## RACHAEL MATA

Modern Romance Collection: June 2018 Books 5 - 8 Harlequin  
This book sheds new light on Indian communication cultures and the critical philosophical trajectories of Gilles Deleuze and Felix Guattari. It explores issues such as contemporary communication cultures in India, nationalism, subjectivities, negotiating and protesting bodies, music on social media, children on reality television, and the materialities of Indian films. The book provides a balance between issues of communication from a philosophical perspective and issues of philosophy from a communication perspective in the Indian context. This engaging examination of two modes of thought is an important resource for anyone interested in communication studies, modern philosophy, cultural and media studies.

Adaptations in the Franchise Era re-evaluates adaptation's place in a popular culture marked by the movement of content and audiences across more media borders than ever before. While adaptation has historically been understood as the transfer of stories from one medium to another—more often than not, from novel to film—the growing interconnectedness of media and media industries in the early twenty-first century raises new questions about the form and function of adaptation as both a product and a

process. Where does adaptation fit within massive franchises that span pages, stages, screens, and theme parks? Rising scholar Kyle Meikle illuminates adaptation's enduring and essential role in the rise of franchises in the 2000s and 2010s. During that decade-and-a-half, adaptations set the foundation for multiplexed, multiplied film series, piloted streaming television's forays into original programming, found their way into audiences' hands in apps and video games, and went live in theatrical experiences on Broadway and beyond. The proliferation of adaptations was matched only by a proliferation of adaptation, as fans remixed and remade their favourite franchises online and off-. This volume considers how producers and consumers defined adaptations-and how adaptations defined themselves-through the endless intertextual play of the franchise era.

Described as 'the Catholic church's best kept secret,' Catholic Social Teaching provides a rich body of thought, and finds a particular resonance as all denominations in the church seek to engage with the needs of contemporary society. Yet beyond the immediate context of the Catholic church, it is all too readily ignored. Resolutely aimed at those who come from traditions beyond the movement's traditional catholic heartlands but who seek to view their ministry through the lens of generous orthodoxy, "Love in Action" offers a deeply scriptural but accessible introduction to this vital approach to the church's ministry in the world.

**Harlequin Western Romance June 2018 Box Set** Harlequin From the gouging out of eyes in Shakespeare's King Lear or Sarah Kane's *Cleansed*, to the adaptation of Philip Pullman's *His Dark Materials* trilogy, theatre has long been intrigued by the staging of challenging plays and impossible texts, images or ideas. *Performing the Unstageable: Success, Imagination, Failure* examines this phenomenon of what the theatre cannot do or has not been able to do at various points in its history. The book explores four principal areas to which unstageability most frequently pertains: stage directions, adaptations, violence and ghosts. Karen Quigley incorporates a wide range of case studies of both historical and contemporary theatrical productions

including the Wooster Group's exploration of Hamlet via the structural frame of John Gielgud's 1964 filmed production, Elevator Repair Service's eight-hour staging of Fitzgerald's *The Great Gatsby* and a selection of impossible stage directions drawn from works by such playwrights as Eugene O'Neill, Philip Glass, Caryl Churchill, Sarah Kane and Alistair McDowall. Placing theatre history and performance analysis in such a context, *Performing the Unstageable* values what is not possible, and investigates the tricky underside of theatre's most fundamental function to bring things to the place of showing: the stage.

Comedy and humour have frequently played a key role in disabled people's lives, for better or for worse. Comedy has also played a crucial part in constructing cultural representations of disability and impairments, contributing to the formation and maintenance of cultural attitudes towards disabled people, and potentially shaping disabled people's images of themselves. As a complex and often polysemic form of communication, there is a need for greater understanding of the way we make meanings from comedy. This is the first book which explores the specific role of comedic film genres in representations of disability and impairment. Wilde argues that there is a need to explore different ways to synthesise Critical/Disability Studies with Film Studies approaches, and that a better understanding of genre conventions is necessary if we are to understand the conditions of possibility for new representational forms and challenges to ableism. After a discussion of the possibilities of a 'fusion' between Disability Studies and Film Studies, and a consideration of the relationships of comedy to disability, Wilde undertakes analysis of contemporary films from the romantic comedy, satire, and gross-out genres. Analysis is focused upon the place of disabled and non-disabled people in particular films, considering visual, audio, and narrative dimensions of representation and the ways they might shape the expectations of film audiences. This book is of particular value to those in Film and Media Studies, and Critical/Disability Studies, especially for those who are investigating more inclusive practices in cultural representation.

Ancient Teachings for Modern Times Harlequin

Earlier this year, the Union government declared open the automatic route for foreign direct investment (FDI) in single-brand retail, making it easier for big Western brands to start retail operations in India from the coming financial year. The March 2018 edition of Fibre2Fashion explores the FDI decision, and also how and in what way this has a bearing on 'Make in India'. Looking at Make in India from differing perspectives, this edition also carries stories ranging from technology to accessories and home fashion. In addition to regular features, there is none other than Jaya Jaitly, expert in traditional arts and crafts, arguing about the use of natural fibres and colours, produced ethically and sustainably. Fibre2Fashion magazine—the print venture of Fibre2Fashion.com since 2011—is circulated among a carefully-chosen target audience globally, and reaches the desks of top management and decision-makers in the textiles, apparel and fashion industry. As one of India's leading industry magazines for the entire textile value chain, Fibre2Fashion Magazine takes the reader beyond the mundane headlines, and analyses issues in-depth.
