Mr. Tsetan Chonjore has been working as the coordinator and instructor of Tibetan language for the University of Wisconsin's College Year in Nepal Program since 1983. He also taught at the above university during their Intensive Summer Language Course. A Lecturer of Tibetan language at Tribhuvan University, Nepal from 1983-88, he has facilitated many Ph.D. (Linguistics) students from Japan, former West Germany, and the United States by acting as their instructor and informant. Colloquial Tibetan is the result of the author's experience as a Tibetan language teacher to foreign students for 18 long years. It covers a detailed grammatical analysis of the Lhasa colloquial and clarifies the similarities and differences between literary and Lhasa colloquial grammar. In a simple fashion, the author follows a contextual teaching method introducing unique forms such as the personal/impersonal perspective, the evidential categories

carried by verbs and conjugations, the time-based aspect of the language etc.

The Tibetan Book of the Dead, a best-seller for three decades, is one of the most widely read texts of Tibetan Buddhism. Over the years, it has been studied and cherished by Buddhists and non-Buddhists alike. Luminous Emptiness is a detailed guide to this classic work, elucidating its mysterious concepts, terms, and imagery. Fremantle relates the symbolic world of the Tibetan Book of the Dead to the experiences of everyday life, presenting the text not as a scripture for the dying, but as a guide for the living. According to the Buddhist view, nothing is permanent or fixed. The entire world of our experience is constantly appearing and disappearing at every moment. Using vivid and dramatic imagery, the Tibetan Book of the Dead presents the notion that most of us are living in a dream that will continue from lifetime to lifetime until we truly awaken by becoming enlightened. Here, Fremantle, who worked closely with Chögyam Trungpa on the 1975 translation of the Tibetan Book of the Dead (Shambhala), brings the expertise of a lifetime of study to rendering this intriguing classic more accessible and meaningful to the living. Luminous Emptiness features in-depth explanations of: • The Tibetan Buddhist notions of death and rebirth • The meaning of the five energies and the five elements in Tibetan Buddhism • The mental and physical experience of dying, according to the Tibetan Buddhist tradition

Shantideva's Bodhisattvacharyavatara (A Guide to the Bodhisattva's Way of Life) holds a unique place in Mahayana Buddhism akin to that of the Dhammapada in Hinayana Buddhism and the Bhagavadgita in Hinduism. In combining those rare qualities of scholastic precision, spiritual depth and poetical beauty, its appeal extends to a wide audience of Buddhists and non-Buddhists alike. Composed in India during the 8th century of the Christian era, it has since been an inspiration to millions of people throughout the world. This present translation by Stephen Batchelor is based upon a 12th century Tibetan commentary as orally explained by Ven. Geshe Ngawang Dhargyey. The ninth chapter on wisdom has been expanded for this edition with relevant commentarial passages.

"Half of the words are read by implication." This Tibetan saying explains the main difficulty Westerners face in learning to read Tibetan fluently. This book will allow beginners to understand the logic of Tibetan grammar and syntax through graded readings and narrative explanations. The large glossary, which is indexed by page, will serve as an invaluable reference grammar for readers of Tibetan at all levels. The reading course includes a wide range of modern literary styles from literature, history, current affairs, newspapers, and even communist political essays. **A History** SUNY Press

The most systematic and extensive course system available for learning the Tibetan language independently. Fluent Tibetan was

developed by language experts working in conjunction with indigenous speakers at the University of Virginia. Based on courses for diplomats needing to learn a language quickly, the method acquaints students with the sounds and patterns of Tibetan speech through repetitive interactive drills, enabling the quick mastery of increasingly complex structures and thereby promoting rapid progress in speaking the language. It is the first text recommended for language study by the Sera IMI House at Sera Monastery for Western monks as preparation for entry into the Geshe studies program.

The Classical Tibetan Language Carolina Academic Press LLC Presents a comprehensive history of the country, from its beginnings in the seventh century, to its rise as a Buddhist empire in medieval times, to its conquest by China in 1950, and subsequent rule by the Chinese.

Dilgo Khyentse Rinpoche (1910-1991) was one of the greatest Tibetan Buddhist teachers of the 20th century. While a practitioner in the Nyingma lineage, he held empowerments and teachings from many traditions and was a strong supporter of the Rimey non-sectarian movement. This Rimey Lama Chopa is a liturgical guruyoga text encompassing all stages of the Path to Enlightenment, with special emphasis on the Eight Chariots Rimey lineages. Lama Chopa is one of the central esoteric practices of Vajrayana Buddhism; and as such, this text is a unique and powerful contribution to world spiritual literature. On the centenary of Dilgo Khyentse's birth, a great celebration was held in Nepal, for which a locally-printed English edition of his well-known Rimey Lama Chopa was commissioned. The limited English edition was created by Glenn Mullin, a well-known Canadian Buddhist translator with many books to his credit. We are fortunate to have received permission from Mr. Mullin to create this new edition. In addition, we are fortunate to have the participation of Dilgo Khyentse's chief western disciple, the Venerable Matthieu Ricard, who has written an insightful foreword for the book and provided personal photographs of Rinpoche for this edition. 50% of profits from sales of this book will go to benefit charitable activities of Rinpoche's Karuna-Shechen Foundation in the Himalayas.

Tibetan Literature addresses the immense variety of Tibet's literary heritage. An introductory essay by the editors attempts to assess the overall nature of 'literature' in Tibet and to understand some of the ways in which it may be analyzed into genres. The remainder of the book contains articles by nearly thirty scholars from America, Europe, and Asia—each of whom addresses an important genre of Tibetan literature. These articles are distributed among eight major rubrics: two on history and

biography, six on canonical and quasi-canonical texts, four on philosophical literature, four on literature on the paths, four on ritual, four on literary arts, four on non-literary arts and sciences, and two on guidebooks and reference works.

English-Tibetan Dictionary of Modern Tibetan Wisdom Publications (MA)

The liberalization of political and intellectual life in China and the rise of Tibetan exile communities throughout the world have produced a resurgence of spoken and written Tibetan. These developments, together with increasing contacts between Western scholars and Tibetans, have created a widening circle of English-speakers—in government, business, academia, and elsewhere—who need to speak or write Tibetan with precision and clarity. For these people, and for others who want to communicate with Tibetans in their own language, Professor Goldstein's Dictionary will be an indispensable aid. The first scholarly English-Tibetan dictionary, as well as the only one that is semantically sensitive, this work specifies the Tibetan terms that correspond to the submeanings of a single English term. Containing roughly 16,000 main entries, most of which have multiple subentries, the Dictionary treats a total of 45,000 lexical items. Each entry includes both the written Tibetan orthography and a phonemic notation to indicate pronunciation. Grammatical features are also noted, and all examples of usage are presented with the romanization of the written Tibetan and phonemic notation of the spoken forms. An introductory essay familiarizes users with the main features of Tibetan grammar.

Classical Tibetan, with origins dating to the seventh century, is the language found in a huge corpus of surviving Tibetan, mostly Buddhist, texts; native Tibetans still employ this language, today, when writing on religious, medical or historical subjects. This book aims to provide a rapid introduction to the main elements of Classical Tibetan, so that students may begin to access for themselves the vast amount of available material. While designed for guided study, the book will also be of use to those who tackle the language on their own. Steady study over approximately six months should result in an understanding of most grammatical features and allow the student to read the simpler prose texts.
