williams and Emmanuel Hocquard and Juliette Valery and Charles Olson, as well as Horace's Odes in translation. You will find in this Memoir what it means for an alien

to search for his family in a book outside the time of its writing. You will find him discovering that translation is a personal story and that poetry might not have a home without it. You will find him wondering: whose voices are these which we hear around us as we write, as Babel turns to rumor through the fact of translation, wherein a book is being made and remade from American to French and back again? You will find him through translation like a Being in the Poetry of the Extraterritorial, an un-owned territory which is neither French nor American but is negotiated by the rumor of a poetry which emerges from both, a future condition (État) which seeks the name it could be but is not. Follow this alien Being's trajectory: he is not of America but grows up in it. He publishes a book in French translation before it appears in the American English original. He becomes native to a writing whose eloquence is always in question, at times because it is passive, at other times because it is unpronounceable. Who, over time, finds his Memoir? In the dead letter office, we do. We find someone somewhat like ourselves, who uses language and translation as if these were a poet's gifts in the making of history, a history which is foreign yet integral to his homeland. We find someone who uses it to return to his own people and place, so that he can "only stand more/revealed." We find someone who will act the new basis for his identity - the consciousness whose coming into Being must be premised on his existence in another world.

Rob Paulsen is one of Hollywood's busiest, most talented, and most passionate performers. If you don't know him by name, you will know him by the many characters he has brought to life: Pinky from *Pinky and the Brain*, Yakko from *Animaniacs*, the tough but loveable Raphael from the original animated *Teenage Mutant Ninja Turtles*, and many more. So you can imagine how terrifying it must have been when Rob was diagnosed with throat cancer, putting his entire livelihood in jeopardy and threatening to rob the world of all his loveable characters that filled our youths and adulthoods with humor and delight. *Voice Lessons* tells the heartwarming and life-affirming story of Rob's experience with an aggressive cancer treatment and recovery regimen, which luckily led to a full recovery. Rob quickly returned to doing what he loves most, but with a much deeper appreciation of what he came so close to losing. His new lease on life inspired him to rededicate himself to his fans, particularly the new friends he made along the way: hundreds of sick children and their families. After plans to live in Africa shatter, young journalist Laurie Sarkadi moves to the Subarctic city of Yellowknife seeking wilderness and adventure. She covers the changing socio-political worlds of Dene and Inuit in the late '80s--catching glimpses of their traditional, animal-dependent ways--before settling into her own off-grid existence in the boreal forest. There, she experiences motherhood and its remarkable synchronicities with the lives of caribou, dragonflies and other creatures. As a mother, and as a journalist, Sarkadi speaks up for abused women and children, creating controversies that entangle her in long, legal battles. When she looks to animals and the natural world for solace, she encounters magic. Lessons from the natural world arrive weekly, if not daily: black bears roam her dreams, as well as her deck, teaching introspection; wolves inspire her to persevere. This evocative memoir explores a more than two-decade long physical and spiritual journey into the wild spaces of northern Canada, around the globe and deep within.

Estrella 5x8 Simon and Schuster

Small print edition 5x8Starkishia: Estrella is a story about a little girl who grew up too fast to feel the grass wear thin under the soles of her shoes. Abuse thickened her skin, yet her nightmares

were as dark as they were real. The library became her sanctuary where stories took her to another place and time. But, in reality there was nothing imaginary about the bruises under her clothing as she advanced from one classroom to another during middle school, or nothing fictitious about being molested by the maggot hands of a despicable relative. Her plight was hidden in a small town in Georgia, just as her physical abuse was disregarded by the school's social worker. This colored child was brought into this world by her 14 year old mother who was ruthlessly dominated by her husband. Starkishia loved her mother above all else; her step-father who provided shelter for them witnessed her birth and helped raise her. She consumed pieces of joy, but sometimes she received broken reprisals and ended up walking down the dark road alone; yet in some fortunate way humanity was always within reach. After her parents split up, Starkishia and her family ended up in Texas. Single parenthood changed their family structure forevermore. Starkishia became a wage earner at age 13; she also became homeless the following year. She was, for years, engulfed by her impoverished and dysfunctional environment. She married a native of Mexico a few days after her 15th birthday. He nicknamed her 'Estrella' a Spanish term which means 'Star.' It goes without saying that Starkishia was born in the land of opportunity, but it was not exactly within her reach. Yes, she was her grandmother's star, but she was a statistic of minimal proportions as far as small town and suburbia America was concerned. Shortly after marriage, she became a mother. Afterward the life of this teen went downhill at lightning speed. Many readers will identify with her; for, she walked away from her husband broken hearted; then, she fell in love with another man,

and as new babies arrived, she took her limited funds and focused on the lives of those under her roof; in time, her parental absence to her oldest two children turned flat out into abandonment. Have mercy! Starkishia was a lost teen, but through grace she eventually became a productive woman in American society. Meredith Etc., a small press, proudly introduces readers to Starkishia: Estrella, a story about the perils of teen parenthood, economic dispossession, and the charity of new beginnings. A Runner's Memoir of Genocide, Faith, and Forgiveness Headline Home

"Thirty years ago, I lay in the womb of a woman, conceived in a sexual act of rape, being carried during the prenatal period by an unwilling and rebellious mother, finally bursting from the womb only to be tormented in a family whose members I despised or pitied, and brought into association with people whom I should never have chosen." Shortly after its 1925 publication, Gertrude Beasley's ferociously eloquent feminist memoir was banned and she herself disappeared under mysterious circumstances. Though British Nobel Prize winner Bertrand Russell called *My First Thirty Years* "truthful, which is illegal" and Larry McMurtry pronounced it the finest Texas book of its era, Beasley's words have been all but inaccessible for almost a century—until now. Beasley penned one of the most brutally honest coming-of-age historical memoirs ever written, one which strips away romantic notions about frontier women's lives at the turn of the 20th century. Her mother and sisters braved male objectification and the indignities of poverty, with little if any control over their futures. With characteristic ferocity, Beasley rejected a life of dependence, persisting in her studies and becoming first a teacher, then a

principal, then a college instructor, and finally a foreign correspondent. Along the way, Beasley becomes a strident activist for women's rights, socialism, and sex education, which she sees as key to restoring bodily autonomy to women like those she grew up with. She is undaunted by authority figures but secretly ashamed of her origins and yearns to be loved. *My First Thirty Years* is profoundly human and shockingly candid, a rallying cry that cost its author her career and her freedom. Her story deserves to be heard. Praise for *My First Thirty Years*: "For almost a century in Texas literary circles, Gertrude Beasley's 1925 memoir has been more a legend than a book... The tangled history of *My First Thirty Years*, and Beasley's horrific personal fate, are case studies in society's merciless treatment of women of her era who gave voice to socially unspeakable truths. The memoir's republication this month, which makes it widely available for the first time in 96 years, is a long-overdue moment of reckoning. It's also a rich gift to the Texas literary canon."—Texas Monthly "We should all be as fierce, loud, and convinced of our own self-worth as Gertrude Beasley was. This story of a justifiably angry woman living ahead of the world she lived in will resonate deeply today."—Soraya Chemaly, activist and award-winning author of *Rage Becomes Her: The Power of Women's Anger* "Gertrude Beasley's 1925 memoir grabs the reader by the arm and holds tight, speaking with a voice as compelling as if she had just put down her pen this morning. Feminist, socialist, and acute observer of both herself and the world around her, Beasley gives us stories that illuminate the costs of poverty and of being a woman. To read *My First Thirty Years* is to be in conversation with an extraordinary mind."—Anne
