This book is a complete reworking and update of Marga Cottino-Jones' popular *A Student's Guide to Italian Film* (1983, 1993) . This guide retains earlier editions' interest in renowned films and directors but is also attentive to the popular films which achieved box office success among the public.

No Way is a very short novel, bare and bleak as bones. Its ominous English title is appropriate enough for its mood, except for the easy current slanginess of that phrase, mouthed by so

many of us now on trivial occasions.

English Zone 3: Student's Book Farrar, Straus and Giroux

A groundbreaking translation of the epic work of one of the great minds of the nineteenth century Giacomo Leopardi was the greatest Italian poet of the nineteenth century and was recognized by readers from Nietzsche to Beckett as one of the towering literary figures in Italian history. To many, he is the finest Italian poet after Dante. (Jonathan Galassi's translation of Leopardi's *Canti* was published by FSG in 2010.) He was also a prodigious scholar of classical literature and philosophy, and a voracious reader in

numerous ancient and modern languages. For most of his writing career, he kept an immense notebook, known as the *Zibaldone*, or "hodge-podge," as Harold Bloom has called it, in which Leopardi put down his original, wide-ranging, radically modern responses to his reading. His comments about religion, philosophy, language, history, anthropology, astronomy, literature, poetry, and love are unprecedented in their brilliance and suggestiveness, and the *Zibaldone*, which was only published at the turn of the twentieth century, has been recognized as one of the foundational books of modern culture. Its 4,500-plus pages have never been

fully translated into English until now, when a team under the auspices of Michael Caesar and Franco D'Intino of the Leopardi Centre in Birmingham, England, have spent years producing a lively, accurate version. This essential book will change our understanding of nineteenth-century culture. This is an extraordinary, epochal publication.

The Mummy! A Tale of the Twenty-Second Century is an 1827 three-volume novel written by Jane Webb (later Jane C. Loudon). It concerns the Egyptian mummy of Cheops, who is brought back to life in the year 2126. The novel describes a future filled with advanced technology, and was the first English-language story to feature a reanimated mummy.

The Romance Epics of Boiardo, Ariosto, and Tasso Penguin

The Hidden Italy is the first bilingual English edition of some of the best Italian dialect poetry written over the past two centuries. The selection of more than four hundred poems in Piedmontese, Venetian, Milanese, Romagnol, Roman,

Neapolitan, Sicilian, and other dialects illustrates the impressive variety of Italy's literary and linguistic civilization. Italian dialect literature originated in the Renaissance, after Tuscan had won its preeminence as the officially sanctioned Italian literary language. Despite the official victory of Tuscan, however, many writers consciously preferred and chose their own regional or local dialects as their medium of literary expression. This departure from Tuscan became a particularly significant phenomenon in the 18th century and has continued up to the present day. Much of the poetry is characterized by its

realistic portrayals of the lower classes, their suffering from social injustice and poverty, the simplicity of their approach to life, particularly to earthy, sensual experience. Many poets use or create a language that is mimetic, expressive, often unabashedly obscene and irreverent. The dialect becomes the language of pain and anger, of biting satire or political rebellion, of humor and meditation. It is also the language which reveals the spirit of Italy's diverse regional civilizations. Haller's literal prose translations and commentaries are aimed at leading the reader back to the original text. and its intrinsic flavor. Thus the book has appeal and importance both

for poetry lovers in general and for people with a special interest in Italian linguistic and literary culture.

The first edition of *Percorsi* quickly became one of the best-selling elementary Italian texts. The new second edition features a new design, more focus on skills-development, updated cultural information and a full version of MyItalianLab. *Percorsi* is an introductory program that promotes the acquisition of Italian language and culture through the integration of the “5 Cs” principles of the National Standards for Foreign Language Education. *Percorsi* is designed to provide beginning learners with

a variety of tools to develop their communicative competence in the four major language skills—listening, speaking, reading, and writing—as they acquire familiarity with Italian culture. All of the features in *Percorsi* have been carefully thought out to support the two key aspects of the language acquisition process: language comprehension and language production. From the start, carefully structured communicative activities based on authentic materials and texts encourage students to use Italian in everyday situations. Generous use of authentic content also offers students a chance to develop reading skills while

gaining cultural awareness and understanding of Italian communities and traditions throughout the world. In addition, each chapter explicitly promotes cultural exploration through illustrated presentations that are followed by activities facilitating comprehension and highlighting cultural comparisons. Students are encouraged to analyze and compare extremely varied aspects of Italian culture while making connections to their own experiences. MyItalianLab will be available for Fall 2011 courses.

This collection of essays deals with the

interplay of language and social change, asking the question: How can language and society be made gender equal? The contributors examine the critical role of language in the lives of white women and women of color in the United States. Since language pervades many dimensions of women's lives, this study takes a multi-disciplinary approach to the issues considered. The volume is divided into three sections. The first, "Liberating Language," focuses on the active role women had in altering the extent of linguistic sexism in English during the 1970s. A second section, "Identity Creation," deals with the alteration of that

portion of language which serves to name women and their experiences. The final section, "Women of Color," offers a rare and timely look at the particular problems confronted by minority women. It argues that women of color have different problems and different links to language than white middle-class women. accompanies the first major museum exhibition specifically to address Gustave Courbet's extraordinary achievement in landscape painting. Many of these carefully selected works produced from 1855 to 1876--gathered from Asia, Europe, and North America--will be new to readers. The catalogue--which accompanies an exhibition at the Getty Museum to be held from February 21 to May 14, 2006--highlights the artist's expressive responses to the natural environment. Essays by the curators examine Courbet's distinctly modern practice of landscape painting. Mary Morton's essay situates his landscapes in relation

to his work in other genres, his critical reputation, and his role in establishing a new pictorial language for landscape painting. Charlotte Eyerman's essay investigates how later generations of nineteenth- and twentieth-century artists responded to Courbet's example. The catalogue also includes an essay by Dominique de Font-Reaulx, curator of photographs at the Musee d'Orsay, on the relationship between Courbet's work and landscape photography of the 1850s and 1860s. How does writing relate to speech? What impact does it have on social organisation and development? How do unwritten languages differ from those that have a written form and tradition? This book is a general account of the place of writing in society.
Drawing on contemporary and historical examples, from clay tablets to touchscreen displays,

the book explores the functions of writing and written language, analysing its consequences for language, society, economy and politics. It examines the social causes of illiteracy, demonstrating that institutions of central importance to modern society are built upon writing and written texts, and are characterised by specific forms of communication. It explores the social dimensions of spelling and writing reform, as well as of digital literacy, a new mode of expression and communication posing novel challenges to the student of language in society.

Morpurgo Discover this beloved masterpiece of nature writing that is a hymn to creation and

to the power of the individual to do their bit to change the world for the better. In 1910, while hiking through the wild lavender in a wind-swept, desolate valley in Provence, a man comes across a shepherd called Elzéard Bouffier. Staying with him, he watches Elzéard sorting and then planting hundreds of acorns as he walks through the wilderness. Ten years later, after surviving the First World War, he visits the shepherd again and sees the young forest he has created spreading slowly over the valley. Elzéard's solitary, silent work continues and the narrator returns year after year to see the miracle he is gradually creating: a verdant, green landscape that is

a testament to one man's creative instinct. A beautiful story of hope, survival and selflessness, *The Man Who Planted Trees* resonates as strongly with readers today as when it was first published.

 Not so long ago Emilio Brentani was a promising young author. Now he is an insurance agent on the fast track to forty. He gains a new lease on life, though, when he falls for the young and gorgeous Angiolina—except that his angel just happens to be an unapologetic cheat. But what begins as a comedy of infatuated misunderstanding ends in tragedy, as Emilio's jealous persistence in his folly—against his friends' and devoted sister's advice, and even his own best knowledge—leads to the loss of the one person who, too late, he realizes he truly loves. Marked by deep humanity and earthy humor, by

psychological insight and an elegant simplicity of style, *As a Man Grows Older* (*Senilità*, in Italian; the English title was the suggestion of Svevo's great friend and admirer, James Joyce) is a brilliant study of hopeless love and hapless indecision. It is a masterwork of Italian literature, here beautifully rendered into English in Beryl de Zoete's classic translation.—Print ed.
