What kinds of plants did people, before modern medicine was around to lean on, use to cure themselves and fight through illness? While it is true that our lifespan on average has increased over the years with newly emerging technology, the fact remains that</p>
---	---	--

there are some times nature's cures may be a lot more beneficial to us. BOOK #2 PREVIEW Have you ever wanted to take your health into your own hands and try to avoid modern Western medicine? Are you skeptical of prescription drugs that may have more negative consequences on your body that if you hadn't taken anything at all? If that's the case, then you should definitely be

reading this book. This book is going to help you to understand just how you can use food as medicine and prevention to any diseases. BOOK #3 PREVIEW If you're like the rest of the western world, when you think, "smoothie," you will probably imagine something delicious and sugary, some kind of snack or a treat. It will probably not occur to you that you can actually use smoothies

as a way to lose weight rather than a way to gain it. But the fact is that making your own smoothies is a great and delicious way to get yourself back on track and fill your body with the resources that it needs in order to work hard for you and lose weight fast! BOOK #4 PREVIEW Have you been wanting to ramp up your game in the kitchen but don't know how? This book is going to help you by providing

various examples of space combination that are not only delicious, that are great for your health. Everybody deserves to know how they can improve their meal and health quality. That's what this book aims to do, and included within its pages are amazing spice combinations that will take your breath away and leave you hungry for more. You'll be amazed how great these can

taste together and what they will do for your health. BOOK #5 PREVIEW Essential oils are commonly thought of in our society as just a great way to make your home smell nice. What many people don't think about is the ways they can be used and incorporated into our cooking and other activities in order to improve our health. Many people wouldn't think that using coconut oil

has so many benefits when compared to oils like vegetable or canola oil, but the fact remains that coconut oil is full of incredible healing benefits that will make your body happier than it was before and help you avoid saturated fats that invade your body and cause you to gain weight like it is nobody's business. BOOK #6 PREVIEW There are many plants out there that can help out.

In our world today, many turn to man-made drugs and other chemicals to help them out though, instead of going towards traditional medicine and natural antibiotics. Chemicals might seem fine now, but in actuality, it's the first step many take on the pathway to antibiotic resistance and the inability to fight off infections. If one takes man-made antibiotics, there are other

complications a well, and at the end of it, you won't be as healthy or feel as good as you normally do. Get The Book Before The Promotion Runs Out! Only For A Limited Time! When one of your family members falls ill, what is the first thing you do? You probably pay a visit to your family doctor and, depending on the nature of the ailment, your doctor may prescribe a round of antibiotics. What you may not realize is that the very medicine your doctor gives you feel better may actually have a negative impact on your health. The same antibiotics that are designed to kill harmful bacteria can also come with nasty side effects including upset stomach, diarrhea, vomiting, or skin rash. Are you willing to take the risk

that something designed to make you feel better could actually make you feel worse? If you are concerned about the risks associated with antibiotics, you may be interested to learn that there are a number of natural antibiotic remedies out there. Certain herbs and other natural ingredients have powerful antibiotic properties that can relieve your symptoms

quickly and naturally - without a prescription. In this book you will learn the basics about natural herbal antibiotics and receive a collection of recipes to get you started in making your own herbal antibiotics at home. Recipes included in this book: *Flu Fighting Tea *Diaper Rash Cream *Cough Syrup *Earache Treatment *Fever Reducing Infusion *Wound healing clay And MANY

more...
 REVIEW from Carrie on Amazon.com. a u "I gave this book five stars because it is exactly what every person should read. Healing common ailments through natural remedies is safe, easy to do and reduces the amount of antibiotics people take for conditions that can be cured naturally. The writer describes the top twelve natural antibiotics and gives recipes

to help clear common conditions. The body's own immune system can learn to heal naturally through these well-chosen remedies. I have been taking the cinnamon and lemon cough syrup for a niggling cough that has been plaguing me at night and it is far tastier and healthier than the over-the-counter variety. It has also successfully lessened my symptoms. This a must have book for your library!"

While</p>
---	---	--

commercially available medicines work just fine, with herbal medicines, you can save money and be sure that what you are using is absolutely safe and natural. BOOK #2 PREVIEW Common herbs and spices can help ward off chronic illnesses like cold, flu, digestive problems and even high blood pressure. Most people use herbs and plants as seasoning to their dishes. While this has

its own advantage, herbs also have very potent medicinal value. Herbal medicine is a lot cheaper than conventional medicine. It also has fewer side effects compared to drugs sold in the market. Herbs are also highly versatile. You can use their oil extracts in aromatherapy or apply these topically onto skin. It can also be made into various products like anti-acne and anti-wrinkle creams. BOOK

#3 PREVIEW The world is full of people that just take medicine at every minute sign of sickness. Doctors prescribe antibiotics after a 5 minute check-up because your symptoms could possibly need antibiotics for treatment. Aspirin has become a regular part of most people's diets. One in the morning, one at night. If you are feeling a little lively that day, one at lunch. BOOK

#4 PREVIEW
In this modern age, there are few things as important as managing our health in the most healing and beneficial way possible. The problem arises when we flush chemical, man-made antibiotics into our bodies to try and get rid of infections and other problematic issues our bodies face. If we don't take care of ourselves and take a lot of preventative measures, we have to resort to high-functioning

chemicals that not only kill the bad bacteria in our bodies, but also the good bacteria that helps us to stay healthy. BOOK #5 PREVIEW Smoothies have been a new way for many people to get the food whenever you're on the go. They are something that many have as a substitute for a meal, and they taste amazing. Many dietitians and other such people have started to

promote the use of smoothies in workout routines, and general diets. It's a great way to get the food that you want without having to spend a whole lot of time eating it. But there are other health properties as well. BOOK #6 PREVIEW This book will be talking about a certain series of oils that have miraculous health properties, and it's a series of oils that can change your life. Essential

oils are some of the best things to have in your body, because they can cause many different health properties, and it can change your life. Get The Book Before The Promotion Runs Out! <p>bacteria wiped out of your body, and that can actually cause even worse issues to begin occurring. One example of further problems our bodies endure once the good and the bad bacteria has been wiped away is the growth of candida. When this happens, it is difficult to just balance our bodies in the natural sense, especially because we have just disposed of so much of our helpful internal army.</p>	<p>Get The Book Before The Promotion Runs Out! people feel
intimidated
when the
subject of
essential oils
comes up.
Why? Is it
because of
having no
belief in its
medicinal
purposes? Or
is it because
of lack of
exhaustive
information
available for
it? Information
on essential
oils was rarely
ever available
to everyone
before. It was
usually
relegated to
those who
practice magic
and other
elemental

practices. But
this is the
20th century
and
information
can be
gathered
easier
now.Organic,
holistic
medicine are
not at all new;
these are
medicines
that have
been in use
for thousands
of years for
they offer
safer
remedies to
lots of
common
ailments and
to top them
off, they are
natural. Most
of the herbs
are home-
grown and
you cannot
miss others in

their
kitchen.We
often
undermined
what natural
resources we
already have
and the
benefits that
we get from
those
resources. In
effect, we
abuse to the
point of
destruction
these natural
resources not
knowing what
we are about
to lose. With
the present
generation
wherein
advancement
to almost
every field of
science is at
the tips of our
fingertips, we
are led to
believe that

effectiveness should be equated to a result of a scientific process or experimentation. You may have observed that the theme of our present technology is to compact everything in one device. Consumers are also fixated to purchasing multi-functioned devices to fit their lifestyles. Honey has been in the market for so many years. And its source of production is from the honey bees.

There are different kind of bees such as the bees that we only see in the garden are the bumblebees which produce a small amount of honey just to feed themselves only, unlike the honey bees they are tend to produce large amount of honey which we buy from the stores today.7

Herbal Antibiotics
Natural Home Remedies for Beginners
Looking to try herbal antibiotics and don't know

where to start? When I began my journey into learning about herbs, I had a lot of questions about health in general. What defines health and wellness and what do we do when we don't have this state of being? We usually think about health as a state of being free from illness or injury. The constitution of the World Health Organization, adopted in 1948, says this: "Health is a state of

complete physical, mental and social well-being and not merely the absence of disease or infirmity." I began studying herbs and their use against disease and infection and this led me to think about pharmaceutical drugs and antibiotics. How did they get discovered? And how did scientists figure out what drug kills what infection? From all that I've read and

studied, I have learned that our bodies themselves are very well-designed to fight off infections. So what can we do to help this process along?... Herbal antibiotics have been used successfully against bacterial infections for decades, but very few people today understand why that is. Also, you'll discover... How antibiotics work. The benefits of herbal antibiotics. Sim

LIMITED TIME OFFER! * * * I am tired of relying on pharmaceuticals and chemicals to deal with

every day common illness, from a cold to a headache to high blood pressure. Every medication we use, no matter how common or well-researched, comes with intended and unintended effects. Some of these effects, such as the intended effects, are desired, like pain relief when taking pain relief medication. The problem is the unintended effects these medications

cause in the body. I am not a doctor or a pharmacist, but I tend to rely on my common sense. In this modern age, there are few things as important as managing our health in the most healing and beneficial way possible. The problem arises when we flush chemical, man-made antibiotics into our bodies to try and get rid of infections and other problematic issues our bodies face.7

Reasons To Buy This Book

= > 1. Its Short And Informative No Fluff!! = > 2. This Book Is Straight Forward And Gets To The Point= > 3. It Has A Great Concept = > 4. Learn What You Need To Know FAST!= > 5. Don't Waste Hours Reading Something That Won't Benefit You = > 6. Specifically Written To Help And Benefit The Reader!= > 7. The Best Compact Guide To Learn What You Need To Learn In A Short Period of TimeBut something incredible is happening now. Maybe it can be attributed to the influx of international information that is now readily available through the internet, maybe it can be attributed to the diversity that the United States is now enjoying due to modern immigration, or maybe it is more of a need to simplify. We, in the United States, are more and more connected with other cultures around the world. We are learning that not everyone lives like we do, and that there are many other opinions about health and wellness than what we have learned at home or in our cultureCheck Out What You Will Learn After Reading This Book Below!! Discover The Top 5 Herbal Plants How To Use The Herbs For Maximum Benefit Learn Their Uses And Benefits

How To Use Ancient Medicine How To Use Ancient Medicine Properly Introduction Why I Wrote This Book What You Should Know Before Reading This Book Natural Antibiotic 1: Honey Natural Antibiotic 2: Garlic Natural Antibiotic 3: Fermented Foods Natural Antibiotic 4: Apple Cider Vinegar Natural Antibiotic 5: Cabbage Conclusion In modern times, pharmaceutic al companies	have created drugs that incorporate some of these herbs but they are often altered chemically or otherwise. Most drugs that your doctor will prescribe are produced in a lab and sold by large drug companies. Of course, these drugs have their place and do save some a lot of people from death or chronic illness. However, what is concerning is that so many ailments can be healed and so many	symptoms can be eased by merely checking out what is already in your spice cabinet.Get The Book Before The Promotion Runs Out! The Power of
Herbal
Antibiotics:
Boost Your
Immune
System,
Prevent, and
Cure
Infections
With these
Powerful
Natural
Remedies! Did
you know that
using
antibiotics to
cure infections
and diseases
only makes
your body
more resistant
to them? This
means that
every time
you get sick
again, you'll
need a larger
dose to fight
off the
infection. In
addition,

antibiotics
have many
side effects
including
bloating,
vomiting, loss
of appetite,
and even
diarrhea.
Having this in
mind, it is
perfectly fine
to be on the
lookout for an
alternative.
Herbal
remedies have
been used
throughout
the centuries
to treat
various
illnesses. In
some cases,
they are even
more effective
than
antibiotics.
Herbal
Antibiotics is
here to teach
you how to

boost your immune system and treat common ailments easily. Besides showing you all the benefits of natural remedies, this book will also explain how to prepare and use your own herbal antibiotics. Everything you find in this book is backed up by the most recent research studies. Here's what this book will teach you: The Power of Herbs: Discover how different herbs affect our

bodies and boost the immune system in no time; Breaking the Antibiotic Cycle: Read incredibly useful tips that will help you stop relying on prescription medicine and make a switch to natural remedies; A Cure for All Diseases: Learn how to treat everything from yeast infections, seasonal diseases, and even hemorrhoids with the help of herbal antibiotics; And much

more! Fight Off Viral Infections with the Power of Nature: Best Herbal Antivirals that Will Kill Even the Most Resistant Bacteria Did you know that prescription drugs and antibiotics have a series of side effects? In addition, prescription medication can make a major dent in your wallet. The time has finally come for you to discover the real power of herbs and how to use them to prevent and

cure a wide range of viral infections. Herbal Antivirals will teach you what are the most medical-effective herbs and where you can find them. In addition, you will learn how to easily make a switch from prescription drugs to natural remedies and boost your immune system in no time. If you're interested in

herbal alternatives, this book will teach you everything you need to know. It is packed with essential information, easy-to-follow instructions, and detailed references that will help you lead a healthier life. Here's what you'll discover in this book: Anti-Viral Drugs 101: Discover the truth about anti-viral drugs and all

the negative effects they have on your body; How Herbal Anti-Viral Drugs Work: Learn how you can use natural remedies to cure almost every viral disease quickly; Proven Herbal Remedies for Infections: Explore the most effective herbal remedies and how to make them on your own; And much more!
