**Into the Abyss** Covenant Books, Inc.

Is Iraq becoming another Vietnam? Author Kenneth Campbell received a Purple Heart after serving 13 months in Vietnam. He then spent years campaigning to get the US out of the war. Here, Campbell lays out the political similarities of both wars. He traces the chief lessons of Vietnam, which helped America successfully avoid quagmires for thirty years, and explains how neoconservatives within the Bush administration cynically used

the tragedy of 9/11 to override the "Vietnam syndrome" and drag America into a new quagmire in Iraq. In view of where the U.S. finds itself today -- unable to stay but unable to leave -- Campbell recommends that America re-dedicate itself to the essential lessons of Vietnam: the danger of imperial arrogance, the limits of military force, the importance of international and constitutional law, and the power of morality.

Parliamentary Papers Routledge

Mitchell's **ROOTS OF WISDOM: A TAPESTRY OF PHILOSOPHICAL TRADITIONS**, Eighth Edition, invites readers to explore universal and current philosophical issues through a rich tapestry of worldviews that include the ideas and traditions of men and

women from the West, Asia, the Americas and Africa. No other book covers such a wide breadth of multicultural coverage coupled with a clear, concise and engaging writing style. Striking images from fine art, cartoons, poetry, movies, current events and popular music illustrate our diverse cultural inheritance and bring the issues of philosophy to life. This edition's theme of personhood is addressed in the Confucian Socially Molded Self, discussions about who is and who is not a citizen in a republic, the construction of a planned city and the question of whether other animals do or should enjoy personhood. WITS: The Early Years Macmillan

This history is a war story of astonishing courage and honor, of stupidity, of blood, death, agony -- and waste. Nothing in British campaign history has ever equaled the tragic farce that was the charge of the Light Brigade during the Crimean War's Battle of Balaclava on October 25, 1854. In this fascinating study, Cecil Woodham-Smith shows that responsibility for the fatal mismanagement of the affair rested with the Earls of Cardigan and Lucan, brothers-in-law and sworn enemies for more than thirty years. In revealing the combination of pride and obstinacy that was to prove so fatal, Woodham-Smith gives us a picture of a vanished world, in which heroism and military glory guaranteed an immortality impossible in a more cynical age.

*Tale of Two Quagmires* The Reason Why

Based on classified documents and first-person interviews, a controversial history of the Vietnam War argues that American acts of violence against millions of Vietnamese civilians were a

pervasive and systematic part of the war and that soldiers were deliberately trained and ordered to conduct hate-based slaughter campaigns.

My Friend Anna Simon and Schuster

Treasury of verse by the great Victorian poet includes the famous long narrative poem, Enoch Arden, plus "The Lady of Shalott," "The Charge of the Light Brigade," "Break, break, break," "Flower in the crannied Wall" and more. Also included are excerpts from three longer works: The Princess, "Maud" and "The Brook."

**Messenger of Death** Cengage Learning

Using primary military dispatches, gives an in-depth account of the Crimean War, remarking on the war's military tactics, brutal nature, and significant impact on modern warfare.

**Money** Macmillan

NEW YORK TIMES BESTSELLER Following his explosive New York Times bestseller Red Notice, Bill Browder returns with another gripping thriller chronicling how he became Vladimir Putin's number one enemy by exposing Putin's campaign to steal and launder hundreds of billions of dollars and kill anyone who stands in his way. When Bill Browder's young Russian lawyer, Sergei Magnitsky, was beaten to death in a Moscow jail, Browder made it his life's mission to go after his killers and make sure they faced justice. The first step of that mission was to uncover who was behind the \$230 million tax refund scheme that Magnitsky was killed over. As Browder and his team tracked the money as it flowed out of Russia through the Baltics and Cyprus and on to Western Europe and the Americas, they were shocked to discover that Vladimir Putin himself was a beneficiary of the crime. As law enforcement agencies began freezing the money, Putin

retaliated. He and his cronies set up honey traps, hired process servers to chase Browder through cities, murdered more of his Russian allies, and enlisted some of the top lawyers and politicians in America to bring him down. Putin will stop at nothing to protect his money. As *Freezing Order* reveals, it was Browder's campaign to expose Putin's corruption that prompted Russia's intervention in the 2016 US presidential election. At once a financial caper, an international adventure, and a passionate plea for justice, *Freezing Order* is a stirring morality tale about how one man can take on one of the most ruthless villains in the world—and win.

#### *Abraham Lincoln Pen and Sword*

"Pfaff, let there be no doubt, is a reformer...Nonetheless, he believes that the standard story--popularized in particular by Michelle Alexander, in her influential book, *The New Jim Crow*--is false. We are desperately in need of reform, he insists, but we must reform the right things, and address the true problem."--Adam Gopnik, *The New Yorker* A groundbreaking examination of our system of imprisonment, revealing the true causes of mass incarceration as well as the best path to reform In the 1970s, the United States had an incarceration rate comparable to those of other liberal democracies-and that rate had held steady for over 100 years. Yet today, though the US is home to only about 5 percent of the world's population, we hold nearly one quarter of its prisoners. Mass incarceration is now widely considered one of the biggest social and political crises of our age. How did we get to this point? *Locked In* is a revelatory investigation into the root causes of mass incarceration by one of the most exciting scholars in the country. Having spent fifteen years studying the data on

imprisonment, John Pfaff takes apart the reigning consensus created by Michelle Alexander and other reformers, revealing that the most widely accepted explanations-the failed War on Drugs, draconian sentencing laws, an increasing reliance on private prisons-tell us much less than we think. Pfaff urges us to look at other factors instead, including a major shift in prosecutor behavior that occurred in the mid-1990s, when prosecutors began bringing felony charges against arrestees about twice as often as they had before. He describes a fractured criminal justice system, in which counties don't pay for the people they send to state prisons, and in which white suburbs set law and order agendas for more-heavily minority cities. And he shows that if we hope to significantly reduce prison populations, we have no choice but to think differently about how to deal with people convicted of violent crimes-and why some people are violent in the first place. An authoritative, clear-eyed account of a national catastrophe, *Locked In* transforms our understanding of what ails the American system of punishment and ultimately forces us to reconsider how we can build a more equitable and humane society.

The co-host of the popular NPR podcast *Planet Money* provides a well-researched, entertaining, somewhat irreverent look at how money is a made-up thing that has evolved over time to suit humanity's changing needs. Money only works because we all agree to believe in it. In *Money*, Jacob Goldstein shows how money is a useful fiction that has shaped societies for thousands of years, from the rise of coins in ancient Greece to the first stock market in Amsterdam to the emergence of shadow banking in the

21st century. At the heart of the story are the fringe thinkers and world leaders who reimagined money. Kublai Khan, the Mongol emperor, created paper money backed by nothing, centuries before it appeared in the west. John Law, a professional gambler and convicted murderer, brought modern money to France (and destroyed the country's economy). The cypherpunks, a group of radical libertarian computer programmers, paved the way for bitcoin. One thing they all realized: what counts as money (and what doesn't) is the result of choices we make, and those choices have a profound effect on who gets more stuff and who gets less, who gets to take risks when times are good, and who gets screwed when things go bad. Lively, accessible, and full of interesting details (like the 43-pound copper coins that 17th-century Swedes carried strapped to their backs), *Money* is the story of the choices that gave us money as we know it today.

*Pickett's Charge* State University of New York Press

Only four men survived the plane crash. The pilot. A politician. A cop... and the criminal he was shackled to. On an icy night in October 1984, a commuter plane carrying nine passengers crashed in the remote wilderness of northern Alberta, killing six people. Four survived: the rookie pilot, a prominent politician, a cop, and the criminal he was escorting to face charges. Despite the poor weather, Erik Vogel, the 24-year-old pilot, was under intense pressure to fly. Larry Shaben, the author's father and Canada's first Muslim Cabinet Minister, was commuting home after a busy week at the Alberta Legislature. Constable Scott Deschamps was escorting Paul Archambault, a drifter wanted on an outstanding warrant. Against regulations, Archambault's handcuffs were removed—a decision that would profoundly impact

the men's survival. As the men fight through the night to stay alive, the dividing lines of power, wealth, and status are erased, and each man is forced to confront the precious and limited nature of his existence.

Freezing Order, the follow-up to *Red Notice*, is available now! “[*Red Notice*] does for investing in Russia and the former Soviet Union what *Liar’s Poker* did for our understanding of Salomon Brothers, Wall Street, and the mortgage-backed securities business in the 1980s. Browder’s business saga meshes well with the story of corruption and murder in Vladimir Putin’s Russia, making *Red Notice* an early candidate for any list of the year’s best books” (*Fortune*). “Part John Grisham-like thriller, part business and political memoir.” —*The New York Times* This is a story about an accidental activist. Bill Browder started out his adult life as the Wall Street maverick whose instincts led him to Russia just after the breakup of the Soviet Union, where he made his fortune. Along the way he exposed corruption, and when he did, he barely escaped with his life. His Russian lawyer Sergei Magnitsky wasn’t so lucky: he ended up in jail, where he was tortured to death. That changed Browder forever. He saw the murderous heart of the Putin regime and has spent the last half decade on a campaign to expose it. Because of that, he became Putin’s number one enemy, especially after Browder succeeded in having a law passed in the United States—*The Magnitsky Act*—that punishes a list of Russians implicated in the lawyer’s murder. Putin famously retaliated with a law that bans Americans from adopting Russian orphans. A financial caper, a crime thriller,

and a political crusade, Red Notice is the story of one man taking on overpowering odds to change the world, and also the story of how, without intending to, he found meaning in his life.

#### **Locked In** Pen & Sword

Until recently, immigration policy was largely in the hands of a small group of bureaucrats, who strove desperately to fend off "offensive" peoples. Barbara Roberts explores these government officials, showing how they not only kept the doors closed but also managed to find a way to get rid of some of those who managed to break through their carefully guarded barriers. Robert's important book explores a dark history with an honest and objective style.

Routledge

Why should we care about heaven? -- What is heaven like? -- When does a person go to heaven? -- Where is heaven? -- Who goes to heaven?

#### **Religion and Scientific Naturalism** Simon and Schuster

The most notorious, and most contentious, cavalry charge in history still remains an enigma. Though numerous books have been written about the charge, all claiming to reveal the truth or to understand the reason why; exactly what happened at Balaklava on 25 October 1854 continues to be fiercely debated. Voices from the Past, *The Charge of the Light Brigade* relives that fateful day not through the opinions of such historians but from the words of those that were there. This is the story of the charge told by the soldiers of both sides, in the most detailed description of the Battle of Balaklava yet written. Gallop with the light dragoons and lancers into the mouths of the Russian cannon as the shells and cannonballs decimate their ranks. Read of the desperate efforts to return down the Valley of Death as the enemy pressed around the remnants of the Light Brigade, and of the nine Victoria Crosses won that day. Possibly more significant are the accusations and counter-arguments that followed the loss of the Light Brigade. Just who was responsible for that terrible blunder? The leading figures all defended their own positions, leading to presentations in Parliament and legal action. Yet one of those senior figures made an astonishing admission immediately after the battle, only to change his story when the charge

became headline news. Just who was it that made the fatal error that cost the British Army its Light Brigade?

*The South Western Reporter* Simon and Schuster

NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE

• “A taut page-turner with all the hallmarks of a good historical thriller.”—Orlando Sentinel The gripping true story of the duel to end all duels in medieval France as a resolute knight defends his wife’s honor against the man she accuses of a heinous crime In the midst of the devastating Hundred Years’ War between France and England, Jean de Carrouges, a Norman knight fresh from combat in Scotland, returns home to yet another deadly threat. His wife, Marguerite, has accused squire Jacques Le Gris of rape. A deadlocked court decrees a trial by combat between the two men that will also leave Marguerite’s fate in the balance. For if her husband loses the duel, she will be put to death as a false accuser. While enemy troops pillage the land, and rebellion and plague threaten the lives of all, Carrouges and Le Gris meet in full armor on a walled field in Paris. What follows is the final duel ever authorized by the Parlement of Paris, a fierce fight with lance,

sword, and dagger before a massive crowd that includes the teenage King Charles VI, during which both combatants are wounded—but only one fatally. Based on extensive research in Normandy and Paris, *The Last Duel* brings to life a colorful, turbulent age and three unforgettable characters caught in a fatal triangle of crime, scandal, and revenge. *The Last Duel* is at once a moving human drama, a captivating true crime story, and an engrossing work of historical intrigue with themes that echo powerfully centuries later.

*The Northwestern Reporter* Simon and Schuster

Articulates a metaphysical position capable of rendering both science and religious experience simultaneously and mutually intelligible.

*The Charge* NYU Press
