AQA Psychology A Level Paper Three: Schizophrenia Psychology Press

Provides all the essential information students need to know in a visually engaging way along with plenty of activities to develop skills for interpreting and answering exam questions. Encourages students to revise, practice and then apply what they have learnt to fully prepare them for their exams.

A Level Psychology Through Diagrams Routledge
AQA A Level and AS Level Psychology Year 1 AS/A-Level AQA Psychology BRILLIANT Exam Notes (Year 1) have been very popular with students due to their proven formula for effective, structured study or revision notes. Each section contains all the information that you will need for the AQA psychology exam. At the end of each section, we provide a comprehensive list of exam questions. This book has been written by examiners and experienced teachers using their expertise to help students achieve the best possible grade in their exam. These exam notes have been carefully written using student friendly language and a layout that students will find easy to understand. The evaluation points for each exam notes are clearly written using a three structure (point, evidence, conclude). Each topic has been broken down into exam notes which are more concise than general psychology text books but more comprehensive than standard revision guides. This content in this book follows the latest AQA psychology specification.
Hodder Education

AQA Psychology for AS and A-level Year 1 is the definitive textbook for the new 2015 curriculum. Written by eminent psychologist Professor Michael Eysenck, in collaboration with a team of experienced A-level teachers and examiner, the book enables students not only to pass their exams with flying colours, but also to fully engage with the science of psychology. As well as covering the six core topics students will study, the book includes: Activities which test concepts or hypotheses, bringing theory to life Key research studies explained and explored, showing the basis on which theory has developed Case studies which show how people's lives are affected by psychological phenomena Evaluation boxes which critically appraise key concepts and theories Self-assessment questions which encourage students to reflect on what they've learnt Section summaries to support the understanding of specific ideas - perfect for revision Exam hints which steer students towards complete and balanced answers Key terms defined throughout so students aren't confused by new language 200 figures, tables and photos End of chapter further reading to enable students to develop a deeper understanding End of chapter revision questions and sample exam papers to consolidate knowledge and practice exam technique A full companion website with a range of further resources for both students and teachers, including revision aids and class materials Incorporating greater coverage of research methods, as well as key statistical techniques, the sixth edition of this well-loved textbook continues to be the perfect introduction to psychology. Accessible yet rigorous, the book is the ideal textbook for students taking either the AS course or year 1 of the A-level.

AQA A-Level Psychology (Year 1 and Year 2) Oxford University Press, USA

"This book has been written as a companion to support you throughout your Cambridge International Examinations Psychology AS and A Level (9990 syllabus). The book is divided into two parts: one for the AS Level and one for the A level. The part for the AS Level will guide you through all of the 12 core studies and all of the research methods, issues, debates and evaluations. The part for the A Level will guide you through the two options you have chosen to study (from the four available). There are a range of activities throughout the book to get you thinking psychologically, which are ideal preparation for the examinations."--Page iii.

"Precisely targeted at AQA A Level Psychology, specification A. It will also be of interest to those who are new to psychology, and who want to get a flavour of the kinds of topics in which psychologists are interested"--Preface, p. vii.

AQA PSYCHOLOGY FOR A LEVEL YEAR 1 & AS REVISION GUIDE Oxford University Press - Children

A2-Level Psychology Complete Revision & Practice Oxford Aqa Psychology a Level Year 1 and as Oxford University Press, USA

The A Level Year 1 and AS Psychology Mini Companion (Fourth edition) is part of the best-selling Complete Companions series for AQA written by leading Psychology authors, Mike Cardwell and Cara Flanagan, with Ros Geillis and Alison Wadeley. Fully revised and updated for the AQA AS and A Level specifications for first examination from 2016 (AS) and 2017 (A Level), these inexpensive and compact 'shoulder bag' size books provide all the essential knowledge you need to revise for your exams and act as a lesson-by-lesson summary as you work through your AQA Psychology course. All essential content (Social influence, Memory, Attachment, Psychopathology, Approaches in psychology, Biopsychology and Research Methods) is presented in a digestible and manageable format with each topic within a chapter covered on one small page, helping you get straight to the point. This handy revision book also includes vital details about the exams with tips for success.

The Complete Companions for AQA Psychology: a Level: the Complete Companions: a Level Year 2 Psychology Revision Guide for AQA Psychology Press

This thoroughly updated edition of the bestselling Psychology for A2 Level has been written specifically for the new AQA-A Psychology A2-level specification for teaching from September 2009. It is the ideal follow-up to AS Level Psychology, 4th edition by the same author, but also to any AS-level textbook. This full-colour book, which builds on the ideas and insights explored at AS Level to promote a deeper understanding of psychology, is written in an engaging and accessible style by a highly experienced author. It incorporates contributions, advice and feedback from a host of A-Level teachers and psychologists including Philip Banyard, Evie Bentley, Clare Charles, Diana Dwyer, Mark Griffiths and Craig Roberts. At this level, students

select options from a range of specified topics and this book includes chapters on all of the compulsory and optional topics that are on the new A2 syllabus in sufficient depth for the requirements of the course. It has a new focus on the nature and scope of psychology as a science with an emphasis on how science works, and guidance on how to engage students in practical scientific research activities. Presented in a clear, reader-friendly layout, the book is packed with advice on exam technique, hints and tips to give students the best chance possible of achieving the highest grade. The book is supported by our comprehensive package of online student and teacher resources, A2 Psychology Online. Student resources feature a wealth of multimedia materials to bring the subject to life, including our new A2 revision guide and A2 Workbook, multiple choice quizzes, revision question tips, interactive exercises and podcasts by key figures in psychology. Teacher resources include a teaching plan, chapter-by-chapter lecture presentations, and classroom exercises and activities.

My Revision Notes: AQA (A) A2 Psychology Hodder Education
The Extending Knowledge and Skills series is a fresh approach to A Level Psychology, designed for greater demands of the new AQA specification and assessment, and especially written to

stretch and challenge students aiming for higher grades. Dealing with the optional topic of AQA's Paper 3: Schizophrenia, this book is deliberately laid out with the assessment objectives in mind, from AO1: Knowledge and understanding material, followed by AO2: Application material, to AO3: Evaluation and analysis material. Providing the most in-depth, accessible coverage available of individual topics in Paper 3, the text is packed full of pedagogical features, including: Question Time features to ensure that the reader is consistently challenged throughout the book. New research sections clearly distinct within each chapter to ensure readers have access to the most cutting-edge material. A clear focus on the assessment objectives for the paper topic to ensure readers know when and where to apply knowledge. The use of example answers with examiner style comments to provide greater insight into how to/how not to answer exam questions. An engaging, relevant and challenging text that broadens student understanding beyond that of the average textbook, this is the essential companion for any student taking the AQA A Level Paper 3 in Psychology.
