### TEXAS STAAR Test Prep: 4th Grade Math Practice Workbook and Full-Length Online Assessments CreateSpace

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries - and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.

A fresh new look for this modern classic by the Newbery-Award winning and bestselling author of Where the Mountain Meets the Moon Pacy is back! The beloved heroine of The Year of the Dog and The Year of the Rat has returned in a brand new story. This summer, Pacy's family is going to Taiwan for an entire month to visit family and prepare for their grandmother's 60th birthday celebration. Pacy's parents have signed her up for a Chinese painting class, and at first she's excited. This is a new way to explore her art talent! But everything about the trip is harder than she thought it would be--she looks like everyone else but can't speak the language, she has trouble following the art teacher's instructions, and it's difficult to make friends in her class. At least the dumplings are delicious... As the month passes by, Pacy eats chicken feet (by accident!), gets blessed by a fortune teller, searches for her true identity, and grows closer to those who matter most.

Beginning with the 2014-2015 school year, the assessments will cover the skills listed in the revised TEKS for mathematics. The questions in this book cover all the skills in the revised TEKS and will prepare students for the 2014-2015 STAAR assessments.

Grade 4 Chariot Victor Publishing

100% Aligned with STAAR Standards for Reading Comprehension! These books are designed to prepare your students for the Reading portion of the State of Texas Assessment of Academic Readiness (STAAR). Many states measure achievement in reading by assessing student progress on benchmark objectives identified in their state standards. The state of Texas is one of those states. This book provides teachers with a variety of reading passages and questions that help assess student knowledge of reading standards tested on the STAAR. This practice book provides reading passages that consist of narrative text, expository text, and mixed passages. Expository passages include informative, biographical, autobiographical, and how-to selections. Mixed passages put two different kinds of writing together in one selection. Questions follow each passage. Each question is designed to assess a specific STAAR standard. Teacher Editions contain an answer key which tells you the type of passage, higher level vocabulary found in each passage, each standard tested along with its correct answer, and a list of possible extension activities. Teacher Editions also include a bibliography and a reading benchmark standards matrix showing which passage assesses which standards. Each of these workbooks provides hours of on-grade-level reading comprehension practice. Passages range in readability to allow for differentiated instruction. The grades 3-8 Reading Comprehension titles are great test preparation tools. These books are also great for home schooling!
