LORD SHIVA UPASANA!  
 LORD SHIVA/ RUDRA  
 ASSISTANCE &  
 WORSHIP FOR  
 ENLIGHTENMENT! A  
 SIMPLE GUIDE TO  
 LORD SHIVA/ RUDRA  
 POOJA & RUDRA  
 HOMAM! Upasana is  
 known as continuous  
 worship of an angelic  
 presence or god. If you  
 follow a particular god  
 or goddess / a deity to  
 help you in all your  
 personal and complete  
 life cycle then you  
 have to follow certain  
 protocols on which a  
 particular deity will be  
 satisfied and helps by  
 speaking, appearing in  
 dreams and giving  
 some message, making  
 success in business/  
 career, marriage,  
 service to others,  
 enlightenment  
 etc. Shiva also known  
 as Mahadeva; is one of  
 the main deities of  
 Hinduism. He is one of

the supreme beings  
 inside Shaivism, one of  
 the principal traditions  
 inside current  
 Hinduism. Shiva is  
 known as "The  
 Destroyer" in the  
 Trimurti, the Hindu  
 trinity that consists of  
 Brahma and Vishnu. In  
 Shaivism tradition,  
 Shiva is one of the  
 supreme beings who  
 creates, protects and  
 transforms the  
 universe. In the  
 Shaktism tradition, the  
 Goddess, or Devi, is  
 defined as one of the  
 ultimate, yet Shiva is  
 respected along with  
 Vishnu and Brahma. A  
 goddess is stated to be  
 the strength and  
 innovative power  
 (Shakti) of each, with  
 Parvati (Sati) the same  
 complementary  
 associate of Shiva.  
 According to the  
 Shaivism section, the  
 highest shape of Ishvar

is formless, limitless, transcendent and unchanging absolute Brahman and the primal Atman (soul, self) of the universe. There are many each benevolent and fearsome depictions of Shiva. In benevolent aspects, he is depicted as an omniscient Yogi who lives an ascetic life on Mount Kailash in addition to a householder with spouse Parvati and his children, Ganesha and Kartikeya. Pancha Bootha temples are located in south India. Pancha Bhoota Stalam refers to five temples dedicated to Shiva. They are Srikalahasti (vayu), Kanchipuram (Earth), Thiruvannamalai (Fire), Thiruvanaikaval (Water) & Chidambaram (Aakaash). Tamil

literature is enriched by means of Shiva devotees referred to as sixty three Nayanmars (Nayanars). This book consists of Lord History of Shiva worship, Lord Ganesh worship, Lord Shiva/Rudra pooja mantras including Gayatri Mantras, Moola Mantras, Ashtotram, Sahastranamam, Shiva/ Linga/ Bilva Ashtagam, Rudram, Chamakam, Panchakshari etc (in English, Sanskrit & Tamil). Also how to perform Lagu Homam/ Yagna is clearly explained with mantras. As Lord Shiva is universal intelligence; you can follow your own prayer/pooja methods or as explained in the book. Lord Shiva blessings to all! OM NAMASHIVAYA!

 For as long as we have  
 sought god, we have  
 found the goddess.  
 Ruling over the  
 imaginations of  
 humankind's earliest  
 agricultural  
 civilizations, she  
 played a critical  
 spiritual role as a  
 keeper of nature's  
 fertile powers and an  
 assurance of the next  
 sustaining harvest. In  
*The Goddess*, David  
 Leeming and  
 Christopher Fee take

us all the way back into  
 prehistory, tracing the  
 goddess across vast  
 spans of time to tell  
 the epic story of the  
 transformation of belief  
 and what it says about  
 who we are. Leeming  
 and Fee use the  
 goddess to gaze into  
 the lives and souls of  
 the people who  
 worshipped her. They  
 chart the development  
 of traditional Western  
 gender roles through  
 an understanding of  
 the transformation of  
 concepts of the  
 Goddess from her  
 earliest roots in India  
 and Iran to her more  
 familiar faces in Ireland  
 and Iceland. They  
 examine the  
 subordination of the  
 goddess to the god as  
 human civilizations  
 became mobile and  
 began to look upon  
 masculine deities for  
 assurances of survival

in movement and battle. And they show how, despite this history, the goddess has remained alive in our spiritual imaginations, in figures such as the Christian Virgin Mother and, in contemporary times, the new-age resurrection of figures such as Gaia. The Goddess explores this central aspect of ancient spiritual thought as a window into human history and the deepest roots of our beliefs.

The reason for writing this book is because of God's irrefutable love for the people of India through His only Begotten son, Jesus Christ. This book explores the records of archeology, history of migration, language,

and religion of Hinduism, and the findings are astonishing in that it is not what we normally expect. The author described the character and attributes of the six major Hindu deities: Brahma, Vishnu, Shiva, Indra, Krishna, and Rama as written in the ancient sacred Vedic Hindu texts: Rig Veda, Samaveda, Yajur (Black and White) Vedas, Atharva Veda, Upanishads, Bhagavad Gita, Ramayana, Mahabharata, and the Puranas, and they are definitely not as common beliefs or rumors passed down from generation to generation. A comparison is made with the character and attributes of God as described in the Christian Bible.

Similarly, the author explores the origin of Hinduism's major doctrines: Krishna's claims, the Samsara cycle, Trimurti, avatars, dharma, self-realizations, renunciation of and freedom from attachments, yogic meditation, demonic possession, and minor doctrines like worship, idol worship, sin, death incarnation, castes, hell, curses, women, astrology, etc. as found in the ancient sacred Vedic texts as mentioned above and compared them with the theology, doctrines, and practices as found in the Christian Bible.

Every day in Mumbai 5,000 dabbawalas (literally translated as "those who carry boxes") distribute a

staggering 200,000 home-cooked lunchboxes to the city's workers and students. Giving employment and status to thousands of largely illiterate villagers from Mumbai's hinterland, this co-operative has been in operation since the late nineteenth century. It provides one of the most efficient delivery networks in the world: only one lunch in six million goes astray. Feeding the City is an ethnographic study of the fascinating inner workings of Mumbai's dabbawalas. Cultural anthropologist Sara Roncaglia explains how they cater to the various dietary requirements of a diverse and increasingly global city, where the preparation

and consumption of food is pervaded with religious and cultural significance.

Developing the idea of "gastrosemantics" - a language with which to discuss the broader implications of cooking and eating -

Roncaglia's study helps us to rethink our relationship to food at a local and global level.

This book is about philosophically decoding horoscope through the mythological stories of Nakshatras with a unique amalgamation of medical astrology and D60. It is a humble attempt to introduce the eternal wisdom of various Vedic ideas, including Atman, Paramatma, Karma and Dharma, from our

sages. The author endeavors to explain cosmic energies in the universe but also show how the teachings of the Vedas can be used to lead a blissful life amid the present-day chaos, stress and confusion. The activation of Seven Human Chakras results in achieving everlasting, blissful life from the 'Cosmic energy' that enters the human body, located along our spine, and explains how this 'cosmic energy' in the form of 'spectrum colors light' of varying wavelengths resonate with each of the seven main Chakras of the human body. If Chakras are blocked or unbalanced, then it can lead to diseases and create obstacles while realizing your dreams. It seems very

unreasonable that one person enjoys good health and wealth and the other suffers. Yes, there are very strong karmic reasons for the disease and misfortune. Prarabdh is the allotted karma for this life, which we have carried forward from past lives in our body, mind, emotions and manifestations in the form of electromagnetic waves around us, which are the karmic particles of past lives. This book is a very easy and handy guide for everyone. Anyone can decode their horoscope by applying astrological principles with mythology. The intent of writing this book is not to claim to change someone's future but to help nurture and transform a native's future by doing karmic

deeds so that they can sail through easily in their lives. This book is not about predictive astrology; it is about sharing the philosophy of life that one has to adapt to lead a sin-free life.

*The Esoteric Codex: Demons and Deities of Wind and Sky* Motilal Banarsidass Publ.

To Believe or Not to Believe? You aren't the first to grapple with the question of belief in God. The vast number of different religions already tell us that humans have been grasping at the divine from the very beginning. This alone speaks to the existence of God. All humans have an innate desire for something, an emptiness that longs for fulfillment. Filling this void with worldly desires like riches, power, and sensual pleasures might distract you for a little while, but it's ultimately unfulfilling. It comes down to two

choices. First, you can trust in human's limited knowledge of religions, philosophies, 'isms,' and many others that were made by humans looking for answers. But this reasoning can only go so far because it starts with itself and ends with itself. The second option is to lean not on your understanding but on God. Many skeptics equate trust in religion to a rejection of logic or reason. But belief in God doesn't mean you aren't using sense. Seeking God can open your eyes and grant you wisdom (Psalm 119:18, Proverbs 8). While there are many reasons to put your faith in God, here are some compelling reasons we must believe. God of Tactics VS. God of Ethics Focusing on the world's

third-largest religion, followed by a one billion-plus population. It brings forth stories, ideas, and philosophies, its societal formation, culture, and the main tenets of Hindu philosophies: Dharma, Kama, Karma, and Moksha. The author has not used this book to make a comparative study of other religions but rather focused on Sanatan ideas only. Para Brahma Tattva (God's Particle / Higgs Boson) Truth is found in his various manifestations that have been covered in simple Leelas (God's stories). Shiva and Sri Krishna are the two Hindu Gods being discussed here. This book will help the younger generation across the globe to know their religion and

heritage and is highly recommended for reading by them, their parents, families, and friends. To understand Space, Time, Matter, and Multiple Universes concepts in Sanatan Dharma, you must read this book. In this 75th year of India's Independence, also called Amrit Kal, this is the author's gift to the great nation of India, also called Bharat. Why so many Gods? Who is Supreme? Who should we pray to? Vedas define 33 koti (category) of Gods, which Sanskrit to English language translations made this 'koti/ category' to crore and started saying 33 crore devi and devtas; it should be 33 categories. The 33 categories of gods are calculated as eight Vasus, eleven Rudras

(different forms of Shiva), twelve Adityas (different forms of Vishnu), one Indra, and one Prajapati (Brahma). This adds up to 33. The Prism Theory to Understand Why So Many Faiths and Gods Globally To make you understand better, the author has formed a theory named - The Prism Theory. This is Copyright of the author Sharad Mohan. His Interpretation of Para Brahma (One God Tattva) satisfying various distinct manifestations and incarnations is used as an analogy to understand why Sanatan Dharma (loosely referred to as Hinduism) has so many gods & goddesses and how they are all the same eventually. Para Brahma is like a White

light falling on the Prism (Puranas) and then dividing it into Seven distinct lights: VIBGYOR. V = Vishnu (Krishna), I = Ishwar (Shiva), B = Brahma, G = Ganesh, Y = Youvanaakarayai (Adi-Shakti), O = Omkar-Pranav Guru (Karthikey) or even Others (Any Deity/Any Faith/No Faith), R = Ravi (Surya). Now, within these colors, only Three are Primary colors. 1. Red = Rudra (Arupa - Solid State - Sadashiv), 2. Yellow = Parvati (Rupaarupa - Liquid State - Adi Shakti), and 3. Blue = Nilesh (Swaarupa - Gaseous State -Sri Krishna / Vishnu). Now, when the VIBGYOR is passed through another inverted Prism (Vedas), it again becomes a single White light (Para

Brahma). Para Brahma is a particle very similar to God's particle, and from this, Hindus believe that their multiple gods (manifestations/incarnations/Avatar come from. So, primarily the same Para Brahma element but for different names. The above theory can also apply to all the existing 'ism,' be it Atheism, Rationalism, Sanatan Dharma, Abrahamic religions, or Wokeism. In addition, it can fit into any other views that may come from the 8.4 million living organisms on this planet. This is a lovely book for students, non-Hindus, Sanatanis, Researchers, Politicians, and Business folks to know more about the "only" ancient living civilization country and

its people: India, the emerging geo-political important democracy. Already 5th largest economy in GDP terms, the largest population of 1.45 billion folks, and still believes in Vasudhaiva Kutumbakam; meaning the entire world is one big family. Do read and share with friends and family. - Author Sharad Mohan, USA.

This is the first book dealing with the foreign influence on ancient India.

Discusses the foreign invasions of India by the Achaemenians, Greeks, Sakas, Kushans, Sassanians, Pahlavas and the Hunas, and also the peaceful impact of the Romans on India. The book advances a

theory that ancient India never provided any casus belli to the foreigners to attack her. It was India's weakness and an implied confidence in future victories that kept the invaders coming to India one after another. But these foreigners have also influenced India in the field of administration, religion, philosophy, astronomy, language, script, trade and commerce, and above all the way of life of the people of India, which is the main subject of the book. This book suggests that after the partition of this sub-continent, the name 'India' which continued to be used for this country is a misnomer when the river INDUS after which the country was so named, went to

Pakistan. This book also finds is real nature the matrimonial alliance between Seleucus and Chandra Gupta Maurya and gives possible solutions to some riddles of Indian history. The origin of the name of KIDAR has also been discovered for the first time. The book tells us in a poetic language how the golden age of the Guptas was converted into a molten age of destruction and confusion™ by the Hunas. What remained of our culture after so much turmoil and changes is before us. [Hanklyn-janklin](#) Notion Press

When did you last wish upon a shooting star? Or desire something that might be out of the way? The universe will always give you what you manifest in your mind. It's the cosmic kitchen. The rest shall only follow. Are you up for the consequences? This narrative takes another look at the mad race that mankind takes part in for achieving whatever it wants and gets trapped therein. People get transient happiness and a successful boost of ego from their wishes and the exhaustion that might follow. To the Indian delight, everything we want to know is already in the epics. Here's a quick comment on what the author believes is a wish-fulfillment trap.

Mind over matter might be a very exciting game in the beginning, but might cost you if you become a slave to your own mind.

Welcome to the revised version of Nakshatras. The journey from Ashwini to Revati is the journey of liberation, as we will try to find out through this series of books. The first two

nakshatras Ashwini and Bharani deal more with the early stages of evolution. On the other hand, the last two nakshatras Uttarabhadrapada and Revati deal more with the final stages of evolution. Between the beginning and completion of this journey, each soul crosses many levels and stages of

evolution; represented by different nakshatras. Through this series of books, we will try to understand the role of different nakshatras in shaping our personalities as well as in indicating our stages of evolution at the beginning of various lives that we assume. This book features the last 13 nakshatras from Swati to Revati.
