"The Curious Writer," an assignment-oriented, all-in-one rhetoric-reader-handbook, stresses the connections between personal and academic writing. "The Curious Writer" emphasizes inquiry as both a method of discovery and learning and a driving force behind the writing process. The book operates on the principle that writers who begin with questions, rather than answers, achieve better results in their work. It treats research, revision, and critical reading skills (of both texts and visuals) as organic components of every writing process. Each of the eight writing assignment chapters offers integrated coverage of these three key activities and also provides special attention digital tools for invention and research. Offering a unique, entertaining, and personal author voice, "The Curious Writer" is sure to grab students' interest and motivate them to write.

Puts inquiry at the heart of good writing "We write to learn as much as we do to express what we already know." In his remarkably personal and engaging voice, Bruce Ballenger makes that powerful concept central to "The Curious Writer. " "The Curious Writer" doesn't read like a textbook or provide a formula for composing essays. Instead, it encourages students to suspend judgment, to ask questions, and to seek answers much like academics do. Yet it covers a wide range of genres beyond the academic essay narrative, profile, review, ethnography, argument, and more all with a distinctive approach and personality that is lacking in other texts. It also reinforces the assumption that genres are malleable with a new chapter on repurposing or re-genre-ing. Students love that this book helps them learn to write by pursuing their own curiosity. Teachers appreciate that Ballenger provides ample opportunities for students to develop the habits of mind necessary to become critical thinkers and curious writers. The Write Stuff: Thinking Through Paragraphs is an all-in-one writing text that provides all of the basic information students need to develop their paragraph and short essay skills. Coverage of paragraph writing is complemented by sections devoted to writing from sources, referencing and documentation, and sentence construction as well as a grammar, style, and mechanics handbook. One of the key features of The Write Stuff is its emphasis on building the critical thinking skills students need to analyze information and express their ideas clearly and logically in writing. Chapter One introduces seven critical thinking tools which are then applied to each stage of the writing process as both marginal icons and boxed pedagogical features. Further critical thinking practice is provided for every topic in the form of chapter opening photos and questions, reading reflection and analysis questions, and critical thinking journal prompts.

Bridge from everyday writing to writing in "any" situation. College students write regularly in personal and social settings, but they often find it challenging to transition successfully to academic contexts. By building from their everyday writing experience, "Writing Situations" "with MyWritingLab" prepares students to analyze, navigate, and write effectively in any situation. Author Sid Dobrin presents a rhetorical situation both nuanced and practical, grounded not only in audience, purpose, and context but also impacted by medium, methodology, and relationships among stakeholders. "Writing Situations" provides a framework and a process for students to apply to any writing project and any situation. 0321881028 / 9780321881021 *Writing Situations with NEW MyWritingLab with eText -- Access Card Package* Package consists of: 0205735436 / 9780205735433 *Writing Situations* 0205870147 / 9780205870141 *NEW MyWritingLab with Pearson eText -- Valuepack Access Card*"

Used in a variety of courses in various disciplines, *Asking the Right Questions* helps students bridge the gap between simply memorizing or blindly accepting information, and the greater challenge of critical analysis and synthesis. Specifically, this concise text teaches students to think critically by exploring the components of arguments--issues, conclusions, reasons, evidence, assumptions, language--and on how to spot fallacies and manipulations and obstacles to critical thinking in both written and visual communication. It teaches them to respond to alternative points of view and develop a solid foundation for making personal choices about what to accept and what to reject.
