Examining nineteenth-century British hymns for

children, Alisa Clapp-Itnyre argues that the unique qualities of children's hymnody created a space for children's empowerment. Unlike other literature of the era, hymn books were often compilations of many writers' hymns, presenting the discerning child with a multitude of perspectives on religion and childhood. In addition, the agency afforded children as singers meant that they were actively engaged with the text, music, and pictures of their hymnals. Clapp-

Itnyre charts the history of children's hymn-book publications from early to late nineteenth century, considering major denominational movements, the importance of musical tonality as it affected the popularity of hymns to both adults and children, and children's reformation of adult society provided by such genres as missionary and temperance hymns. While hymn books appear to distinguish 'the child' from 'the adult', intricate issues of theology and poetry -

typically kept within the domain of adulthood - were purposely conveyed to those of younger years and comprehension. Ultimately, Clapp-Itnyre shows how children's hymns complicate our understanding of the child-adult binary traditionally seen to be a hallmark of Victorian society. Intersecting with major aesthetic movements of the period, from the peaking of Victorian hymnody to the Golden Age of Illustration, children's hymn books require scholarly attention

to deepen our understanding of the complex aesthetic network for children and adults. Informed by extensive archival research, *British Hymn Books for Children, 1800-1900* brings this understudied genre of Victorian culture to critical light.

 "At a strategic time in South Africa's history, the Christian history which is absolutely basic to all developments, is presented in a

comprehensive and objective way. Too little attention is given to the influence of religion in socio-political accounts. This is a creative and much-needed contribution to scholarship and general knowledge. . . . An outstanding work."--Dean S. Gilliland, Fuller Theological Seminary

 INTRODUCTION This book is written and designed for a beginner who will be able to teach him/herself how to play a recorder and understand some theories of music with ease. Again, this book will be of a great help to students in understanding the practical aspects of music both at the primary and secondary school levels. These days, compositions have become a difficult task amidst the choir such that having their own copyright to musical

compositions have become rare, rather songs from unknown sources are embraced. For this reason, church music has become less spiritual (1Cor.14:15b). However, this book will enhance the composing and singing abilities of choir in our various churches. It will also help them to sight sing lots of great gospel songs and hymns with tonic sol-fa. Churches are advised to recommend this book for their choir. In conclusion, this book contains lots of practical works that are playable

with any other musical instrument, like saxophone, trumpet, piano, guitar, clarinet, flute, violin e.t.c. Therefore, parents are requested to encourage their children by buying them the book (The Recorder's Book for Easy Learning with great gospel songs & hymns' tonic sol-fa) and any musical instrument of their choice, apart from the recorder which the book centers on. This will indeed help them to showcase their God-given talents.

 The present Reader is a
 selection of texts on
 South African music which
 are chosen not only for
 their importance or the
 frequency of citations, but
 with the express purpose
 of providing the reader
 with a deep
 understanding of the
 music itself.
 Consequently, there are
 readings that are chosen
 because they have been
 influential, but there are

also many which, though
 published, have not
 enjoyed very wide
 circulation. There are
 those which are of
 obvious historic interest,
 and others which speak to
 contemporary issues.
 Among other things, the
 volume provides an
 excellent sense of the
 varying ideologies and
 approaches that
 determine the relationship
 between author and
 subject. The reader is
 indispensable to scholars
 and enthusiasts of South
 African music and it is of
 great interest to

ethnomusicologists more generally. It is also an excellent resource for those who do not have immediate access to harder-to-find articles, and is perhaps most vital to those who are looking to find a way into the world of South African music.

Singing for Schools and Congregations Ashgate

Publishing, Ltd.

Studying the role of music within religious congregations has become an increasingly complex exercise. The significant variations in

musical style and content between different congregations require an interdisciplinary methodology that enables an accurate analysis, while also allowing for nuance in interpretation. This book is the first to help scholars think through the complexities of interdisciplinary research on congregational music-making by critically examining the theories and methods used by leading scholars in the field. An international and interdisciplinary panel of

contributors introduces readers to a variety of research methodologies within the emerging field of congregational music studies. Utilizing insights from fields such as communications studies, ethnomusicology, history, liturgical studies, popular music studies, religious studies, and theology, it examines and models methodologies and theoretical perspectives that are grounded in each of these disciplines. In addition, this volume presents several “key issues” to ground these

interpretive frameworks in the context of congregational music studies. These include topics like diaspora, ethics, gender, and migration. This book is a new milestone in the study of music amongst congregations, detailing the very latest in best academic practice. As such, it will be of great use to scholars of religious studies, music, and theology, as well as anyone engaging in ethnomusicological studies more generally. *The World of South*

Inspired by the #1 hit worship song by Chris Tomlin, this precious story teaches children about our Father God's unconditional love and acceptance and that the only gift God wants is our hearts. Grammy Award-winning music artist, Chris Tomlin, and Pat Barrett (Housefires) team up to tell the story of a little bear named Tucker whose life is forever changed when he learns just how great the King's love is for him. When Tucker's

friends need help, he journeys to see the King who lives in a castle where the door is always open. Along the way, Tucker encounters a variety of humorous animals filled with ideas about what the King is like. Then finally, he meets the King who runs to him with open arms. This read-aloud storybook for 4- to 8-year-olds: Shows young children the character of God through a fun adventure story Teaches that God loves His children no matter what Encourages kids to

have a relationship with their Heavenly Father and to ask for His help in prayer Sparks family discussions about who God is Makes a calming bedtime read with its warm message of God's caring heart With whimsical art created by Lorna Hussey, this inspiring story will leave children, young and old, reassured that God is a good, good Father, and they are loved by Him. A Reader Alpha Edition A collection of cross-denominational hymns spanning several

centuries, emphasizing original texts and verses.
