The End of Ownership University of Nevada Press

This is the story behind the most dramatic World Series of Poker ever and its lasting effects, told by the players, the TV execs, the tournament directors, techs, writers, and the 2003 WSOP champ himself, Chris MoneyMaker. MoneyMaker, an amateur poker player with a name too good to be true, defied the odds to win the 2003 WSOP main event, just as the twin inventions of online poker and the hole-card camera simultaneously arrived to revolutionize a game long-relegated to smoky bars and living rooms. More than a decade later, with the online-poker world in an ongoing state of flux, the "MoneyMaker effect" continues to reverberate while the recollections and insights of the more than 30 eye-witness contributors remain as relevant and insightful as ever, whether you're a player yourself or simply interested in a great real-life narrative.

The Economics of Sports Betting Createspace Independent Publishing Platform

Few people manage to make money from gambling, and fewer still make a living from it. Written for hardened and novice betters alike, Joseph Buchdahl's essential guide examines, through various numerical techniques, how fixed odds punters may learn to beat the bookmaker, protect profits through a sensible approach to risk management, and turn high-risk gambling into a form of low-risk investment.

Hold'em Poker McGraw Hill Professional

In 1950 Las Vegas saw a million tourists. In 1960 it attracted ten million. The city entered the fifties as a regional destination where prosperous postwar Americans could enjoy vices largely forbidden elsewhere, and it emerged in the sixties as a national hotspot, the glitzy resort city that lights up the American West today. Becoming America's Playground chronicles the vice and the toil that gave Las Vegas its worldwide reputation in those transformative years. Las Vegas's rise was no happy accident. After World War II, vacationing Americans traveled the country in record numbers, making tourism a top industry in such states as California and Florida. The Las Vegas Chamber of Commerce saw its chance and developed a plan to capitalize on the town's burgeoning reputation for leisure. Las Vegas pinned its hopes for the future on Americans' need for escape. Transforming a vice city financed largely by the mob into a family vacation spot was not easy. Hotel and casino publicists closely monitored media representations of the city and took every opportunity to stage images of good, clean fun for the public—posing even the atomic bomb tests conducted just miles away as an attraction. The racism and sexism common in the rest of the nation in the era prevailed in Las Vegas too. The wild success of Frank Sinatra's Rat Pack performances at the Sands Hotel in 1960 demonstrated the city's slow progress toward equality. Women couldn't work as dealers in Las Vegas until the 1970s, yet they found more opportunities for well-paying jobs there than many American women could find elsewhere. Gragg shows how a place like the Las Vegas Strip—with its glitz and vast wealth and its wildly public consumption of vice—rose to prominence in the 1950s, a decade of Cold War anxiety and civil rights conflict. Becoming America's Playground brings this pivotal decade in Las Vegas into sharp focus for the first time.

How to Win Millions Playing Slot Machines! Asian Racing Federation

This unique book delves into a number of intriguing issues and addresses several pertinent questions including, should gambling markets be privatized? Is the 'hot hand' hypothesis real or a myth? Are the 'many' smarter than the 'few' in estimating betting odds? How are prices set in fixed odds betting markets? The book also explores the informational efficiency of betting markets and the prevalence of corruption and illegal betting in sports.

The Men Beyond the Stones: Stonehenge: Klickitat's Wwi Memorial John Wiley & Sons

"To buy when others are despondently selling and to sell when others are avidly buying requires the greatest fortitude and pays the greatest ultimate rewards."—Sir John Templeton Called the "greatest stock picker of the century" by Money magazine, legendary fund manager Sir John Templeton is revered as one of the world's premiere value investors, widely known for pioneering global investing and out-performing the stock market over a five-decade span. Investing the Templeton Way provides a never-before-seen glimpse into Sir John's timeless principles and methods. Beginning with a review of the methods behind Sir John's proven investment selection process, Investing the Templeton Way provides historical examples of his most successful trades and explains how today's investors can apply Sir John's winning approaches to their own portfolios. Detailing his most well-known principle investing at the point of maximum pessimism—this book outlines the techniques Sir John has used throughout his career to identify such points and capitalize on them. Among the lessons to be learned: Discover how to keep a cool head when other investors overreact to bad news Become a bargain stock hunter like Sir John—buy the stocks emotional sellers wish to unload and sell them what they are desperate to buy Search worldwide to expand your bargain inventory Protect your portfolio from yourself through diversification Rely on quantitative versus qualitative reasoning when it comes to selecting stocks Adopt a virtuous investment strategy that will endure in all market conditions

If you're currently an engineer and have been offered a management job at a startup, this book is for you! If you're an engineer wondering what your manager is supposed to do for you, this book is for you as well! Drawing from the author's experience as an engineer and manager, this book explains: When to consider doing management work. How to put together a team. What to consider when interacting with engineers. How to hire top engineers for your startup. How to pick engineering leaders. How to define processes and a process cookbook. When you don't need a process. How to report to your managers. How compensation systems and promotion systems work, and when they fail. Foreword by Harper Reed. This kind of books are nowhere to be found...as an engineer probing in the dark for "what's next!" I have looked very hard for career guidance for the past few years, and yours are the only books to give enlightenment. --- Cindy Zhou Whether experienced or aspiring, this book will be a great manual to help understand and be successful at this mysterious craft. --- Harper Reed, from the Foreword.

Las Vegas in the 1950s Gambling TechnologyThe Logic Of Sports BettingHow do sportsbooks make their lines? Which types of bets are the best? Can you beat the house? The Logic Of Sports

Betting answers all these questions and more with a dash of humor and a whole lot of real talk about how it all works. Peek behind the counter and learn how sportsbooks operate. Combine that insider knowledge with why-didn't-I-think-of-that sports betting logic, and you have the winning formula. Ed Miller is a best-selling (over 300,000 copies sold) author of books on poker and gambling. This is his first book on sports betting, but maybe his favorite book to write so far. Matthew Davidow is a sports modeler, using proprietary methods to beat major sports betting markets for over 15 years, and co-founding two leading private sports analytics firms along the way. What people are saying about The Logic Of Sports Betting "Matt and Ed are two of the smartest minds in sports betting." - Rufus Peabody, professional sports bettor "As a sportsbook employee for 30-plus years, I find it difficult to read or watch anything about sports betting. But I could not put The Logic Of Sports Betting down. It's that good." - Robert Walker, Las Vegas bookmakerThe MoneyMaker EffectThe Inside Story of the Tournament That Forever Changed Poker

Advice on betting sports for beginners to experts.

The Inside Story of the Tournament That Forever Changed Poker McGraw Hill Professional Software development is a complex craft requiring many steps in its road to completion. In particular, achieving the best context-dependent ratio between cost and quality can only be achieved through an adequate testing strategy. "Integration Testing from the Trenches" covers through different areas of testing and integration tests in both Java & JavaEE ecosystems: Definitions of relevant terms around testing and integration testing Basic testing tools usable for testing Build tools usage for integration testing, including recipes for Maven and Gradle Mocks, stubs and fakes, in particular in regard to infrastructure resources such as databases, mail and FTP servers, web services In-container testing for the Spring and Spring MVC applications In-container testing for JavaEE application This book is intended for software developers that want to go beyond just unit-testing and test the collaboration of their classes and modules in an efficient way. At some point in time, available tools were restricted to Jakarta Cactus for Struts. However, the thriving Open Source ecosystem can now provide everything we need to provide proper integration tests, as well as ways to use them with the greatest possible Return Over Investment.

What Every Sports Attorney Needs to Know Artpower International

This report investigates how Australians are using interactive gambling services and the impact of such online gambling on non-online gambling and gambling related problems. Interactive gambling is a joint term capturing gaming and wagering on the Internet. A research study was conducted over three years and included a nationally representative telephone survey of 15,006 people, an online survey of 4,594 gamblers, interviews with 81 interactive gamblers, and data from gambling help services. This study provides a baseline of who, what, when, why and how people gamble, using interactive technology in Australia.

Investing the Templeton Way: The Market-Beating Strategies of Value Investing's Legendary Bargain Hunter MIT Press

2016 Book of the Year award winner by the Institute for Financial Literacy "Set it and forget it" investing, with less risk and higher returns Get Rich with Dividends is the bestselling dividend-investing book that shows investors how to achieve double-digit returns using a time-tested conservative strategy. Written by a nineteen-year veteran of the equity markets, this invaluable guide shows you how to set up your investments for minimal maintenance and higher returns, so you can accumulate wealth while you focus on the things that matter. Using the author's proprietary 10-11-12 system, you'll learn how to generate the income you need on a quarterly or even monthly basis. You'll discover the keys to identifying stocks that will return twelve percent or more every year, and how to structure your investments for greater security and financial well being. This method is so easy to use, you'll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade. Dividends are responsible for 44 percent of the S&P 500's returns over the last eighty years. They represent an excellent opportunity today, especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow. This book describes a framework that allows investors to reap higher returns with a low-to-no maintenance plan. Set up an investment system that requires little to no maintenance Achieve double-digit average annualized returns over the long term Focus on other things while your money works for you Increase returns even with below-average growth in share price Market risk is high and interest rates are low, making it a perfect time to get started on a more sensible wealth generation strategy. With expert guidance toward finding and investing in these unique but conservative and proven stocks, Get Rich with Dividends is the only book on dividend investing you'll ever need.

Standing as a silent sentry above the Columbia River, Maryhill's Stonehenge serves as a memorial for the 14 brave young men from Klickitat County, who served and died during World War I. More than just names and basic information, this book details their service and sacrifice. Included is a short biography of the visionary behind Stonehenge, Samuel Hill. Also included is a soldier from the community who was inadvertently overlooked during construction.

...Or Lose Trying Rowman & Littlefield

I have worked with Kyra for a number of years and love how she has taken the tragedy of losing her 4 1/2-month-old baby boy towards empowering others to live a goal-inspired lifestyle of positive

thinking and good health. Her passion for her purpose of making a difference in this world shines through with authenticity in this motivational piece of work. What a gift she has given us! I look forward to seeing what's next. --Dr. Josh Axe, Author of bestseller Eat Dirt, owner of the #1 wellness website in the country, doctor of natural medicine and clinical nutritionist Kyra puts love into action in such a powerful way, reminding us, no matter the circumstances, to keep pushing forward. She is such a beacon of light. --Robyn McCord O'Brien, The "Erin Brockovich" of foods, bestselling author of The Unhealthy Truth, public speaker Sometimes the greatest gifts we receive in life come in our toughest times, but our motivations for life-changing improvement can seem difficult, if not impossible, to tap into when we're struggling. We lose hope. 8 Ways of Being is for anyone who is ready to take a gigantic step out of the deepest abyss or even a slight rut. It is for anyone who wants to have a positive mindset as they live their daily lives. This book motivates you to surround yourself with positive thoughts and influences from love and kindness, self-development for living a healthy lifestyle to establishing and accomplishing goals. The author, Kyra Oliver, shares a bit of her personal story of when she received a phone call that her son was not breathing. The tragic loss of her 4 1/2-month-old baby drove her to write this book so that she could tell others how to get to the other side-a life of happiness and freedom. She shares tactics and exercises to help encourage and foster the development of a positive mindset. This book will change your life in ways you never imagined, helping you handle life with positivity and confidence. Kyra is a wellness educator combining fitness, food, and positive mindset to create a lifestyle that feels good(TM). She is a marathoner, ultrarunner, triathlete, and fitness and wellness coach. She started a non-profit organization (hayesfoundation.org) honoring her son. She is a creative professional, entrepreneur, public speaker.

How Boomers Made the World's Biggest Casino for Millennials Independently Published

The Chinese are known throughout the world as avid gamblers with a long history of participation in games of chance. Historians have documented wagering on such games as far back as the early Chinese dynasties. Despite measures by ancient Chinese rulers to contain gambling, it proliferated, and Chinese games have evolved and multiplied since then. Desmond Lam provides a unique look into the little-known world of Chinese gambling from historical, cultural, psychological, and social perspectives. Chinese gamblers regularly patronize casinos in the United States, Canada, and Australia. The recent expansion of gambling in East Asia has attracted much global media attention. Macau, the only place in China where casino gambling is now legal, easily surpasses Las Vegas as

the world's largest casino gaming market. Each year, Chinese from mainland China, Hong Kong, and Taiwan account for almost 90 percent of visitors to Macau. The expansion of the Chinese gambling industry has brought about much harm to Chinese communities, despite all of the development it has also stimulated. This book is the first to examine the beliefs, motivations, attitudes, and behaviors of Chinese gamblers, and will be of interest to students of history and sociology, as well as those studying the history and culture of China.

Top 100 Resorts takes you through 100 enchanting places around the world.

The Moneymaker Effect Monsieur Nicolas Frankel

A Tea Reader contains a selection of stories that cover the spectrum of life. This anthology shares the ways that tea has changed lives through personal, intimate stories. Read of deep family moments, conquered heartbreak, and peace found in the face of loss. A Tea Reader includes stories from all types of tea people: people brought up in the tea tradition, those newly discovering it, classic writings from long-ago tea lovers and those making tea a career. Together these tales create a new image of a tea drinker. They show that tea is not simply something you drink, but it also provides quiet moments for making important decisions, a catalyst for conversation, and the energy we sometimes need to operate in our lives. The stories found in A Tea Reader cover the spectrum of life, such as the development of new friendships, beginning new careers, taking dream journeys, and essentially sharing the deep moments of life with friends and families. Whether you are a tea lover or not, here you will discover stories that speak to you and inspire you. Sit down, grab a cup, and read on.

Routledge

Is must reading for anyone planning to play hold 'em. It was the first definitive work on hold'em poker and was originally published in 1976. Yet it is still one of the best-selling poker books available, and in 1997 it was expanded and updated to account for today's modern double blind structure. The text is designed for someone relatively new to the game, but it still contains much sophisticated material which all players should find beneficial. It is probably best known for the Sklansky Hand Rankings, which made the game much simpler to quantify and understand. Some of the topics include how Texas hold'em is played, the importance of position, the first two cards, the key flops, strategy before the flop, semibluffing, the free card, slowplaying, check raising, heads-up on fifth street, and how to read hands.
