Bob Dylan Anthology Amsco Music
Though he's spent nearly 40 years in the spotlight, Bob Dylan remains one of our most enigmatic and reclusive public figures. As the 20th Century's most influential songwriter, dozens of books have been written about him, primarily biographies, lyric analysis, and reference materials. Encounters with Bob Dylan is the first to examine his life and career from his fans' perspective. Included are 50 first-person accounts of fans who have had a close encounter (usually face-to-face) with him. The contributors come from around the world, and some even have recognizable names, such as mandolinist David Grisman, journalist Nat Hentoff, Hall-of-Fame pitcher Jim "Catfish" Hunter, tapper Kurtis Blow, and noted groupie/author Pamela Des Barres. The common link is a love and appreciation for the words and music of Bob Dylan and his

impact on modern culture. Collectively, their stories provide compelling, sometimes amusing, insight into Dylan and his long and complicated relationship with his legion of devoted admirers. The stories are presented chronologically, beginning in 1956 with Margaret Stark's account of her high school date with Bobby Zimmerman and their subsequent meeting at Bob's 10-year Hibbing High School reunion. Along the way, you'll hear from fans like Marc Silber, who met Bob in 1962 and arranged for his appearance at the University of Michigan Folk Festival, and Timothy Chisholm, who was invited to meet Bob after a show because of his enthusiastic front-row response to Dylan's performance. Due to the constantly changing circumstances of the encounters, each story is unique in character and impact.

Dylan can be as evasive and abstruse as he is witty; he can be cranky and sarcastic. But in the right moments, he offers candid, revealing commentary about his groundbreaking music and creative process. Dylan on Dylan is an authoritative, chronologically arranged anthology of interviews, speeches and press conferences, as well as excerpts

from nearly a hundred additional Q&As spanning Dylan's entire career. The material comes from renowned publications like Rolling Stone and from obscure periodicals like Minnesota Daily, a student newspaper at Dylan's alma mater. Interviewers include some of the top music journalists of our time, such as Robert Love and Mikal Gilmore, as well as musicians like Pete Seeger and Happy Traum. Introductions put each piece in context and, in many cases, include the interviewer's reminiscences about the encounter.

Arranged in a surprising chronology of when they were actually written rather than when they appeared on albums--the middle verse of "Blowin' in the Wind" was written much later than the first and third verses, and the songs on John Wesley Harding were written prior to some of the songs on *The Basement Tapes*--hundreds of surprising facts are uncovered in this catalog of 300 songs, spanning his career prior to *Blood on the Tracks*. Leonard Cohen, one of the most admired performers of the last half century, has had a stranger-than-fiction, roller-coaster ride of a life. Now, for the first time, he tells his story in his own words, via more than 50 interviews conducted worldwide between 1966 and 2012. In *Leonard Cohen on Leonard Cohen*—which includes a foreword by singer Suzanne Vega and eight pages of rarely seen photos—the artist talks about "Bird on the Wire," "Hallelujah," and his other classic songs. He candidly discusses his famous romances, his years in a Zen monastery, his ill-fated collaboration with producer Phil Spector, his long battle with depression, and much more. You'll find interviews that first appeared in the *New York Times* and *Rolling Stone*, but also material that has not previously been printed in English. A few have not been available until now in any format, including many illuminating reminiscences that contributors supplied specifically for this

definitive anthology.

World Gone Wrong Chicago Review Press
All Along Bob Dylan: America and the
World offers an important contribution to
thinking about the artist and his work.
Adding European and non-English
speaking contexts to the vibrant field of
Dylan studies, the volume covers a wide
range of topics and methodologies while
dealing with the inherently complex and

varied material produced or associated
with the iconic artist. The chapters,
organized around three broad thematic
sections (Geographies, Receptions and
Perspectives), address the notions of
audience, performance and identity,
allowing to map out the structure of
feeling and authenticity, both, in the case
of the artist and his audience. Taking its

cue from the collapse of the so-called
high-/ low culture split following from the
Nobel Prize, the book explores the
argument that Dylan (and all popular
music) can be interpreted as literature and
offers discussions in the context of literary
traditions, or visual culture and music. This
contributes to a nuanced and complex
portrayal of the seminal cultural
phenomenon called Bob Dylan.
