1987 IRS Examination Questions with CCH Solutions South Western Educational Publishing

Federal Taxation Comprehensive Topics is a popular teacher-created combination first- and second-level tax course that offers comprehensive one-volume coverage of all the most important tax concepts and principles for a solid grounding in federal taxation. It offers clear and concise explanation of fundamental tax concepts in the framework of today's tax practice. Covering both planning and compliance, the book strikes an effective balance between AICPA model curriculum demands and the favored approaches of the majority of today's top tax teachers. *Wiley CPA Examination Review 2007-2008, Problems and Solutions* CRC Press

This popular CCH resource provides sample filled-in reproductions of several commonly-used business tax forms along helpful coordinated explanations of the tax law related to completing these returns. Updated annually, this new edition includes discussion of law changes made by recent legislation that impact the preparation of 2005 returns in 2006, including the latest new tax developments affecting completion of business tax returns. Current year forms and related discussions included are: - Form 1120 and schedules (corporations) - Form 1120-S (S corporations) - Form 1065 (partnerships) - Form 1041 (fiduciaries) To help readers understand specific items on the returns and associated calculations, the filled-in forms contain cross references to the related CCH Explanations. These instructive explanations cover the separate items and schedules of each return and are keyed to the actual illustrative figures. Tax Rate Tables for Corporations and Estates and Nongrantor Trusts are also included for convenient reference. The expert CCH explanations, coordinated design elements and large format make this title the perfect quick-reference for tax return preparers and a great tool for staff training or personal brush-up for tax season.

ABA Journal CCH

Federal Taxation Practice and Procedure (12th Edition) provides a clear explanation of the organization, structure and processes involved in IRS practice. A favorite in practice and procedure classes because of its clear descriptions and logical presentation, it is a top reference for practitioners as well. The book patiently covers the basics, the complexities and the details with plenty of real-life illustrations and examples. All the latest IRS structural changes and developments are explained, and the book helpfully includes reproductions of official letters, forms and notices used by the IRS. This new 12th Edition reflects the latest statutory, regulatory and case developments along with changes in IRS operations and processes. Included right in place are special end-of-chapter problems for those using the book as a text or training tool. The authors continue the practice of carefully and concisely explaining the workings of the IRS, so that the reader gets a clear sense of how things work on a practical level. This comprehensive

guide discusses the administrative structure of the IRS, ethical duties of the practitioner, preparer penalties, and the statute of limitations. The Service's procedure in determining, reviewing, litigating and collecting tax deficiencies is described, and the roles of all the key groups within the IRS are covered. Also included are a discussion of related criminal investigations and the use of the IRS summons. The indirect method of proof is also covered. The book's helpful Appendix contains the key sections from the Statement of Procedural Rules adopted by the Treasury Department to govern the internal administration and functioning of the IRS. CONTENTS: The book reflects the substantial experience and resourcefulness of its authors in highly successful IRS pr

Tax Problems and Solutions Handbook (2021 Edition) CCH

The Handbook will provide direction on how to resolve the most common IRS problems for individuals. The first section provides guidance on the most common post-filing actions: contacting and working with the IRS to obtain information and helping tax professionals practice effectively before the IRS. The remaining sections of the Handbook focus on each of the major tax problem categories: audits/underreporter notices, collection issues, penalties, unfiled returns, and spousal issues. The issues in these categories constitute most of the problems for individual taxpayers. The book provides solutions to these problems
