CHRISTENSEN ELIEZER

At the South-East Asian Table Last Tang Standing Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify

diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed. The Epigram Books Collection of Best New Singaporean Short Stories Cambridge University Press A Companion to Hong Kong Cinema provides the first comprehensive scholarly exploration of this unique global cinema. By embracing the

interdisciplinary approach of contemporary film and cultural studies, this collection navigates theoretical debates while charting a new course for future research in Hong Kong film. Examines Hong Kong cinema within an interdisciplinary context, drawing connections between media, gender, and Asian studies, Asian regional studies, Chinese language and cultural studies, global studies, and critical theory Highlights the often contentious debates that shape current thinking about film as a medium and its possible future Investigates how changing research on gender, the body, and sexual orientation alter the ways in which we analyze sexual difference in Hong Kong cinema

Charts how developments in theories of colonialism, postcolonialism, globalization, neoliberalism, Orientalism, and nationalism transform our understanding of the economics and politics of the Hong Kong film industry. Explores how the concepts of diaspora, nostalgia, exile, and trauma offer opportunities to rethink accepted ways of understanding Hong Kong's popular cinematic genres and stars.

Notes from a New

Singapore Amsterdam University Press
Hiding from the Nazis in the "Secret Annexe" of an old office building in Amsterdam, a thirteen-year-old girl named Anne Frank became a writer. The now famous diary of her private life and thoughts reveals only part of Anne's story, however. This book completes the portrait of this remarkable and talented young author. *Tales from the Secret Annex* is a complete collection of Anne Frank's lesser-known writings: short stories, fables, personal reminiscences, and an unfinished novel. Here, too, are portions of the diary originally withheld from publication by her

father. By turns fantastical, rebellious, touching, funny, and heartbreaking, these writings reveal the astonishing range of Anne Frank's wisdom and imagination--as well as her indomitable love of life. *Anne Frank's Tales from the Secret Annex* is a testament to this determined young woman's extraordinary genius and to the persistent strength of the creative spirit.

Last Tang Standing

How do you conceive a baby without sperm? So begins Olivia Chiong and her partner Irene's quest to get pregnant. From difficulties in getting the right sperm donor to the challenges of shipping frozen sperm to Singapore, they face one obstacle after another pursuing their dream of having a biological child. At the end of it all, the take away is clear: if you never give up, almost anything is possible.

Using R Keeping the uniquely humorous and self-deprecating style that has made students across the world fall in love with Andy Field's books, *Discovering Statistics Using R* takes students on a journey of statistical discovery using R, a free, flexible and dynamically changing software tool for data analysis that is becoming increasingly popular across the social and behavioural sciences throughout the world. The journey begins by explaining basic statistical and research concepts before a guided tour of the R software environment. Next you discover the importance of exploring and graphing data, before moving onto statistical tests that are the foundations of the rest of the book (for example correlation and regression). You will then stride confidently into intermediate level analyses such as ANOVA, before ending your journey with advanced techniques such as MANOVA and multilevel models. Although there is enough theory to help you gain the necessary conceptual understanding of what you're doing, the emphasis is on applying what you learn to playful and real-world examples

that should make the experience more fun than you might expect. Like its sister textbooks, *Discovering Statistics Using R* is written in an irreverent style and follows the same groundbreaking structure and pedagogical approach. The core material is augmented by a cast of characters to help the reader on their way, together with hundreds of examples, self-assessment tests to consolidate knowledge, and additional website material for those wanting to learn more. Given this book's accessibility, fun spirit, and use of bizarre real-world research it should be essential for anyone wanting to learn about statistics using the freely-available R software.

Edible Insects Penguin New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and

excitement of the city itself, while celebrating New York as both a place and an idea.

Epigram Books
Bringing together original contributions from scholars across the world, this volume traces the history of travel writing from antiquity to the Internet age. It examines travel texts of several national or linguistic traditions, introducing readers to the global contexts of the genre. From wilderness to the urban, from Nigeria to the polar regions, from mountains to rivers and the desert, this book explores some of the key places and physical features represented in travel writing. Chapters also consider the employment in travel writing of the diary, the letter, visual images, maps and poetry, as well as the relationship of travel writing to fiction, science, translation and tourism. Gender-based and ecocritical approaches are among those surveyed. Together, the thirty-seven chapters here underline the richness and complexity of this genre.

A&C Black

On the edge of twenty-seven, Jazzy hatches a

plan for her and her best girlfriends: Sher, Imo and Fann. Before the year is out, these Sarong Party Girls will all have spectacular weddings to rich ang moh - Western expat - husbands, with Chanel babies (the cutest status symbols of all) quickly to follow. Razor-sharp, spunky and vulgarly brand-obsessed, Jazzy is a determined woman who doesn't lose. As she fervently pursues her quest to find a white husband, this bombastic yet tenderly vulnerable gold-digger reveals the contentious gender politics and class tensions thrumming beneath the shiny exterior of Singapore's glamorous nightclubs and busy streets, its grubby wet markets and seedy hawker centres. Moving through her colourful, stratified world, she realises she cannot ignore the troubling incongruity of new money and old-world attitudes which threaten to crush her dreams. Desperate to move up in Asia's financial and international capital, will Jazzy and her friends succeed? Vividly told in Singlish - colourful Singaporean English with its distinctive cadence and slang - Sarong Party Girls brilliantly captures

the unique voice of this young, striving woman caught between worlds. With remarkable vibrancy and empathy, Cheryl Tan brings not only Jazzy, but her city of Singapore, to dazzling, dizzying life.

The Sexy Little Book of Sex Games is a hip and helpful little guide that is packed with ideas for spicing things up in the bedroom...or the kitchen or den for that matter. From sexual novice to seasoned lover, readers will discover just how fun sex can be when they explore mind-blowing games, techniques, and ideas, such as flirty foreplay for the senses, love foods and edibles, sensual chatter and dirty talk, erotic massage, sex fantasies and role playing, and more.

Discovering Statistics Using R Anchor

This exciting new book explores the present relevance of translation theory to practice. A range of perspectives provides both current theoretical insights into the relevance of theory to translation and also offers first-hand experiences of applying appropriate strategies and methods to the practice and description of translation.

The individual chapters in the book explore theoretical pronouncements and practical observations grouped in topics that include theory and creativity, translation and its relation with linguistics, gender issues and more. The book features four parts: it firstly deals with how theories from both within translation studies and from other disciplines can contribute to our understanding of the practice of translation; secondly, how theory can be reconceptualized from examining translation in practice; thirdly reconceptualizing practice from theory; and finally Eastern European and Asian perspectives of how translation theory and practice inform one another. The chapters all show examples from theoretical and practical as well as pedagogical issues ensuring appeal for a wide readership. This book will appeal to advanced level students, researchers and academics in translation studies.

The Content Analysis Guidebook Allen & Unwin
The Second Edition of Johnny Saldaña's international bestseller provides an in-depth

guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: -describes how coding initiates qualitative data analysis - demonstrates the writing of analytic memos - discusses available analytic software - suggests how best to use The Coding Manual for Qualitative Researchers for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

Asian Literary Voices Penguin

This full-color text and practical clinical reference provides comprehensive

information on herbal remedies for both large and small animal species. Key coverage includes clinical uses of medicinal plants, specific information on how to formulate herbal remedies, a systems-based review of plant-based medicine, and in-depth information on the different animal species-- dog, cat, avian and exotic, equine, food animal, and poultry.

Unbroken Epigram Books
Best-selling author Gerrie Lim is back with *Invisible Trade II*, the surprising sequel to his earlier book, *Invisible Trade: High-Class Sex for Sale in Singapore*. An incisive expose of the hidden upscale escort industry in Singapore, this fascinating read introduces the women who work in it, the men who pay for it and how an entire industry is able to successfully thrive behind closed doors.

A Collection of Her Short Stories, Fables, and Lesser-Known Writings, Revised Edition Trafford Publishing

The book covers the trajectories and trends in social change communication, engaging the key theoretical debates on communication and social

change. Attending to the concepts of communication and social change that emerge from and across the global margins, the book works toward offering theoretical and methodological lessons that de-center the dominant constructions of communication and social change. The chapters in the book delve into the interplays of academic-activist-community negotiations in communication for social change, and the ways in which these negotiations offer entry points into transformative communication processes of social change.

Moreover, a number of chapters in the book attend to the ways in which Asian articulations of social change are situated at the intersections of culture, structure, and agency. Chapters in the book are extended versions of research presented at the conference on *Communicating Social Change: Intersections of Theory and Praxis* held at the National University of Singapore in 2016, organized under the umbrella of the Center for Culture-Centered Approach to Research and Evaluation (CARE).

Singapore in Global History Anchor

This book provides a fresh approach to Singapore English, by focusing on its cultural connotations. The author, a native Singaporean, explores a range of aspects of this rich variety of English - including address forms, cultural categories, particles and interjections - and links particular words to particular cultural norms. By using the Natural Semantic Metalanguage (NSM) approach, which is free from technical terminology, he explains the relationship between meaning and culture with maximal clarity, and an added strength of this study lies in its use of authentic examples and pictures, which offer a fascinating glimpse of Singaporean life. Through comparisons with Anglo English, it also explores some difficulties associated with Standard English and cultural misunderstanding. Lending a unique local perspective and written with an incisiveness that makes it ideal for both academic and non-academic readers, this book will appeal to all those interested in Singapore English and its cultural values.

Love is alluring, seductive, and elusive. Love yearns, hurts, and heals. We fall into love unprepared, and we discover new dimensions, new flavors of love everyday. JJ fell in love with conventional expectations but discovered a gut-wrenching push-pull in his heart that he never imagined. *Bungee Love* is a tale about his discoveries, his broken marriage, and his search for reconciliation. He left America to start a new life in Asia and was surprised and astounded by what he learned from new cultures and people as he traveled. He discovered amazing new places with

rich Asian histories and religions. He found adventures, traditions, and ancient temples in Cambodia, Thailand, Vietnam, and Indonesia, but he was not prepared for the steamy, lurid side of Asia. Bangkok and Pattaya revealed more than sex for sale on a gawdy, blatant scale; they provided glimpses of the hidden lives, motives, and dreams of the girls drawn into the bargirl life. He developed insights into himself and his life as he began to understand the lives of the women he met, but JJ was no more ready for the sexy bargirls who pulled him into Hell than the goodness that rescued him.

Minor Feelings One World
CMJ New Music Monthly, the first consumer magazine to include a bound-in CD sampler, is the leading publication for the emerging music enthusiast. NMM is a monthly magazine with interviews, reviews, and special features. Each magazine comes with a CD of 15-24 songs by well-established bands, unsigned bands and everything in between. It is published by CMJ Network, Inc.
