Leadership is a subject that has gained impressive visibility in the past two decades. The number of books, monographs and articles, as well as seminars, devoted to the development of one's leadership skills has been almost exponential growth. This study is an attempt to forge a full-orbed theology of Christian leadership grounded in the teaching of Scripture. What emerges from tracing the theme of leadership through the biblical record is a servanthood pattern, one that is wholly distinct from prevailing secular models. Our exposition begins with the biblical language of the servant, the term of choice for those great leaders used of God to further his saving purposes in the world. Eleven Old Testament and five New Testament leaders are profiled. The

portrait of Jesus Christ focuses on three motifs that governed his training of the twelve for kingdom ministry. The Pauline letters are mined for those convictions that governed Paul's practice of leadership, both of his mission team and of the faith communities that emerged from that mission. The treatment of each leader, from Joseph to Paul, begins with a series of preliminary questions and concludes with a mini-profile that correlates the biblical data with these questions. The final chapter offers a summary profile of the servant leader, one whose character, motives and agenda align with the divine purposes. Though designed as a textbook for upper level college and seminary courses on leadership, the book's readable format is ideal for churches and parachurch

organizations in their leadership training programs. The author's prayer is that this work will serve as a catalyst to call God's people back to Scripture and thereby raise up a whole new generation of authentic servant-leaders.

Identifying and equipping men for the role of church Elder is not an easy task...The role of Elder is perhaps one of the most important roles in the world, since the church is both the body and

bride of Jesus. That means church leaders need more than surface opinions about the men who might possibly fit the role of Elder. They need a way to evaluate and train those candidates. This workbook-style handbook is designed to help church leaders do just that, in a wise, careful, and thoroughly Biblical way. Some contexts where this handbook may be helpful:

- When an existing Elder team needs to bring others onto their team
- When a Pastor needs to establish an Elder team from scratch
- When an Elder team needs a "refresher" about their role, or would like additional training regarding the Biblical mandate for Elders
- As a discipleship curriculum for men, where the role of Elder is held up as a "model" for how they can lead their families with the

heart of a shepherd. This handbook is not offered as a magic formula or fool-proof method for finding or equipping men for the role of Elder. No such thing exists. Scripture clearly teaches that men are only appointed to the role of Elder by the determination of the Holy Spirit (Acts 20:28). Instead, this handbook is designed to serve as a tool in that Spirit-led process. It is an aid in discerning the will of the Spirit, first through assessment of the man being considered, and secondly through training for those who appear to be called to serve as Elders. With over 260 study questions, a variety of self-assessment tools, scripture memorization, and “quizzes” to test the candidate's understanding and application of the concepts included, The

Elder Training Handbook is a serious-minded tool for discovering, encouraging, and equipping men to shepherd, protect, and lead the New Testament church.

Why Elders? DigiCat

Some people might say Eldership doesn't work. I respond "you're right." How can it work when we appoint Elders who are not spiritually qualified?

Eldership cannot work unless we follow God's manual for what constitutes a qualified Elder. When we come to the subject of church Elders, the New Testament is clear about the qualifications. The New Testament gives more detailed instructions on Elders' mandatory qualifications than any other aspect, including their calling and ministry. God has placed a standard for those in pastoral oversight because not just anyone can be an Elder. In 1 Timothy and Titus, the apostle Paul set forth several characteristics that men must possess to serve as Pastors, Elders, Overseers, or Shepherds. In "The 24 Qualifications Of An Elder," we explore the essential requirements for Eldership according to God who calls the Elder, Jesus who gives the Elders to His church,

and the Holy Spirit, who anoints and empowers the Elders.

Emerging Elders Crossway

On August 14, 2011, when I was in Kandergrund in the Bernese Highlands in Switzerland an important connection became very clear to me. I recognized a spiritual cause for why we are losing part of our youth. I was very shocked. I thought of my children and grandchildren. Since then I have been intensively occupied with this subject. Now I believe that the same spiritual cause is behind many of our problems; specifically the personal problems, in the local churches and the world-wide church. It is the lack of the Holy Spirit. If this is the cause, then we should urgently address this issue. If the cause can be eliminated or considerably

reduced, then many problems will become superfluous or will be resolved.

David Servant has been ministering to Christian leaders in conferences around the world for over three decades. From his experience of speaking to tens of thousands of pastors in over forty countries, he has compiled biblical teaching in this book that addresses the most important issues that Christian leaders are facing today. Servant covers topics such as church growth, spiritual warfare, divorce and remarriage, biblical interpretation, house churches, women in ministry, church government, spiritual gifts, evangelism and many more. He often questions the prevailing opinion, always considering what Scripture says. His conclusions may sometimes surprise

you. Servant's foundational condition is that every Christian leader should be making disciples who obey all of Christ's commandments. Translated into many languages, The Disciple-Making Minister is helping Christian leader around the world be more effective in fulfilling the Great Commission.

Training Ministry Teams Kregel Academic

Effective leadership is important. Nowhere is this more true than in the church. Jeramie Rinne offers readers a concise overview of the Bible's teaching on spiritual leadership, setting forth an easy-to-understand "job description" for elders that is focused on enabling pastors and church leaders to effectively shepherd their congregations. Giving practical guidance to new elders and helping church members better understand and support their spiritual leaders, this conversational book emphasizes purposeful ministry rather than project management. It will also bolster leaders' confidence by encouraging them to embrace their pastoral calling with grace, wisdom, and a clarity of vision.
