The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. *Winner of the American Book Award for History*

"No president since the founders has done more to shape the character of American government," notes Alan Brinkley in this magnificent biography of America's thirty-second president. "And no president since Lincoln has served through darker or more difficult times. Roosevelt thrived in crisis. It brought out his greatness, and his guile. It triggered his almost uncanny ability to communicate effectively with people of all kinds. And at times, it helped him excoriate his enemies, and to revel in doing so." This brilliant, compact biography chronicles Franklin Delano Roosevelt's rise from a

childhood of privilege to a presidency that forever changed the face of international diplomacy, the American party system, and the government's role in global and domestic policy. Brinkley, the National Book Award-winning New Deal historian, provides a clear, concise introduction to Roosevelt's sphinx-like character and remarkable achievements. In a vivid narrative packed with telling anecdotes, the book moves swiftly from Roosevelt's youth in upstate New York--characterized by an aristocratic lifestyle of trips to Europe and private tutoring--to his schooling at Harvard, his brief law career, and his initial entry into politics. From there, Brinkley chronicles Roosevelt's rise to the presidency, a position in which FDR remained until death, through an unparalleled three-plus terms in office. Throughout the book, Brinkley elegantly blends FDR's personal life with his professional one, providing a lens into the President's struggles with polio and his somewhat distant relationship with the first lady. Franklin Delano Roosevelt led the United States through the worst economic crisis in the nation's history and through the greatest and most terrible war ever recorded. His extraordinary legacy remains alive in our own troubled new century as a reminder of what bravery and strong leadership can accomplish.

The Unfinished Nation: The English "transplantations" Cram101

This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.

A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an

immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.
