Like the other titles in Barron's Business Review Series, the new sixth edition of Accounting makes a useful supplement to college textbooks, and is also excellent as a main text in business brush-up programs. Author Peter J. Eisen familiarizes students with key accounting terms, explains the accounting equation, and goes on to instruct in the use and preparation of financial statements, the recording of business transactions in journals, and in closing and adjusting entries at the end of a business period. The book is organized to closely follow a standard college textbook, but concentrates on student understanding of what is done, and, more importantly, how and why. Other helpful features include: Review questions Computational problems with complete detailed solutions presented when appropriate Additional problems to reinforce the reader's knowledge An extensive glossary of accounting terms. New features in this edition include instruction in the use of spreadsheets to solve many accounting problems, a more detailed explanation of accounting data procedures as internal controls designed to safeguard assets, and extensive commentary on business ethics.

Accounting for churches is not the same as accounting for businesses. A church bookkeeper must be aware of the special tax codes that govern the church's unique tax standing. But it is often hard

for overworked or volunteer administrators to know every aspect of tax code that affects their church's ability to accept donations, oversee a benevolence fund, and offer a compensation package for their minister. Lisa London, The Accountant Beside You who brought you QuickBooks for Churches & QuickBooks for Nonprofits, explains the specialized needs of church accounting in an easy-to-understand manner for church administrators and volunteers. A CPA with decades of experience working with businesses as well as churches and other nonprofits, Lisa explains complex concepts in a reader-friendly, engaging manner. She is joined by Vickey Boatright, an accountant who runs THE online site for all things church accounting, [www.freechurchaccounting.com](http://www.freechurchaccounting.com). Together, Lisa and Vickey guide you through every essential aspect of church accounting. Church Accounting: The How-To Guide for Small & Growing Churches is a must-have reference for all the nuts and bolts of church accounting no matter what your accounting system. Lisa and Vickey help you set up accounting spreadsheets and explain the different types of accounting packages. If you are already using QuickBooks, it is also a perfect compliment to QuickBooks for Churches and Other Religious Organizations. Additionally, The

Accountant Beside You will show you how to: calculate and file employee payroll without paying for an outside service; design and implement a compensation package for your minister, including a housing allowance; set up and administer a benevolence fund; acknowledge donations per IRS guidelines, including vehicle donations; prepare for an annual audit; budget and forecast to provide for future church growth; reimburse employees' expenses per IRS guidelines; set up proper internal controls to guard against fraud or error; implement the basics to start a new church; design church by laws; set up filing systems and the organize the office. The Accountant Beside You series of accounting books for churches and nonprofits have been sold in all 50 states and every inhabitable continent.
